THE GEO. T. SMITH M. P. CO., Stratford.

GENTLEMEN,—I write you to say that the seventy-five barrel flour mill you completed for me in September last is giving entire satisfaction to the general public as well as to the lessees, Messrs. Arbuckle & Chambers. Personally I am delighted with the results obtained, and can assure you if I should want this enlarged or another mill built, you would be called on to do the work. I am,

Yours respectfully,

P. KYLE.

OFFICE OF
ARBUCKLE & CHAMBERS,

MANUFACTURERS OF
 HIGH GRADE FLOUR
 AND
 ALL KINDS OF MILL STUFF.
 Wholesale and Retail Dealer in all
 kinds of Grain.

Merrickville, Ont., October 22nd, 1890.

THE GEO. T. SMITH M. P. CO., Stratford.

Gentlemen,—As lessees of the seventy-five bbl. flour mill you recently completed here for Mr. P. Kyle, we write you to say that we are very much pleased with it in every detail. The cleaning machinery, rolls, scalpers, purifiers, inter-elevator bolts, etc., etc., each and all doing the very best possible work. The capacity of the mill we find largely in excess of our expectations, since we can readily turn out one hundred barrels a day, while the results obtained in quality and yield of flour and closeness of finish satisfies us that it would be very hard to improve on the programme of machinery used in this mill. Wishing you every success, we are,

Yours truly,

ARBUCKLE & CHAMBERS

NICOLA, B. C., October 6th, 1890.

WHOLESALE AND RETAIL.

S. S. HEYWOOD, Manager THE GEO. T. SMITH M. P. CO., Stratford.

DEAR SIR:—Enclosed please find P. O. Money Orders to the amount of \$1,000, which kindly pass to my credit on account of mill machinery purchased. The mill is now completed according to plans, and it would be hard in my mind to equal it. I have had several millers to see the mill, and they all say it is a model in planning, so compact and handy. Mr. McKay, the millwright who did the work, is all you recommended him.

Yours faithfully,

A. E. HOWSE.

We are the Canadian manufacturers of the genuine Brown Engine. Our drawings and patterns came direct from the Brown Engine Co., of Fitchburg, Mass. Many of the so-called Brown Engines manufactured by other Canadian manufacturers are comparatively worthless, and should not be confounded with the genuine Brown.
