## HAY MAKING MADE EASIER BY USING

## WILSON'S HAY LOADER

Manufactured by M. WILSON & CO., Hamilton, Ont.

ONE OF MANY TESTIMONIALS

"RIVERSIDE," WOODBURN, Ont. 28th, 1888.

MESSRS. M. WILSON & Co., Hamilton.

DEAR SIR:—We used your Hay Loader during the entire season while haying lasted, and were well pleased with it—so much so that the work hands were unwilling to draw in hay without using it, even in limited quantities. There is no surer evidence that an implement does its work well than to find the work hands anxious to use it. We consider it a great saving in time and work when hay is loaded in this way. By cutting but a limited portion at once, and using the Tedder and Hay Loader judiciously, hay can be fairly well saved almost any season. We would not think of doing without either of these implements in future.

Yours, etc.,

THOS. SHAW, Professor of Agriculture, Agricultural College, Guelph.

# FREE
