Alone, aloft, Blending the welrd and stern and soft, The Cathedral Dome of Cologne!

Yonder it soars alone,

The Dome! the Dome of Cologue! Thence came its Meister's plan ? Lietore or since, to the eye of man Was never aught like it shown! Alas! the matchless Meister died: Alas! he died. And none

Though tried To fathout the mystery typelled,

By the marvelous Dome of Cologne: The Dome! the Done's of Cologne! In the (roublesome times of old; The soldier alone won fame and gold, The artist passed for a drone! War's incricanes rocked and wasted earth, Men battle a for shrine or throne: None sat by his hearth To ponder the means for a second birth For the body Dame of Cologne!

The lame! the Dome of Cologne! To God be immerial praise That now at length in our own bright days To Meister plan is known : Research has brought the relie to light From its mansoleum of stone-We hall with delight A treasure so long concealed from sight.

The Lone! the Dome of Cologne! Its hour of glory is rilgh. Build yest high as the supphire sky. As moonlight never both shore On temple of such a magnificent Ideal from zone to zone. So aid its ascent To the supplier blue of the tirmament,

The original Dome of Cologne!

The Cathe Irol Dome of Colognet. -James Clurence Mangen.

### AFTER WEARY YEARS.

CHAPTER II.

CONTRACTOR OF THE STATE WILDOWS

Ideas are not bounded by space, nor imited by time. We of to-day may have pleas not unlike those of our anted diluvian ancestors; and persons thousands of miles apart may make identical reflections. It is not by any means strange that the words spoken near Lake Albano should resection from the banks of Allomo should rescho from the banks of air and carriage of such a one will over putting it into execution. The noble St. Lawrence: or that thoughts | arrest attention. The dust and mould of | "I have often thought, I the noble St. Lawrence: or that thoughts arrest attention. The dust and mould of: "I have often thought, Morgan, on the think that these heroines, gladly as they are defined by columbus: how shed their blood for their Queen City, dred blaze in the breast of Morgan capable bars, shall in the breast of Morgan capable bars, shall in

had been born in Canada.

The young man was not handsome, perhaps, but he had a clear, frank expression pleasing to behold; and he bore the unmistakable impress of thoughtful intellectuality. It could be traced on his broad, full brow, from which his dark hair was carelessly brushed; it gleamed from the depths of dark eyes which had that apparence of latent strength notice eyebrow- were strong and well-arched; ranean. his time chin, and the lips close-set.

Every feature was strongly marked, not half so daring as the sailing away out giving thus an individuality to his experience the unknown and mysterions ocean.

though exciting contests of college examinations used to call forth all his energy: it was not that he had a childish weakness to appear first on the list, but because he had a strong sense of duty and a noble ambition. He would cordially assist a classmate up to the very moment of beginning an examination; he would supply him with hints gathered by his industry in reading; but once the examination had begun he would strive to distance all competitors; and he generally succeeded. He had completed brilliant a a 'emical and philosophic course at Laval University, and had serious thoughts of studying for the church.

Eleanor resembled her brother both Ideas are not bounded by space, nor in personal appearance and in the en-

"Why, Columbus had his energies, and soldier's wife." summit of a lofty hill, and then sat learnifelds take the place of waving forests. A blight was cast on his good name for a down to enjoy the glorious prospect.

Truly it was a seque to delight the eye Alexander. How strong and deep must shown the unblemished purity of ins

"An affect, possibly of our vanity, my dear sister. Yet consider that although America may honor the name of her them constantly in fieu of candy or other discoverer, and cherish it as a family neiged children's dainties. I consider me, many of her children seek to make the faith of Columbus an alien plant, the inebriate asylums oranges have Himself, his best friend a humble monk, proved an efficient substitute tor Todiol, superior of La Rabida, his muniticent protector Isabelle the Catholic, the cross he set set up on first landing, and the names of saints which, in his piety, he gave to each river and headland, stamped this continent with the indelible mark of our Church. Notwithstanding this, scheming politicians and ignorant parsons will prate about this being a Protestam country. We know of no lands which Protestantism has discovered: it came into the world too late for that?

"And we, Morgan, will be too late in returning if we remain bere much longer musing on the actions of the mighty lead, "said Eleanor as she arose.

Lightly down the hillside they went, at a pace half run half walk, until they reached a narrow path which wound along the river's course. Morgan ap peared absorbed in thought; at length he spoke :

"You said that a discoverer must have a great soul; what have you to say about the soul of a soldier?"

Eleanor east a swift, astouished glauce at her brother. He was walking quietly at her side with downcast eyes, striking, in an absent manner, at a tail reed or bristling thistle with his stout walking-"Do you mean a soldier of the Cross

"Well," returned Eleanor, "a soldier fighting in a just cause may certainly claim our admiration. I shudder at the

trees growing side by side, every leaf of cach being of a different shade, and all rich in coloring and glinting in the rays of a setting sun, and you have an autumn scene by the St. Lawrence, and one of untold loveliness.

Morgan Leahy was a young man of six and twenty. his sister two years his junior. Their parents were natives of the Emerald Isle: but Morgan and Eleanor than the wings of a sea-guilt! How grace fully they bend and sway! I wonder if Jacques Cartier, when first he sailed up this noble stream, was watened by the Emerald Isle: but Morgan and Eleanor their impressions were.

Of it. Leoking down the river she excluding "Certainly, Eleanor. If a fierce for "Certainly, Eleanor. If a fierce for should endeavor to invade our happy Dominion, to lay waste our fields and to overturn our institutions, ought we not to appland the gallant hearts who would go forth to drive them back? Ought we his noble stream, was watened by the Micmaes from these hills, and, if so, what their impressions were." drove back the Orange William have "Probably he was, replied Morgan; taught us, their descendants, a noble and, if he was, the poor red man, doubt-lesson; and were our peaceful cities attess, looked upon his ships with the won-tacked by a ruthless foe, I trust that der of tear, whilst you look upon those an coward drop might be found to have far off with the wonder of delight." cestors.

While speaking thus, a flush of pardouable patriotism and determination litur the young man's face, and show him to be a worthy descendant of the women of Limerick. Eleanor quietly asked: "Do you, then, love our Dominion so

all the elements of a mighty nation."
"Dear me, Morgan" laughed Eleanor.

French soldiers will withdraw from "I see what you mean, my philosophic brother; and I do think that discoverers must have courageous sould."
"Indeed yes, Ejeanor. But Columbus of this, and that is why I asked your opinion of a soldier's soul. Nay, nay the women of Limerick do you not
