

us with food-stuff and raw materials. As the interests of North Manchuria and our country are so wrapped up, we should march directly into North Manchuria and pursue our settled policy.

#### THE NECESSITY OF ESTABLISHING A COLONIAL DEPARTMENT

Our exploitation of Manchuria takes a variety of forms. Often those in authority take such different views that even the most profitable undertaking for our country cannot be carried out. Because of the lack of speed, our secrets are often exposed and are made propaganda materials by the Mukden government much to the detriment of our country in international relations. Whenever a new undertaking is projected in Manchuria and Mongolia, it will become the subject of discussion of tens of meetings and conferences in Dairen. Not only the approval of the four-headed government there is necessary, but also the sanction of the cabinet at home has to be secured before anything can be carried out. Because of all these obstacles, any undertaking will take months and months before any definite results are seen. In the process it is possible for the Chinese to employ Japanese adventurers to steal our secrets so that before a project is launched it is often reported to the Chinese and in turn it becomes common property of the world. We are suddenly brought under the check of world opinion, and more than once we have incurred hardship in putting into practice our policy toward Manchuria and Mongolia. Furthermore, the opposition party has also made capital out of what they find in these regions in order to attack the government. All these have many serious have with our diplomatic relations. Henceforth, we must change our practice in order to proceed adroitly. The centre of control must be in Tokyo. That will (1) insure secrecy, (2) stop China from knowing before-hand our plans, (3) avoid the suspicion of the powers before a thing is done, (4) unify the multiple control in Manchuria and (5) bring the government agencies in Manchuria and Mongolia in close touch with the central government so as to deal with China with undivided power. For these reasons we should follow the original plan for absorbing Korea laid down by Ito and Katsura
