

ARTICLE XI (Cont'd)

on the specified routes and shall have as their primary objectives the provision, at a reasonable load factor, of capacity adequate to meet the current and reasonably anticipated requirements for the carriage of passengers, cargo and mail between the territory of the Party which has designated the airline or airlines and the countries of ultimate destination of the traffic.

4. Provision for the carriage of passengers, cargo and mail both taken up and discharged at points on the specified routes in the territories of States other than that designating the airline or airlines shall be made in accordance with the general principle that capacity shall be related to:

(a) traffic requirements to and from the territory of the Contracting Party which has designated the airline or airlines;

(b) traffic requirements of the area through which the airline passes after taking account of other transport services established by airlines of the States comprising the area; and

(c) the requirements of through airline operation.

5. The capacity to be provided on the specified routes, i.e. frequency of services and type of aircraft, shall be agreed
