DR. TYRER BLAMED FOR GIRL'S DEATH

Coroner's Jury Find Dorothy Leonard Died Following Illegal Operation.

CORONER'S SUMMING UP

Dr. Young Declares Child Murder is Becoming More Prevalent.

Besides finding that Dorothy Leonard, 17 Bloor street east, came to her death as a result of septic poison caused by an illegal operation performed by Dr. B. Roy Tyrer, 1166 St. Clair avenue, a jury under Coroner W. A. Young at the morgue yesterday afternoon added a rider to their verdict to the effect that all due vigilance was not exercised at the General Hospital after Miss Leonard was taken there on July 31. This verdict was not unanimous. There were nine men on the jury and one objected to any mention of the General Hospital, while another refused to sign the verdict because a rider was put in saying that Alex. McCorquodale, who is charged with procuring an abortion on Miss Leonard, was fully aware of her condition during her illness.

During his address to the jury at the conclusion of the evidence Coroner Dr. W. A. Young told the jury that they had a positive duty to perform for the community.

"It is your duty to stop this nefarious practice, which is becoming more prevalent, not only in other cities but in Toronto," he said. "Mothers and young ladies are committing child-murder every day."

Continuing, he called the attention of the jury to the millions of dollars spent every year for missions, and he expressed the opinion that it would be better if the home mission departments of the churches would spend more money on the education of the people in an endeavor to stamp out this evil of child-murder. He reviewed the evidence, and pointed out that all the medical jurists in England and in this country were unanimous in saying that deaths from septic poisoning among ladies were generally caused by an illegal operation.

An Oversight.

At the commencement of the sitting Dr. Tyrer was recalled to the stand to explain why the $50 he received from Miss Leonard on July 9 had not been entered in his books. He said it was an oversight. The remainder of the afternoon was taken up with the cross-examination of Alex. McCorquodale, who told of his relations with the girl. When asked why he did not marry her when advised by Dr. Yellowlees he said the girl refused "because of the disgrace it would bring to the family and because it would be thrown up to her during her life."

GAINS ARE MADE IN WHEAT MARKET

When Shorts Began Covering, Better Class of Buying Developed.

CHICAGO, Aug. 17.—The grain markets today regained the losses of Saturday, wheat closing ⅝c to ⅞c, corn ⅝c to 1¼c and oats a shade to ⅝c up, led by the Septemebr options. Provisions closed from 10c higher for September, pork to 12½c depressed.

Wheat started weak in sympathy with a decline at Liverpool, but shorts started covering on the visible decrease and a better class of buying developed. Later on an apparent relaxation of the export situation closing prices were the best of the day. Ships carrying one million bushels were said to have sailed recently from New Orleans, while Duluth reported a small sale to France.

Corn Opens Lower.

The corn market opened lower on larger receipts than had been expected, anticipations of a heavy movement this week, weakness in the spot market, and reports of a slow eastern call. As the session advanced, however, the eastern demand became moderately brisk and it was observed that the country showed no inclination to sell old corn on the break. Shorts covered and the close was near the top.

Oats were firm all day, escaping the early weakness of the other cereals. The secret of their strength lay in reports of export sales.

Large receipts at the stock yards and a break there in hog prices sent provisions prices off, but packers bought on the break and the close was steady.

HALIFAX PROVINCIAL EXHIBITION POSTPONED BECAUSE OF THE WAR.

(Special Correspondence.)

HALIFAX, N.S., Aug. 17.—It has been decided by the Exhibition Commission that there will be no 1914 provincial exhibition, on account of the war. The commission decided against holding the exhibition after careful consideration. The law requires that a fair shall be held yearly, but at the next session of the legislature the omission will be legalized. There were important reasons given for the postponement. In the first place, nearly all the exhibitors in the industrial department have canceled, and the buildings would not have been filled. It was felt that an exhibition that was not such in the full sense of the word would have been worse than none at all. Another reason was that the commission had been notified that one or more of the buildings would be required by the government for the accommodation of horses. The verdict in favor of postponement was unanimous.
