British Grain Markets Quiet—Local Trade Dull—Stocks Inactive—The List of Business Embarrassments.

THURSDAY EVENING, July 3.

The stock market this morning was dull and featureless, there being but four small transactions totaling 46 shares. Where changes in values were noted they were in the direction of weakness. Montreal, Toronto and Merchants' bank stocks each showed a decline of 1 point, and Commerce was ⅛ weaker. The only transaction in bank stocks was the placing of 20 shares Dominion at 231; miscellaneous stocks were steady and unchanged. Transactions included 20 shares of Dominion at 231, 5 British America at 108¼, 3 Northwest Land at 75¾, 8 Canada Landed Credit at 120.

St. Lawrence Market.

Business was unusually dull, scarcely a farmer's team being on the market. Eggs are in liberal supply at 14c. per dozen and a drop in price is expected to-morrow. Butter continues firm with inadequate supply at 17c to 18c for lb. rolls. Meats unchanged. Poultry is cheaper and more plentiful; chickens have dropped to 40c and 50c per pair; turkeys 10c per lb. Potatoes are steady at 80c to 85c a single bag, and 75c to 80c by the load. Garden vegetables are becoming more reasonable; new potatoes can be had at 45c per peck, green peas 25c to 30c, beans 75c per peck and cabbages 7c to 9c per head.

Local Grain and Produce.

FLOUR—The demand is slow and the market quiet with business confined to small lots for local consumption. While there is no quotable change in prices from $4.50 for straight roller and $4.20 for extras, the feeling is easy and holders would no doubt shade prices in order to put through a round lot.

GRAIN—The grain market continues dull and uninteresting. Prices are steady in sympathy with U.S. markets, but in the absence of any considerable business prices are nominal. Advices from abroad to-day were quiet with poor demand. We quote: No. 2 fall wheat, outside at 93c to 94c, and 97c to 98c on spot; spring 94c on spot and 92c to 93c on Midland. Manitoba hards are easier at $1.15 to $1.17. Barley is firmer owing to limited offerings and No. 3 brings 53c. Oats quiet at 41c on track and 38½c outside for mixed and 37c for white outside. Peas nominal at 61c outside. The demand for bran is weak at $10.50 for carloads outside, Toronto freights, and $12 here.

PROVISIONS—The demand for hams and bacon continues good and the market is active and firm at 8¾c to 9c for long clear bacon in small jobbing lots, with as low as 8½c for large lots; hams 12c to 12½c, rolls 9½c and bellies and backs 11c to 11½c. Pork is steady, and as the stock is light higher prices are looked for. Ruling prices to-day are $16 to $16.50 for mess and $16.75 for short cut. There is a fair demand for lard at 9½c to 9¼c. Tallow is steady at 5¼c to 5½c.

PRODUCE—The egg market is easier at 13c to 13½c. Receipts are liberal, but business is quiet on account of the limited demand and sales are principally in small lots to fill actual requirements. The butter market continues firm. The demand is large, and the movement being brisk, stocks are not accumulating to any extent. The tone is firm and there are no indications that present prices of 14c to 15c for choice tub and 12c to 14c for large rolls would be shaded. There are no new features in the cheese market. Trade is quiet and quotations are unchanged at 9c to 9½c, but the prospects are that prices will go lower in the near future. We hear of no large transactions being effected.

THE CARNIVAL DEMAND HAS ADVANCED the price of eggs and butter. Strictly fresh eggs brought 14 cents yesterday, and choice butter 13c to 16c. Berries and fruit are enquired for. Consignments of above solicited. We have for sale strictly fresh eggs, choice butter, in tubs, pails, crocks and rolls. Canadian and American lard, fine cheese, Fearman hams and bacon, also small lots of choice old potatoes, for which we solicit your order. J. F. Young & Co., Produce and Commission, 74 Front-street east, Toronto.

HIDES, ETC.—No. 1 green cows still command 6c, with 4c to 5c for secondary; cured are quoted at 6½c. Calfskins firm at 5c to 8c; lambskins firmer at 50c for best. Large quantities of wool are being marketed at 20c to 22c.

The Fruit Market.

The fruit market yesterday was fairly active and the supplies were large. Strawberries were in good demand, the quantity being first-class. Cherries are becoming more plentiful and gooseberries and melons are increasing in supply. The prices range as follows: Strawberries, 7c to 8c per box; cherries $1 to $1.20 per basket; peaches, $2 to $2.75 per case; watermelons, $30 per hundred; pineapples, $26 per hundred; tomatoes, $2 per crate; cucumbers, $1 to $1.50 per crate.

Foreign Grain Markets.

IN LIVERPOOL to-day wheat was quiet; demand poor at 7s 1d for spring, 6s 11 for red winter and 7s 0½d to 7s 1d for No. 1 Cal. Corn quiet; demand poor at 3s 6¾d, peas 5s 6½d, pork 54s 3d, lard 30s, bacon, long clear, heavy, 28s 6d, light 29s 6d, short clear 28s 6d, cheese 43s 6d.

THE PULSE OF TRADE.

Stocks of Breadstuffs—Strike Statistics—Bank Clearings.

NEW YORK, July 3.—Special telegrams to Bradstreet's indicate that the volume of general merchandise while large has decreased perceptibly, as is to be expected at this season, and the week, practically two days short, has further tended to restrict operations.

Iron and steel are steady and anthracite coal is really in better demand at improved prices. At the west hogs are in free movement to interior markets, and prices are weak and lower. Cattle are dull. Products barely hold their own as to prices. Wheat is up 1½c on less encouraging reports from abroad and a heavy decrease of domestic stocks. Corn and oats are fractionally higher. In California the outlook is for a heavy wheat crop. Our Melbourne cable states that wheat stocks in Australia and New Zealand, out of farmers' hands, July 1, equal 4,973,000 bushels against 2,391,000 bushels one year ago.

There were 84 strikes, involving 33,909 strikers, reported to Bradstreet's in June. For the six months there were 681 strikes involving 174,236 strikers, against 349 strikes, involving 93,258 strikers last year, and 436 strikes and 172,432 strikers in 1888.

Bank clearings for June at 51 cities showed a decrease of 13.6 per cent. from the May total, but they are 7.3 per cent. larger than in June, 1889. For the six months they show at 37 cities a gain of 9.2 over last year.

At this, the close of the crop year of 1889-'90, Bradstreet's reports point to 52,000,000 bushels of wheat carried over, against 37,000,000 bushels a year ago. Farmers' stocks are 7,000,000 bushels heavier than on July 1, 1889, and so-called available stocks 8,000,000 bushels. These totals point to the wheat crop of 1889 having been 470,000,000 bushels instead of 490,000,000 bushels. Stocks of Indian corn (available) carried over are 19,251,938 bushels, against 12,361,565 bushels a year ago. Stocks of oats are 7,287,424 bushels, against 7,470,989 bushels, of barley 637,255 bushels, against 454,167 bushels, and of rye 908,702 bushels, against 986,345 bushels. Stocks of wheat flour at leading points of manufacture and accumulation in first and second hands (exclusive of New York City) equal 1,429,378 barrels, against 1,317,800 barrels one year ago.

The Flour Market.

MINNEAPOLIS, July 3.—The Northwestern Miller says: The aggregate flour production of 12 mills last week was 83,833 bbls. A few firms are behind hand with orders and will run on the Fourth. The flour market is constantly improving. There is a very good domestic demand and the export orders received are encouraging. The export shipments for the week were 25,375 bbls. Patents for export are in good demand and one firm reports a sale of 2500 sacks of 280 pounds at a price equal to $5.25 at Boston, an advance of 15 cents over bidding figures. In bakers for export an advance of 6d is noted.

NOTICE

WEIGHTS AND MEASURES

Traders, Manufacturers and Owners of Weights, Measures and Weighing Machines generally are specially requested to read carefully the following instructions and act accordingly:

1. The Weights and Measures Act provides for a regular biennial inspection of all Weights and Measures used for trade purposes, as well as for irregular inspections of the same, which may be made at any time when deemed necessary by the inspector, and it also imposes a heavy penalty on any trader or other person who wilfully obstructs or impedes an inspector or assistant inspector in the performance of his duty under said Act, or who refuses to produce the whole of his weights and measures for inspection when called upon to do so by an inspecting officer.

2. Every Trader, Manufacturer and Owner of Weights, Measures and Weighing Machines when paying moneys to Inspectors or Assistant Inspectors of Weights and Measures for verification fees is entitled to, and is specially requested to, demand from the officer who makes the inspection an official certificate ("Form O. 6" with the words "Original for the Trader" printed at the head thereof) properly filled out and stamped, and also at the same time to carefully ascertain whether or not the stamps attached to such certificate represent exactly the value the amount of cash paid. Traders are requested to bear in mind that certificates of verification are of no value whatever unless stamps covering the full amount of fees charged are attached.

3. Owners and holders of these official certificates are specially requested to keep them carefully for two years, and in order to secure their safe keeping it would be advisable to placard them in their places of business in the manner in which ordinary license certificates are done, for it must be distinctly understood that all traders who are unable to produce their properly stamped certificates when asked to do so by an inspector or assistant inspector may, in all probability, have to pay over again their verification fees.

E. MIALL, Commissioner.

NOTICE.

Take notice that the Council of the Corporation of the City of Toronto intend to pass bylaws in pursuance of "The Municipal Act," for levying a frontage rate to pay for the construction of the following local improvement works, viz:

Cedar Block Pavements on:

1. Grant-street, from Queen-street to its northern terminus.
2. Howland-avenue, from Wells-street to the C. P. Railway tracks.

A Wooden Sidewalk on:

3. Howland-avenue (both sides), from Wells-street to the C. P. Railway tracks.

And that a statement showing the lands liable to pay the said rates, and the names of the owners thereof, as far as they can be ascertained from the last revised Assessment Roll, is now filed in the office of the City Clerk, and is open for inspection during office hours.

The following schedule shows the estimated cost of each of the said proposed works, the amount thereof to be provided out of the general funds of the Municipality, and the amount to be charged in each case as a special assessment upon the lands immediately benefited:

LOCATION OF THE WORK.	Total Cost.	City's Share.	Special Assess'm't.
Cedar Block Pavements:			
1. Grant-street	$2448	$[illegible]	$[illegible]
2. Howland-avenue	4480	640	[illegible]
Wooden Sidewalk:			
3. Howland-avenue	650	105	545

And further, that unless in each of the above cases respectively, the majority of the owners of the lands liable to pay the said rate, representing at least one-half in value thereof, petition the said Council against such assessment within one month after the last publication of this notice, which will be on the 4th day of July, A.D. 1890, the said bylaws will be passed.

A Court of Revision will be held at the City Hall on the 14th day of July, A.D. 1890, at 2 o'clock p.m., for the purpose of hearing complaints against the proposed assessments, or accuracy of the frontage measurements, or any other complaints which persons interested may desire to make, and which are by law cognizable by the court.

JOHN BLEVINS,
CITY CLERK'S OFFICE, City Clerk.
Toronto, June 27, 1890. 55

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wiarton Works," will be received at this office until Tuesday, the 8th day of July next, inclusively, for the construction of an extension to the Breakwater at Wiarton, Bruce County, Ontario, according to a plan and specification to be seen on application to Mr. David Dinsmore, Postmaster, Wiarton, and at the Department of Public Works, Ottawa.

Tenders will not be considered unless made on the form supplied and signed with the actual signature of tenderers.

An accepted bank cheque, payable to the order of the Minister of Public Works, equal to five per cent. of amount of tender, must accompany each tender. By order, A. GOBEIL, Secretary.
Department of Public Works, Ottawa, June 23, 1890.

GRATEFUL—COMFORTING
EPPS'S COCOA
BREAKFAST
"By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Epps has provided our breakfast tables with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure blood and a properly nourished frame."—Civil Service Gazette.
