CHICAGO'S CONVENTION.

AN IRISH AMERICAN ARMY AD-VOCATED.

RESOLUTIONS—A "NEW MOVEMENT" ON AN OLD PLAN-DEADLY ENMITY TO-WARDS ENGLAND-SOME VERY STRONG SPEECHES.

with reports of the great Irish Convention, held last week in Chicago. We give a couple of extracts from ex-Congressman Finerty's now famous hargressian angue; they will suffice to indicate the spirit of the whole movement. We also publish the resolutions adopted. We have no comment to make—any remarks of ours would be only superfluous; let our readers take the following for what they may deem it worth:

Mr. Finerty said: "But let me tell you, gentlemen, the same men who in this gentiemen, the switch disloyalty for our efforts on behnif of Ireland, these same men who think that loyalty to the American flag can be cultivated by act of Parliament, as their friends and models in England seek to cultivate loyalty in Ireland by coercion acts these same men are those who in Canada spurn and reare those spit upon the American flag; these same men are those who would see that glorious flag torn into a thousand would rejoice to see America reduced to the level of an English colony; aye, to the level of an English landlord-ridden country; to the level of our own old country, Ireland, To such men, however, we need no apology.

"The spirit of freedom which actuates us today, the spirit which actuated Washington and Lafayette, which actuated Barke and Fitzgerald and Parnell, such a spirit is unknown to these fawning cravens, and therefore they cannot, or will not if they could, understand us. But to the men who deserve the name of men, the men to whom home and country and freedom are more than mere empty sounds, your returns, gentlemen, will be fraught with grave import. The result of your deliberations will be looked forward to as have been the resolutions of patriots ever since man had a home and a country, and as our cause is holy, as our cause is just, God Himself will bless your efforts and crown them with success.

"We are the friends of every enemy of England, and the enemy of every friend of England, and we want to drive it home and nail it to the mast until the teeth of the lying Whigs are loosened from their sockets and fall from their lying mouths. Today Ireland is the kept harlot of the shoils of the British Empire. Some of our papers seem to be afraid we may complicate this country with England. Suppose we do. Let the English dare to fire the first shot! Let the American Government and the British Government understand that we are in this fight to stay. We will enlist our young Irishmen in regular battalions. We want to be ready when the time comes. What do we care for English sentiment. We are here to renew the work of Wolfe Tone started in France 100 years ago. We mete out to England the same measure that England has meted out to us. We will devote our efforts, means, and, if necessary, our lives, for the accomplishment of Irish independence. Let the movement inaugurated here to-day never come to an end until the nag above a free and independent Irish

The Platform.

The report of the committee on platform was presented by O'Neill Ryan, of St. Louis, and was unanimously adopted.

"The people of Ireland are a sovereign cople. Ireland is by nature separate from every other country, and liberty is the birthright of her people. Ireland was known throughout Europe as a nation long before the dawn of Christianity and was the beauty of civilization. tianity and was the home of civilization while England was still barbarous. England's claims to authority in Ireland originated in force and have been maintained by corruption and coercion, they have never ripened into a right to rule, the title to the conquest has never been persected inasmuch as the Irish people have continuously, by constitutional agitation or revolutionary movements, resisted England's power and endeavored to destroy her unlawful supremacy.

"Ireland is deprived of almost every oivil right which the American people most dearly cherish. Unexampled cruelty and brutal vindictiveness have been the distinguishing features of English rule in Ireland. England has destroyed Ireland's industries and ruined her commerce; she has placed upon her statute books laws making it a crime to educate an Irish child; she burned Ireland's school houses and destroyed her churches; she has driven into exile or left to perish in her dungeons thousands of men whose only crime was love of Ireland. Every measure for the last century looking towards legislative independence of the Irish people has either suffered defeat in the Commons or been arbitrarily rejected by the Lords. England has violated every treaty and broken every pledge, and with aimost every year of the century she has imposed upon Ireland brutal laws of coercion, and one of the most drastic character is now upon her statute books.

To the pleas of the people for justice and their prayers for mercy England has responded with the scourge and the scaffold, and yet to-day Ireland, enthralled,

but not conquered, is in spirit a nation. It has become evident after many years of carnest endeavor to obtain a measure of independence frym the English Government by peaceful agitation, that apmust be won upon the field of battle, and of October, and which will last one

create that difficulty. In view of these facts the members of this convention appeal with confidence to their American fellow-citizens and all lovers of liberty to co-operate with them The press of the country is now alive in aiding the people of Ireland in the achievement of the great Irish Convenliberty enjoyed in these United States.

What They Resolved to do.

Resolved,-That we earnestly protest against the continued incarceration in English prisons of Irish patriots; that we consider it a shame against the policy of civilized nations to keep in prison men who have acted only in the interest of their country and human liberty; and that the release of these men is imperatively demanded, not only by the Irish people, but by civilization. Resolved,—That this convention ex-

presses the hope that the people of Cuba, who are struggling for political independence and the establishment of a republic, will be successful, and that we extend to them our heartfelt sympaty.

Resolved.—That this convention, recognizing the importance to the Irish nation of preserving the language, literature and music of the people, commends shreds; these same men are those who the work now being done by the Gaelic league and the National Literary society in Ireland, and by the Gaelic societies of this country, and earnestly trusts our people will give them hearty co-operation and generous support.

Resolved,-That this convention recommends the formation of military companies wherever practicable in order to foster and preserve the military spirit of the Irish race and to be prepared for action in the hour of England's diffi-

Nominations for officers and the executive council were next in order. Chairman Finerty declined to be considered as a candidate for president, and Wm. Lyman, of New York, at one time treasurer of the Irish National league, was nominated by J. J. Keating, of Illinois, and elected by acclamation. O'Neil Ryan, of St. Louis, was selected as vicepresident, and State Senator P. V. Fitzpatrick, of Chicago, as the treasurer. The executive council was constituted as follows: J. J. Donovan, Massachusetts; Chris. Gallagher, Minnesota; Martin Kelley, Tennessee; Capt. Mangan, Wisconsin; J. Shoehy, California; J. M. Kennedy, Montana; T. J. Dundan, Ohio; J. S. Lawlor, Texas; Thos. H. Greevy, Pennsylvania.

TO VISIT CANADA.

The Superior-General of the Sulpicians to Inspect the Houses of the Order.

Very Rev. Father Jules Arthur Captier the recently appointed Superior-General of the Order of St. Sulpice, has manifested his intention of visiting the houses of his Order in the United States and Canada. He is expected in Montreal early next summer. Rev. Father Captier was for 19 years Procurator of the Order, at Rome. He is held in great favor by Leo XIII. Father Captier was for several years the postulator in the cause of the canonization of Joan of Arc. Reverend Leonedas Perris, a Montreal College boy, has joined the Sulpicians in Paris, after having obtained his degrees in Divinity and Canon Law, at the Propaganda in Rome. He took the two degrees in the same year, a very rare thing.

THE NOTRE DAME.

Annual Meeting of the Hospital Held

The annual meeting of the governors and board of management of Notre Dame hospital took place on Wednesday last, at that institution, Mr. C. P. Hebert occupying the chair. Amongst others present were Dr. E. P. Lachapelle, B. J. Coghlin, J. B. A. Mongenais, L. H. Hebert, S. N. Monette, Dr. Boulet, Ed. Willowski, S. Williams, C. Wille, Co. Wille Barbeau, J. Bourdeau, Dr. Geo. Ville-neuve, Hon. J. R. Thibaudeau, J. P. Beauchamp, Dr. Benoit, Madame Thibaudeau, Madame Hebert, Madame Villeneuve, Madame Coghlin, and about thirty other leading ladies connected with the work.

The medical superintendent read the report of the past year and thanked all those who had anything to do with the undertaking. He hoped that, as is the case in many other city institutions, some rich citizens would come to the aid of Notre Dame hospital, and remarked that, although the superintendent had given expression to the same wish last peals to reason and for justice are futile. | year, the appeal so far had been made in It is left, therefore, for the men of the vain and the floating debt of \$15,000 Irish race to proclaim again the truth still remained. Tablet Erected by the Friends of Rev. Father Dawson.

The ecremony of erecting a memorial tablet to the late Very Rev. Eneas McDonell Dawson took place in St. Patrick's Church, Ottawa, on Thursday morning, the 26th September. The sanc tuary of the secred editice was draped in black cloth and yellow trimmings, and presented a most imposing appearance. There was a large congregation present. amongst them some of the most promiaent men of the city both Catholic and Protestant. Mass for the dead was chantd by Rev. Father McAuley, assisted by deacon and sub-deacon. Ell's requiem Mass was sung by the choir, H. Collier frounds presiding at the organ. Archishop Duhamel was present at the service, as were also Rev. Fathers McGuckin and Constantineau, of the University.

The sermon was preached by the Rev. Father Francis Ryan, of St. Michael's college, Toronto. It was a splendid effort. The preacher has a distinguished appearance and great eloquence. He spoke of Father Dawson's secular virtues which made him great in the eyes of the world, but the virtues which the priest most needs are those that make him great according to God's standard. Father Dawson's spiritual life was fed by faith and

BAZAAR AT ST. HESRI.

The Bazaar at St. Henri, which closed last Wednesday night, has been an unqualified success. As a proof of the magnificent results produced it is sufficient to state that the years ladies alone turned in \$1131; Miss Castantin having collected 8604, and Miss E. Viau, \$527 The total receipts will amount to \$2564. The result speaks cloquently both for the generosity of the parishioners and the estimation in which the work of the Grey Nuns is held in the parish. Much of the praise for the organization and management of the bazaar attaches to the Rev. M. R. Decary, cure of the parish; Mr. N. F. Bedard and Madame D. Gravel.

WHILE the anti-Catholic writers, of a certain type, are striving to impress the world with the idea that the Pope is not favorable to the Jesuits, we find the following facts related in a contemporary: The Holy Father, with his usual sol-

icitude for education, saved the famous Jesuit College of Mondragone, near Frascati, which, as part of the Borghese property, was about to come to the hammer. Cardinals Vincent and Seraphin

uce, SJ. On the evening of the third day news arrived that all was satisfactorily arranged and the college preserved. Needless to say popular faith and enthusiasm were unbounded. This answer to prayer was attributed to the saint, and the triduum closed with the chanting of the Te Deum.

PALE AND EMACIATED, SUBJECT TO SEVERE HEADACHES, SHE WAS THOUGHT TO BE GOING INTO A DECLINE -- NOW THE PIC TURE OF HEALTH AND BEAUTY.

From the Richibacto, N.B., Review.

There are very few people, especially among the agriculturists of Kent county, N.B., who do not know Mr. H. H. Warman, the popular agent for agricultural machinery, of Molus River. A Review representative was in conversation with Mr. Warman recently, when the subject of Dr. Williams' Fink Pills was incidentally touched upon. Mr. Warman said he was a staunch believer in their curative properties, and to justify his opinion he related the cure of his sister, Miss Jessie Warman, aged 15, who, he said, had been "almost wrested from the grave by Dr. Williams' Pink Pills. Miss Warman had been suffering for nearly a year with troubles incident to girlhood. She suffered from severe and almost constant headaches, dizziness, heart palpitation, and was pale and

bloodless, and, eventually, became so weak and emaciated that her parents thought she was in consumption, and had all but given up hope of her r covery Her father, Mr. Richard Warman, who is a well-to-do farmer, spared no expense to procure relief for the poor sufferer. The best available medical advice was employed, but no relief came, and although the parents were almost in despair, they still strove to find the means of restoring their loved one to health. Mr. Warman, like everybody else who reads the newspapers, had read of the many marvelous cures effected by the use of Dr. Williams' Pink Pills, but like some others, looked upon these stories as "mere patent medicine advertisements." However, as everything else had failed, he determined that Pink Pills should be given a trial, with a re sult no less marvelous than that of many other cases related through the press Dr. Williams' Pink Pills have completely cured the young lady, so that in a few months, from a helpless and supposedly The tablet which has been placed on dying girl, she has become a picture of the front wall of the church, to the right health and activity. The Warman family of the main entrance, is of brightly is so well known in this part of the polished brass, and bears the following country that no one would think of disputing any statement made by any of its members. Mr. H. H. Warman, on account of his business as salesman for agricultural machinery, is personally acquainted with nearly everybody in the county, and we feel assured that any enquiries made of him concerning the statements made above will be readily

The gratifying results following the use of Dr. Williams' Pink Pills, in the case of Miss Warman, proves that they are unequalled as a blood builder and nerve tonic. In the case of young girls who are pale or sallow, listless, troubled with a fluttering or palpitation of the heart, weak and easily tired, no time should be lost in taking a course of Dr. Williams' Pink Pills, which will speedily enrich the blood and bring a rosy glow of health to the cheeks. They are a specific for troubles peculiar to females. such as suppressions, irregularities, and all forms of weakness. In men they effeet a radical cure in all cases arising from mental worry, overwork, or ex-
