### COMING SERVICES.

On Sunday morning, Jan. 20th, our Confirmation Service for the year will be held. A number of candidates will be presented and the rite administered by the Bishop of the Diocese. We hope the service may be solemn, earnest and hearty, and a blessed means of grace, not only to the candidates, but to all who take part in it. The prayers of our people are specially asked on behalf of the candidates, that God may greatly bless the step taken of confessing Him before men.

On Monday evening, Jan. 21st, our first meeting of the new Parish Helpers will be held in the Vestry. This is a meeting for prayer and consultation about our work. We hope none of the chosen ones will be absent. "Come ye yourselves apart and rest awhile."

On Monday evening, Jan. 28th, we are to have the pleasure and great profit of an interesting address and entertainment from Rev. J. Cooper Robinson, of Nagoya, Japan. The address will be on "Life and Customs in Japan," and will be illustrated by beautiful lime-light views of the people and places described. A collection will be taken up in aid of the Japan Wycliffe Mission. We trust it will be a liberal offering.

### PARISH NOTES.

—Death has again visited our parish. The Parish Register for this month announces that two members of our congregation have passed from the Church militant to the Church triumphant. Miss Woodley had been ailing for a long time. A very severe attack of typhoid fever, some years ago left her with shattered health. She suffered greatly at times during her long illness and especially towards the end, but was patient and trustful through it all. She was released from her pain and entered into rest on the morning of Jan. 9th. We extend our deepest sympathy to Mrs. Woodley and her family in the loss they have sustained, and pray that the Lord may bless and sustain them in the trial. Miss Wurtele had been ill also for some time. For over a year past perhaps she did not enjoy good health. A visit to the neighborhood of Quebec, her old home, was undertaken during the summer, with the hope that it might restore her health, but it did not help her. After she returned she gradually sank, growing weaker and weaker in spite of the tenderest nursing
