

Publications by Professor F.E. Lloyd.

Conjugation in Spirogyra: preliminary summary. Trans. Roy. Can. Inst. 15: 129-134. pl.4, 1924.

The Cobalt Sodium Hexanitrite Reaction for Potassium in Plant Cells. Geobel Festschrift. Flora N.F. 18-19: 371-385, pl.5 1925.

Maturation and Conjugation in Spirogyra longata. Trans. Roy. Can. Inst. 15: (part 2) 151-193. pl.1-4, 1926.

The rôle of the Wall in the Living Cell as Studied by the Auxographic Method. I. The Effect of Concentration of the Medium on the Stipe Tissue of Postelsia palmaeformis, Rupr. Trans. Roy. Soc. Can. III. 20: 45-73, Jan. 1926. (With V. Ulehla).

Studies on Spirogyra I. Additional Studies on Conjugation. Trans. Roy. Soc. Can. III, 20: 75-99, 1 plate, Jan. 1926.

Studies on Spirogyra II. Adhesions and Genticulations. Trans. Roy. Soc. Can. III.20: 101-111, 1 plate, Jan. 1926.

Sexual Reproduction in Water Silk. The Scientific Monthly 22: 330-340, April 1926.

Some Features of Structure and Behavior in Vampyrella lateritia. Science II. 63: 364-365, April 2, 1926.

The Origin of Vacuoles (with G. W. Scarth). Science II. 63: 459-460, April 30, 1926.

Some Behaviors of Vampyrella lateritia and the Response of Spirogyra to its Attack. Mich. Acad. Sci. 7: 395-416, 1926.

Cell-Disjunction in Spirogyra. Mich. Acad, Sci. 7: 275-286, 1926.

A New Tensiometer and Osmometer for Class Work (with G. W. Scarth). Science II. 64: No.1654, pp.253-254, Sept. 10, 1926.

Plantation Rubber, its Source and Acquisition. The Scientific Monthly, Sept. 1926. pp.268-278.

Abscission in General and with Special Reference to Curtailment of Fruitage in Gossypium. Mem. Hort. Soc. of N.Y. 3: 195-207, July 1927.
