Sir Arthur Currie,
Principal, McGill University,
Montreal, Que.

Dear Sir Arthur:

I enclose herewith copies of my report regarding the School for Teachers which is usually made to the Teachers Training Committee in the month of February after the admission of the Elementary Class (Second Short Course). I have shown this report to Dr. Harrison and informed him that this is all the material which I have to present to that Committee. It seems to me hardly necessary to call a meeting of the Committee for the purpose of hearing the minutes of the previous meeting and this report. There have been so many meetings in connection with the School for Teachers at which the members of the Teachers Training Committee have been or will be present that it is possible you may consider it unnecessary to call the Teachers Training Committee together. Should you so decide I am enclosing copies of my report so that this can be sent to the members with an announcement that this is all that is necessary and unless other members have something else for the agenda, the meeting will not be called.

Yours faithfully,

Seiclairland

Dean.
