fine. French is firm, Normandy maintaining the rise at 120s, for fresh Paris baskets, and 104s, for salted best, while Saumur has gone 8s. higher to 104s., 100s., 96s., and 92s.; fresh rolls, 15s., 13s. 6d., 12s. 6d., and 10s. 6d. Dutch is steady and occasionnally 2s. better, with dairies at 96s. to 100s., and factories 100s to 104s. Russian and Finnish were unquoted, the market being unsettled and irregular. The sales of English cheese spoken of have bear too trifling to alter prices, wh stand at the same level as previous, y and it will be quite another week before any movements in the article are in full swing.

#### Bacon and Hams.

London, FRIDAY .- Bacon is steady, with prices 1s. to 2s. better, due to improved buyings and the influence of reduced killings. Irish, lean sizeable, 52s. to 56s., stout sizeable, 46s. to 51s. Danish, lean, No. 1, 51s to 56s.; No.2, 48s. to 50e.; No. 3, 45s. to 48s. Cana dian, lean sizeable, 37s. to 40s., fat and stout, 34s. to 36s. Hams.-Offerings of American include light shortcuts at 46s. to 49s., for which there is a fair demand and only a limited supply, while long-cuts offer at 44s. to 48s. for light and 42s to 44s. for heavy Irish are unchanged but, with pigs dearer, tend against buyers-small. 78s. to 84s.; heavy to medium, 68s. to 72s.; specials brands, 86s. to 104s.

### "The Best and Purest Syrup in the World" AT HALF PRICE

4. Stovenson's Puro White Syrup " (made from granulated Sugar) can be made by any person for 46 cents per gallon, and is so zure and clear, that when put in a white glass bottle can be seen through as plainly as if bottle was empty. I defy any person to purchase in a first class Greecy in City, Town or Village, a syrup at any price to compare with it. Try it on griddle caker, fritters, catment porridge, or me as a sauce, and you will never again purchase syrup.

4. Stovenson's Pure Maple Syrup " (made from Maple Sugar and granulated Sugar; can be made by any person for 60 cents per gallon, and I gian antest to be purer, clearer and finer to string than any Maple Syrup made from asp. Put in a white glass bottle and ase if you can discover one particle of sediment. It is as clear as crystal. The usual relail price of Maple Syrup is one dellar per gallon. It guarantee you can make a better syrup for 60 cents.

can discover one pay inspies yet pasto from say. Fat in a white gives coit sand see it you can discover one particle of sediment. It is as clear as crystal. The usual retail price of Maple Syrup is one dollar per gallon. I guarantee you can make a better syrup for 60 cents.

"Nevenment's Pure Amber Syrup " (made from Yellow or Brown Sugar) can be made by any person for 36 cents per gallon, and is just as pure and clear as either the above syrups. I guarantee this syrup to be pure; clearer and to taste as good as the syrups retailed for 60 to 70 cents per gallon. In fact, it tastes like sale syrups sold at sove prices, but has not such sharp or bitting taste. This syrup thought equal to high price asle syrups, is cheaper than brack molasses which costs 4c cut spr gallon and can be used in cooking instead of molasses. Besides this Syrup is perfectly pure. Some person will say "Any one can melt supar and make syrup" That is true, you can melt sugar, but sometimes you will make it so thick you have to but it off, and again, to thin, you have to drink it, besides you do not purify if. I have experimented on these Syrups till I have made them perfort, and I put in ingredients of boxing, or barrels, and shipping, and a fair profit would bring the price about double for which they can be made it y anyone. I am assured by a gentlemen residing in Montreal, Que, that the "Pure White" and "Pure Maple" Byrups would retail quickly for 30 cents pre quartif put up in bottles which would show their purity.

In giving the cost of the above syrups I have given the outside figures, and purchase the sugars at retail, the ingredients which purify the syrup can be purchased of any grocer. One half, or one gallon can be made in tin pan or other tin vessel in about thity minutes me a or less, on kitchen stove In order that rech and come may have the benefit of these pure and chasp syrups, I have decided to ofer the rend and come may have the benefit of these pure mend called his prices as throughout Cansale and United States who have p

# E. B. STEVENSON, - - - Philipsburg, Que.

#### TESTIMONIALS

Some people expect them, and then do not read them. If a man intends to steal, he will do so with any number of testimonials.

"Who steals my purse steals trash,"
But the man who recommends me
Trust me with his cash.

I could give soreral, but will give only one, as all who have tested the syrups, state they are just what I claim in quality and cost of making.

TO THE PUBLIC—I have pleasure in stating that E. B Stevenson has clerked for me for the past three years has been my assistant in Post Office, is a perfectly reliable man with whom the public can deal with confidence and safety. His Syrup are all he claims, in rice and quality I may also add that he is a member of cur Court Philipiburg No. 1199 I O.F., and Recording Secretary for present year.

Philipsburg, Quebec, January 1st, 1895.

J. E FORTIER, P.M.

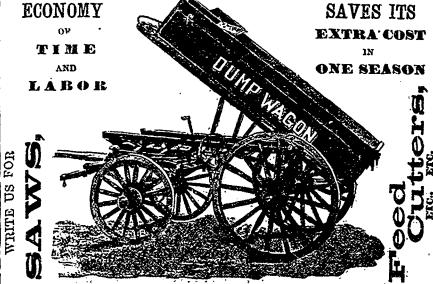

SPECIAL OFFER good for one month only from date of this paper. Send me \$1 60 in registered letter for which I will send you three "Bights," one for yourself and two "Rights" which you can tell after making and testing the Syrup, to those who are not subteribers to this paper. In this way every person who is a reader of this paper, get their

not subteribers to this paper. In this way over a subteribers to this paper.

"Right" free.

After this offer expires every person must send \$1.00 for one "Right." Send to above address.
