We have selected a few from the many Testimonials received commendatory of the Work. It is with great pleasure that we announce that not one unfavourable criticism has come to our notice,

(From BENSON J. LOSSING, the Eminent Historian.)

"I know of no work on the subject of the Dominion so full of just what we would like to know about the people over the northern border as this."

(From the CANADA PRESBYTERIAN, Toronto.)

"This book ought to find a place in every library, large or small. To the person who has no book, we would say, buy a Bible; and if he should follow our advice and come back for further guidance, we rather think that our counsel would be, buy a history of your country. These two books are absolutely necessary to produce one of the most noble combinations of the human character—the Christian and the patriot. . . . As a writer, he is well qualified for such a work as this, being possessed of that power of condensation and that mental perspective so necessary to the historian. Impartiality is another quality very highly prized in a writer of history; and, in this respect, we have not detected any fault."

Sir FRANCIS HINCKS writes that he considers it "unusually fair."

The Rev. Dr. RYERSON stated that he "sat up to one o'clock at night reading it."

The Rev. Dr. RICE "considers the style equal to that of Bancroft."

No person should be ignorant of the history of the country in which he lives.
