Whether they will affiliate themselves with the Wallaceburg Amateur Athletic Association remains yet to be decided. In the interests of the game, and to a large extent to the benefit of the team itself, it is hoped that they will come into the association, which has during the past two years done much to further sports amongst the younger players of the town readily in a big program carried through regardless of gain or loss.

The association is still eager to carry the lads through their winter program, and the officers to devote their time and energy to making the season, a bigger success than ever atil it is practically certain that without this coperation will find it hard to pull through and make ends meet.

By withdrawing the intermediate team for this season it will bring out some new blood for next season and will enable the Glass Town juniors to field a very strong combination, which will take a lot of beating this year.

"Frisco" Duncan left this morning to attend the O. R. F. U. meeting in Toronto with orders to enter a junior team but no intermediate team. He was informed by wire this morning to have the both teams entered. All the old players of last year are willing to take another crack at the game and the management is looking for over 20 pigskin chasers on Monday night. The executive thought it would be too costly to let the intermediates go without a real attempt, and Floyd Hale, Jack Kelley and "Con." Peat deserve much credit for the team's entrance. Petrolia will likely put out a strong team that wil give the rest of the teams a good battle.

Local Champs in the First Game of Play-Off Here.

Queen's Park or the Federal Square ill be the scene of the opening game of the first round of the Intermediate ship play-off Thursday of this week, when Woodstock will meet the Alerts, champions of the city and winners, of the Nash Trophy this year.

The return game of the home-and-nome series will be staged in Woodstock on Saturday. Alerts boast one of the strongest nines ever formed in this year. In the remoulded local league this summer practically every team was considerably strengthened when the number of entrants was lessened. Alerts, in clumbing to the top of the loop, achieved an envisible record, and disposed of teams that probably aused as much trouble as many they will meet in the immediate future.

Local supporters of Alerts—and they are legion—will turn out for the opening struggle, as well as softball enthusiasts, otherwise supporters of other local teams eliminated from the race. Alerts are out to grab off an opening win and get the edge on Woodstock. A following is counting on making the trip with the team to Woodstock Saturday, arrangements for which are now being made. ship play-off Thursday of this week

ber I, O. R. F. U. Meeting Decides

Canadian Press Despatch.

Toronto, Sept. 16.—The annual meetin of the Ontario Rugby Football Union was held here on Saturday afternoon. The reports of President John De, Gruchy and Secretary H. H. McKee showed that last season was one of the best, there being more teams than ever before and the large entry in the junior and interscholastic series was very gratifying.

The delegates from the various clubs reported that practically all of last year's teams would be back again, and already entries have been received from St. Thomas in the intermediate and junior series; London in the junior, and Dundas and De La Salle in the interscholastic series. It was decided that entries should close on Sept. 22, so that the season in the lower series will commence on the last Saturday of this month.

The changes in the playing series were chiefly in connection ith the junior and interscholastic series. All junior players must be under 21 years of age on September 1, 1923, and it was decided to adopt the A. A. U. of C. registration cand for junior players. All players on junior teams must be registered with the Ontario branch, and no player can compete in a game until his card is handed to the referee.

Considerable trouble was experienced last season in connection with interscholastic clubs being permitted to play players over the age limit of twenty years, and it was decided that in future the age limit be twenty years on Sept. 1 of the playing year, and no overage players be allowed. Interscholastic players must attend either day or night classes for ten hours a week.

The Ottawa City will again be a group of the O. R. F. U. on the understanding that the Ottawa winners come west for their first play off on a fifty-fifty split of the officers were elected as follows:

Monday night at 5 o'clock a full workout has been ordered for both squads, and everybody is requested to turn out in some sort of uniform so that there won't be any fear of spoiling clothes while the ground work, literally and actually, is being gone over.

As soon as possible the two squads, sunior, and intermediate, will be set in metion against each other, which should add some zest to the proceedings. Western U. will soon have its crew out and with several teams from the Central C.
