FINANCE AND TRADE.

Speculators in wheat, as well as exporters, appeared to be rather sanguine yesterday regarding the market. There was no encouragement from Britain, while the American markets were unusually heavy in consequence of late arrivals of wheat shipments.

The last statement showing the condition of the United States treasury places the amount of gold at \$70,000,000, or \$10,000,000 more than the previous day. This large increase is due to proceeds of new loan, and comes from the New York banks.

A large number of people attending the sale yesterday of the Rose Publishing Company in Montreal were disappointed. The sale showed a varied stock in mostly light literature. Bidding was fast and sales ranged from 60 to 70 per cent.

Mr. W. C. Bond of James Carruthers & Co. has returned from New York, where he had been on business for several days. "The impression down here seems to be," said Mr. B., "that spring wheat is very scarce and will run much higher than winter wheat."

The following are given as real reasons by a New York house why an advance in securities may be expected before a great while:

As things go in Wall-street \$20,000,000 is not a large sum. The banks of New York hold deposits of nearly 27 times that amount and they have over five times \$20,000,000 in excess of the required reserve. But the times are very rare when so much credit can be done in any one country with properties that amount of money.

At present prices the Atchafalpa would cost a little over \$6,000,000, or \$1,000,000 more than the price of the property, which can be acquired for say, \$7,000,000, less than \$2,000,000 would take in Cotton Oil. Facilitate all countries.

COMMITTEE ON WORKS

Has No Use for a Gratification Committee... Ald. Hewitt made another effort at the Board of Works yesterday to get a gratification committee appointed.

Ald. Bates, who was gorged with a huge blue ribbon badge, thought it would be a grand scheme to get water in large quantities.

Ald. Hewitt said he had a majority list in favor of the canal scheme had it not been that some of the members were bought off.

As the majority of the committee was against a special committee Ald. Hewitt withdrew his motion.

Contractor McKenna was awarded the contract for the paving of College-street last year and afterwards threw up his contract, writing the city to refund him his \$100 forfeit.

City Solicitor Caswell wrote that he could see no objection to the Toronto Railway Company extending the service along Gerrard-street from Eppa-avenue to Leslie-street on the present roadbed, and that no mileage be charged, providing an agreement is signed that is satisfactory to the city.

The \$50,000 canal promoter bobbed up again, but on a wide the committee refused to have anything to do with either him or his scheme.

The Engineer's report as published yesterday, Ald. Lamb (chairman), Murray, Crane, Sheppard, Macdonald, Bates, Allan, Gowanlock, Hewitt and Thompson were present.

Treasury County yesterday afternoon received a cheque from the Toronto Railway Company for \$5481 in payment of the city's share of the earnings of the company for January. The city received \$4881 for the corresponding month last year.

The voters' lists will be ready for distribution to-day. Parks and Gardens Committee will meet on Friday to consider the estimates for 1894.

Surreyor Sankey's list of streets that should be removed or be printed and sent to the council.

City Engineer has returned to the city and will see the city engineer to the old method of hiring horses.

The Engineer has figured the cost of a high level bridge at the Don at \$250,000. Mayor Kennedy has called a public meeting for Friday evening, the 10th, in St. Andrew's Hall, for the purpose of discussing the cost means of dealing with the unemployed of the city, so as to furnish them relief.

50 Car Tickets For a Dollar. Yesterday the Winnipeg Street Railway Company reduced the rates on their cars to 12 tickets for 25c and 50 tickets for \$1. Good business the past year is the reason given for the reduction.

In Victoria, B.C., a new order has been issued by the street management that while there is room in the interior of the car no person is to be allowed to stand on the rear platform or conductors carrying out this regulation are promised two weeks' vacation, without salary.

"Beauty and the Beast" at Chester. The Social Guild of St. Barnabas Church, Chester, held a very successful concert last night in Dunforth Hall, Dunforth-avenue. A drama, "Beauty and the Beast" comprised a portion of the program. Great credit is due to the young people who took part. The drama, "Beauty and the Beast" was a beautiful and especially well. The Queen-street Methodist Church orchestra furnished excellent music.

The City Was Another Shift. The city still keeps up a winning game at the Amuse Court. Gardner John Tizzart owns No. 13, 15 and 17 Dufferin-street and he brought suit against the city yesterday for \$2000. He says that in March last a box drain near his premises became choked and the water overflowed, and his property and the value of the land. The case was dismissed.
