

tion. We regret that the resolution is not one that apparently finds favour with the government in the sense that it is going to take any action to express abhorrence or to impose further sanctions that might be effective in encouraging the Polish government to re-establish civil liberties in that country.

Mr. Laverne Lewycky (Dauphin): Madam Speaker, the New Democratic Party welcomes this opportunity to support this very positive motion. I think it indicates that our Parliament is concerned. We want to demonstrate this concern.

We are grateful that all three parties have supported this motion. I think we do have a moral responsibility. There are many Canadians who have friends and relatives in Poland, and they are legitimately concerned. Therefore, for our part we want to express our wholehearted support for this motion.

Madam Speaker: Is it the pleasure of the House to adopt the said motion?

Some Hon. Members: Agreed.

THE ECONOMY

FORMULATION OF INDUSTRIAL STRATEGY

Mr. Girve Fretz (Erie): Madam Speaker, whereas the rate of unemployment in the constituency of Erie is currently at an intolerably high level, and the number of unemployment insurance claimants has dramatically risen in the communities of Port Colborne and Erie by 112 per cent since October, 1981, due to the failure of the Liberal Government's policy to provide stimulus to the economy, I move, seconded by the Hon. Member for St. Catharines (Mr. Reid):

That the Liberal Government immediately formulate an industrial strategy designed to increase employment and stimulate the economy, thereby helping to ease the suffering of those who have been victimized by the Government's failure to take this action in the past.

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

PADLOCKING OF BUSINESS DOORS

Mr. Fred King (Okanagan-Similkameen): Madam Speaker, the Prime Minister, in his third address, made a direct appeal to bankers, who see small business men struggling to keep the doors open, to ask themselves what will be served by a bailiff's padlock. I therefore move, seconded by the Hon. Member for Prince George-Bulkley Valley (Mr. McCuish):

That, taking note that at this very moment officials of Revenue Canada and of the Federal Business Development Bank are in the process of padlocking business doors in Okanagan-Similkameen and throughout Canada, this House enjoins the Prime Minister and the Government of Canada to instruct officials of

S.O. 43

Revenue Canada, the Federal Business Development Bank, and other agencies of government, to heed the Prime Minister's admonition to, and I quote the Prime Minister, "Take a chance on a Canadian."

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

UNEMPLOYMENT

CONDEMNATION OF GOVERNMENT

Mr. Blaine A. Thacker (Lethbridge-Foothills): Madam Speaker, between 1951 and 1966 seven million Canadians were born and are generally known as the "baby boom". The Liberal Government has known about them for years, yet the National Energy Program and all of the budgets since 1980 have destroyed the business climate and reduced the number of jobs for them to fill. As a result, youth unemployment is now 21 per cent. Therefore I move, seconded by the Hon. Member for Don Valley West (Mr. Bosley):

That the Liberal Government and Liberal Party stand condemned for their arrogant and callous disregard for the future of our young Canadians.

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.

EXTERNAL AFFAIRS

GUATEMALA—SUGGESTION BANK LOAN BE OPPOSED

Mr. Bob Ogle (Saskatoon East): Madam Speaker, I rise under the provisions of Standing Order 43 on a matter of urgent and pressing necessity.

The Inter-American Development Bank will soon be voting on an \$18 million loan to Guatemala. As a member of the Bank, Canada is able to vote on that loan. In Guatemala in recent months human rights violations have increased, and I specifically cite the horrifying increase in extra-judicial executions. In view of this fact I move, seconded by the Hon. Member for Winnipeg-Birds Hill (Mr. Blaikie):

That the Minister of External Affairs instruct the Canadian Executive Director at the Inter-American Development Bank to vote against the granting of the proposed \$18 million loan to Guatemala.

Madam Speaker: Is there unanimous consent for this motion?

Some Hon. Members: Agreed.

Some Hon. Members: No.
