GRAND PROVINCIAL EXHIBITION, MONTREAL,

SEPTEMBER 14th TO 23rd, 1882.

COMPETITION OPEN TO THE WORLD.

INTRODUCTION.

10.-

The unparalleled success of the two last Exhibitions held in Montreal, and the bright prospects for the present year should serve to attract a larger number of Exhibitors and Visitors than on any previous occasion. The Committee, have decided to excel any previous Exhibition held in the Dominion, having increased the Prize List and the Premiums; extended improvements, both on Grounds and Buildings, have been effected, and the best possible facilities will be provided for reaching the grounds. The Permanent Exhibition Committee have added to the Prize List a Special Department for Horticulture and Fruit, in which liberal prizes are offered.

The pages which follow, containing the Premium List of the Exhibition sufficiently indicate that the Exhibition Committee has not lacked in energy or effort, and that the display of 1882 may be expected to far exceed that of 1881. Special features and attractions will be added; and what proved to be interesting features last year will be repeated upon a much more extensive scale.

The sum of Twenty-five Thousand Dollars has been appropriated for distribution in Premiums, thus securing a handsome money return to successful Exhibitors; though large as is the sum thus appropriated it is far less than the business benefits which accrue to Exhibitors taking premiums at the Montreal Grand Exhibition, where an award of superiority gives the animal or article shown, a rank not otherwise obtainable.
