At the quarterly meeting of the Ontario branch of the Amateur Athletic Union of Oranch of the Amateur Athletic Union of Canada, held at the union offices in College street last night, Chairman Sinkins and his lacrosse commission were voted the thanks of the gathering on the successful completion of their work, which is covered two most important matters—the organization of the Canadian Amateur Lacrosse Association, and the firm estab tilishment of one body for Ontario, to represent this province in the national association.

present this province in the national association.

The report of the registration committee told of the enquiry into the charges that the Eaton A.A. was not carried on as an amateur organization, and announced that, after an exhaustive enquiry and an examination of the books and accounts of the Eaton A.A., covering the height of their winter and summer activities, nothing was found to justify the detailed accusations made at the annual meeting of the union. The things that, it had been stated, would be found in the accounts were not there, and everything had been produced by the Eaton A.A. in order to demonstrate that the charges were untrue.

The secretary's report regretted the absence of indoor meets during the past winter on account of the lack of a proper place for holding such in this city. Attention was called to the repeated reports in the public press that certain officers of the union were supporting a movement for the establishment of a competition not conducted in accord with the accepted amateur regulations, the reference being to the proposal to organize a football association, from which professionals would not be excluded.

ENGLISH POLO PONIES

AND PLAYERS COMING

(Special Cable to The Toronto World.)

LONDON, March 26—(Copyright.)—The Daily Telegraph says the English ponies to be used in the international polo games at Meadowbrook in June will leave for New York May 3, the players following four days later. The members of the team will hold practice games during April at the Duke of Westminster's residence, Eaton Hall. It is unlikely the Duke of Westminster will be able to accompany the team to America.

Providence hold-outs are Lathers (lb.), Lafitte (p.), Bauman (3b.) and MoDermott (infield).

At Memphis a line hit bounded off Reulbach's neck into Evers' hands who snapped the ball to Bridwell at second, he flashing it to Saler at first, retiring two runners who had started with the crack of the bat.

Romanach, the Cuban shortstop gigned by Tinker for a trial with the Reds, has already jumped the team, homesick.

New York Despatch Says Indian to Go After First Trip-Baltimore Lineup is Announced-Gossip.

Here is the latest from New York : Jim Thorpe will be released by the Giant, after the first trip west has been finish ed, according to a private tip that comes indirectly from Manager McGraw.

Thorpe, it is said, is a failure as a ball player, and McGraw has not the time to player, and McGraw has not the time to develop him this season.

The Indian signed a regular National League contract, in which the usual ten days' notice of release is included. His salary is said to be \$6000 for the season, or \$1000 a month, beginning April 10.

If McGraw lets him out, the Toronto International League Club will likely get him.

Jack Dunn is satisfied with the way his Birds are working, and has picked his regular line-up, as follows: Cooper c.f., Downey 3b., Lord l.f., Houser 1b., Parent 2b., Maisel s.s., Russell r.f., Ligate c., and the pitcher.

St. Charles and Postoffice are Winners—Bowling Scores of the Night.

Knotty Lee's Hamilton team will be the gay young things when they appear in their new uniforms. The trousers will have a yellow stripe down the leg, and "Hamiltoh," in white letters, will adorn their manly bosoms. The skypieces will be white.

A report from Bermuda says that Frank Chance, the New York Americans' leader, is suffering from an attack of lumbago. He will be able to get back in the game in a week's time.

There is no doubt in the mind of any-There is no doubt in the mind of anyone who has seen the Cubs perform on the training trip but that they are going to be one of the strongest batting combinations in the National League the coming season. Manager Evers himself is satisfied he has a team of sluggers. He is going to pay more attention to his is going to pay more attention to his pitching staff from now on, for he knows that the offensive end of the combination is as good as he can get it.

CLYMER THINKS HIS BISONS ARE GOOD **ENOUGH TO LAND**

Hasn't Shaped Up His Lineup Yet -Taylor to Try Again.

this for me, that I will put up the hardest fight of my career to land the Buffalo team on top. I'm not going to play favorites. The boys who show the best will get the regular berths. I think we have a winner and we're going right after the other fellows from the jump.

"I have not begun to shape up my team as yet," added Manager Clymer.
"I want to study the men I have under me before making a final selection. I might say that Beck is playing grand ball and will cover first, unless something should happen to mar his chances. Murray will go into centrefield when he hits camp, and I presume McCabe will be able to hold down his job alongside of Murray. Aside from that I can't give you a probable line-up."

"Have you handed your third baseman?" Clymer was asked.
"Not just yet," replied the Bison boss.
"We are working on three men, any one of whom would suit me.

"Not just yet," replied the Bison boss.
"We are working on three men, any one of whom would suit me. But you see the big teams haven't weeded out yet, and we will have to wait for waiyers to be secured before we get the man we're after. But third base isn't worrying me, because I think we can plug that hole µp in good style, even if we don't land the man we expect to get."

The Canadian League has certainly developed into a trim little circuit, and from now on can be considered a permanent institution. Failure to play out their schedules always attended the efforts of the promoters of a Canadian League in several instances in former years, but the system employed by the gentlemen in charge of this latest venture would lead one to believe that they have secured the right drop.

The Newark Club is ready for the bell. It has no holdouts, and has been in practice long enough to shape up the athletes into pretty fair form. For instance, just how to sign all the athletes on the reserve list to contracts, without fracturing the salary limit. One explanation of the ease with
