scholarship would be appointed. If you should decide to award a scholarship each year it means that after the first year it would be necessary to set aside the sum of \$300.00 per annum.

Such a scholarship would, in my judgment, aid greatly in raising the standard of social work in this community and open a career of service to some who would not otherwise be able to prepare themselves for such work.

I hope the Montreal Rotary Club may find it possible to assist in the manner above described and thus add to its long list of splendid services.

With all good wishes, I remain,

Yours faithfully,

Principal.
