Canadian League Contests All Over Circuit Again Delayed by Rain and Cold-Weather Is More Promising for Today.

The weatherman is still hitting about 1,000, the row of ciphers representing little drops of water that have been falling in this section of Ontario almost continually for the past thirty-six hours. It was impossible for London and Ottawa to stage a game at Tecumseh Park yesterday without the aid of diving suits, and not having enough of these uniforms to go around, Managers Reisling and Shaughnessy were forced to postpone their little differences until the surface of the diamond once again shoves itself up into the sunlight and sheds the miniature lake which buried it.

Wearing Out the Cushlons.

And all this time, the players of both teams have been impatiently lounging around the hotel wearing out the leather covering on the upholstered chairs, and trying to keep a cheerful and pleasant trying to keep a cheerful and pleasant look. About the only exercise they have had in the past two days is pitching to the cuspidors and running up and down in the elevator.

Still chills the atmosphere. The game starts at 3 o'clock to allow the teams to catch early trains. The Senators go to ottawa and London to Peterboro.

Local fans have been keenly disappointed because the teams have been prevented from playing. Ottawa is the team to beat, they figure, and with Beebe, Steiger and Hammond all in good shape they figure London could have taken at least two out of three from the Senators

Delay is Painful.

Both managers are fretting over the delay. The rain has cooled the atmosphere until it is decidedly uncomfortable to go out without an overcoat, and as a consequence both teams are in danger of having some of their players laid up with sore arms and stiff joints. The weather is exceptional for London at this time of the year. It is the first time in the history of the local club that such conditions have existed and the local owners will drop a bunch of coin as a result. The Ottawa club is the biggest drawing card in the league here and it is figured that nearly 2,000 people would have witnessed each of the first two games. Today the crowd should total up over 3,000 owing to the half-holiday.

BRITISH POLO TEAM IS STILL INCOMPLETE

[Canadian Press.] London, May 13 .- Another effort to inluce Walter S. Buckmaster to take over he responsibility for the polo team which s to go to the United States to compete for the international polo cup, was made today by Baron Wilborne. The attempt, however, was apparently futile, as it was announced after a conference that "the situation remains the same." The challenging team is incomplete,

owing to the decision yesterday of Major C. F. Hunter, the back, to withdraw from the combination on account of the illness

However, the London club has given him permission to play independent ball in Oklahoma, and if there is a chance of will come to the club next spring at any rate.

Too Good a Man to Let Go. Manning is only a youngster and is said to be six feet three inches in height, He only weighs 147 pounds, so that he is built along speed lines rather than muscular. He also possesses a great deal of strength and has a good throwing arm, besides being a good hitter and a fast outfielder. Manager Reisling has heard so many good reports of his playing that he would not hear of letting him go, and it may be that the London club will realize a nice little sum for him some day by just hanging on to him. Manning has no objections to coming to the I ondon club other than his position with the American Government is a good one end one that he would not like to gaer'fee in order to play pail.

court. Catcher Killifer, a member of the Phil-Catcher Killifer, a member of the Philadelphia National League club, signed a contract to play with the Chicago Federal League club and afterwards came back to the Philadelphia club. The Chicago club then proceeded and asked for an injunction against Killifer playing with the Philadelphia club, and this injunction was denied, the court ruling that the Federal League club had not come into court "with clean hands."

The appeal today asks that the injunction be granted. The appeal will probably not be taken up until the fall term of court.

Sailing of Moran for France Also Helps to Create Interest in Coming Match.

NEW YORK, May 12.—The sailing of Frank Moran for France marks the pass-ing of the preliminary stage in the arrangements for the heavyweight titular bout to be fought in Paris on June 27. Jack Johnson, as defender of the championship, has already begun a regular routine of training and Moran will follow suit as soon as he arrives upon the low suit as soon as he arrives upon the scene of the coming contest. Despite the fact that he is within 20 pounds of the weight at which he entered the ring against Jeffries he has elected to train fully two months for the meeting with Moran. Apparently Johnson expects a lengthy bout in which there will be resource to much footwork, for he gives as one of the principal reasons for his selection of Asnieres as a training camp the fact that the surrounding for his selection of Asimers arrounding roads are ideal for running and long walks. He has intimated that this department of his training will be one to which he will devote much attention.
