

WHY RUN THE RISK and annoyance of LOSING your KEYS, when you may rest assured of having them returned to you through this company, if you will subscribe for one of their checks at TWENTY-FIVE CENTS per year.

THE LATEST AND BEST.

The HARBERT TELEPHONE

This instrument, represented in the above cut, is the latest patent for telephonic speaking. There is no battery, consequently attention and repairing are reduced to a minimum—in fact it will last for years without any repairing whatever. It is admirably adapted for large buildings, being much superior to tubing, as well as cheaper and more convenient. These Telephones are only \$12 for a set of two, put up ready for use. Address,
