It is Nature's Remedy.

It is Nature's Remedy. It is Nature's Remedy. The master triumph of this great science which we offer to the alling and afflicted is the Owen Electric Body Battery, invented and patented by Dr. A. Owen of Chicago, who is recognized as one of the ablest electricians on the continent, and whose Electric Belt has no equal in this or any other country. It gives a continuous cur-rent of electricity, which can be regulated both in quantity and intensity, and applied to any part of the body. It can be worn at any time, during working hours or sleep. Any person of ordinary intelligence can, with this body battery, suc-cessfully treat all chronic and many acute com-plaints. Any sluggish organ may by this means be roused to a healthy activity, thus checking disease before it gains a firm hold on the system. Beware of Imitations.
