CURES FOR THE UNCURED.

Holloway's Ointment.

AN EXTRAORDINARY CURE OF SCROFULA OR KING'S EVIL.

Extract of a Letter from Mr. J. H. Alliday, 209, High Street, Cheltenham dated the 22nd of January, 1850.

To Professor HOLLOWAY.

SIR,—My eldest son, when about three years of age, was afflicted with a Glandular swelling in the neck, which after a short time broke out into an Ulcer. An eminent medical man pronounced it as a very bad case of Scrofula, and prescribed for a considerable time without effect. The disease then for four years went on gradually increasing in virulence, when besides the ulcer in the neck, another formed below the left knee, and a third under the eye, besides seven others on the left arm with a tumour between the eyes, which was expected to break. During the whole of the time my suffering boy had received the constant advice of the most celebrated medical Gentlemen at Cheltenham, besides being for several months at the General Hospital, where one of the surgeons said that he would amputate the left arm, but that the blood was so impure, that if that limb were taken off it would be then even impossible to subdue the disease. In this desperate state I determined to give your Pills and Ointment a trial, and after two months perseverance in their use, the tumor gradually began to disappear, and the discharge from all the ulcers perceptibly decreased, and at the expiration of eight months they were perfectly healed and the boy thoroughly restored to the blessings of health, to the astonishment of a large circle of acquaintances, who could testify to the truth of this miraculous case. Three years have now elapsed without any recurrence of the malady, and this boy is now, as healthy as heart can wish. Under these circumstances I consider that I should be truly ungrateful were I not to make you acquainted with this wonderful cure effected by your medicines after every other means had failed,

(Signed) J. H. ALLIDAY.

CURE OF ACUTE RHEUMATISM OF FOUR YEARS' STANDING.

Extract of a Letter from Mr John Pitt, Dudley, 19th Jan., 1850.

To professor HOLLOWAY

SIR,—It is with the greatest pleasure that I write to thank you for the benefit I have received from your Pills and Ointment, which have completely cured me of the Rheumatism, under which I suffered for this last four years at times I was so bad as hardly to be able to walk. I had tried every kind of Medicine that was recommended without receiving any benefit. I at last thought I would give your medicines a trial, and purchased from Mr. Hollin, Chemist, of this Town, two Boxes of Pills, and two of Ointment, and in three weeks, through them and the Blessing of God, I was restored to health and am now as well able to walk as ever I was in my life. I am well known in this parish, having been sixty-five years in it, with an exception of ten years I served in the 24th Regiment of Foot,

(Signed) JOHN PITT.

CURE OF A BAD LEG OF SIXTY YEARS' STANDING.

Mr. Barker, of No. 5, Graham' Place, Drypool near Hull, had ulcers on his leg from the age of eighteen until upwards of eighty, and although for many years he had sought the first advice, in the country, nothing was found to cure them.—He very often suffered most excruciating pain for long periods together, which incapacitated him from attending to his business. He had given up all hopes of getting a cure, when at last he was persuaded to try Holloway's Pills and Ointment, which he did, and however wonderful it may appear, the leg was thoroughly healed by their means, and by continuing to use the Pills alone after his leg was well, he has become in health so hale and hearty as now to be more active than most men of fifty.

N.B.—The truth of this extraordinary statement can be vouched for by Mr. J. C. Reinhardt, 22 Market Place Hull. February 20th, 1850.

CURE OF A DESPERATE CASE OF RINGWORM OF SIX YEARS' STANDING.

Lima, 13th of November, 1849.

One of the most eminent Surgeons in Lima (the Capital of Peru) had a child covered with Ringworm for more than 6 years; in vain he exhausted all his art in his endeavours to effect a cure. Not succeeding, he consulted among his brethren, the most celebrated medical practitioners of the City, but nothing was found to do the child service.—When he was persuaded by Mr. Joseph P. Hague the English Chemist and Druggist, residing at No. 74, Calle de Palacio, to try Holloway's Pills and Ointment, which was done, and after using six large Pots of the Ointment, with a proportion of the Pills, the child was radically cured, to the surprise of the whole medical profession. The name of the parent, from motives of delicacy, is withheld.

The Pil's should be used conjointly with the Ointment in most of the following cases:—

Bad Legs Bad Breasts, Burns, Bunions, Bite of Muschetoes, and Sand Flies, Fistulas Coco-Bay, Gout, Glandular Swellings, Lumbago, Piles, Rheumatism, Scalds, Sore nipples, Chiego-foot, Chilblains, Chapped hands, Corns (soft), Cancers, Contracted & Stiff-joints, Elephantiasis Sore throats, Skin diseases, Scurvy, Sore heads, Tumours, Ulcers, wounds, Yaws,

Sold by the Proprietor, 244, Strand, (near Temple Bar) London, and by all respectable Vendors of Patent Medicines throughout the Civilized World, in Pots and Boxes, at 1s. 1 1-2d., 4s. 6d., 11s., 22s., and 33s. each. There is a very considerable saving in taking the larger sizes.

N.B.—Directions for the guidance of Patients are affixed to each Pot or Box.

GREAT AGRICULTURAL WORK!

THE FARMER'S GUIDE TO
Scientific and Practical Agriculture.
BY HENRY STEPHENS, F.R.S.E.,
Author of the "Book of the Farm," Editor of the "Quarterly Journal of Agriculture,"
&c., &c.,
Assisted by
JOHN P. NORTON, A. M.,
Professor of Scientific Agriculture in Yale College, New Haven, Author of Agricultural Prize Essays, &c., &c.

This highly valuable work will comprise two large royal octavo volumes, containing over 1400 pages, 18 or 20 splendid steel engravings, and more than 600 engravings on wood, in the highest style of the art, illustrating almost every implement of husbandry now in use by the best farmers, the best methods of ploughing, planting, haying, harvesting, &c., &c., the various domestic animals in their highest perfection; in short, the pictorial feature of the book is unique, and will render it of incalculable value to the student of agriculture.

This great work is the joint production of two of the most talented agricultural scholars of the day; the one eminent as an author and editor in Great Britain, and the other as a Professor in Yale College. Both are eminently practical as well as scientific men, and all they say may be relied on as the result of profound research, tested and sustained by practical experiment. The contributions of Professor Norton are chiefly designed to adapt the British portion of the book to this country, and thus to make it an Anglo American work, giving to its readers all the really useful agricultural knowledge at present attainable in either country.

The work is divided into four departments, distinguished by the four seasons of the year, commencing with Winter, and Prof. Norton's notes will be published as an appendix to each part. The first chapter treats of the following subjects, under the head of

INITIATION

On the best of the existing Methods for acquiring a thorough knowledge of Practical Husbandry.

On the Difficulties to be encountered in learning Practical Husbandry, and on the Means of overcoming them.

On the Different kinds of Farming.

On the Persons required to Conduct and Execute the Labor of the Farm.

On the Branches of Science most applicable to Agriculture.

On the Institutions of Education best suited to Agricultural Science.

On the evils attending the neglect of Landowners and others to learn practical Agriculture.

On observing the details and recording the facts of Farming by the Agricultural Student.

Terms of the Work—The American edition, the first number of which is already issued, will be published in semi monthlies of 64 pages with an English steel engraving in each number, of which there will be about 22 in all. PRICE, 25 CENTS PER NUMBER.
