MURRAY GORDON GOVERNMENT STILL HOLDS THE REINS OF POWER

Nova Scotia Liberals Safe for Another Five Years, But With Reduced Majority—Three Cabinet Ministers Defeated—Liberals Carry All Three Halifax Seats.

NO INDEPENDENTS IN THE NEW LEGISLATURE

HALIFAX, June 14.—The provincial general elections took place to-day and resulted in a victory for the government, who have carried twenty-seven of the thirty-eight seats in the province. Halifax elects three Liberals with a majority for the highest of 1056, and for the lowest of 705. The Labor candidate in Halifax polled a total of 274 votes, compared with 488 for the highest government candidate. Cape Breton elects two Conservatives, but that party confidently expected at least four.

A notable feature of the election is the defeat of three members of the government, Hon. C. Chisholm, committee member of works and mines, who ran at the foot of the poll; Hon. B. Pearson in Colchester, and Hon. Dr. LeBlanc in Yarmouth. Premier Murray and his colleagues also have a big lead. The issues were chiefly local. The Liberals in this province will now have five years more to add to their 29 years of rule. The opposition in the last legislature numbered five. They will now have only two, and they have the advantage of having with them C. E. Tanner, the former opposition leader, who is elected in Pictou.

Results of Polling.
The results of the polling to-day were as follows: two members being elected in each constituency, except in Halifax and Pictou, each of which elects three.
Inverness—McDonald and McLellan, Liberals, leading with six places to hear from.
Victoria—Premier Murray and Buchanan, Liberals, large majority, with two places to hear from.
Guysboro—Ellis, Liberal, 139 majority.
Terry, Liberal, 179 majority.
Richmond—Joyce and Bissett, Liberals, leading with good majority.
Cape Breton—Butts and Douglas, Conservatives, leading with small majorities.

SUICIDE OF CHINESE BOY SHOWN BY EVIDENCE

Uncle, However, Could Assign No Reason for Deed—Neighbors Heard Cries of Horror.

Evidence given at the inquest into the death of Jong Dal Tak, which was continued by Coroner Dr. G. G. Rowe at the morgue last night, showed beyond all doubt that the unfortunate young lad committed suicide at 851 West Queen-street last Friday. The evidence of the uncle, Chung Yuen, given thru an interpreter, was clear and reasonable, and the several witnesses have yet to be called, the verdict looks certain. T. Louis Monahan, K.C., handled the case for the crown, and D. E. Wallace, with a private interpreter, acted for the uncle.

According to the uncle, the boy had been with him since Christmas, leaving his father in Vancouver. His father paid no board to the uncle. Jong died Sunday night, about 8 o'clock, when he went up to bed. After that the uncle and his man, Ching Ping, worked until nearly 1 o'clock when Ching Ping and went upstairs. Striking against the body in the dark, the man screamed and called "thieves" in Chinese, and ran downstairs for an ax. The two men went upstairs together and striking a match, found the boy hanging by the rope, under which was a towel.

"What did you do then?" asked Mr. Monahan. "I said the unhappy little Chinaman, breaking in on the inter-preter, then they cut the body down and went after Ching Ping, brother living in Douvrou-street.

"Then they knew the boy was dead, Yuen said the boy was quite well. Speaking of wages the had received for helping in the laundry, he said he gave him anything from 25c to \$2 a week, always on Monday.

"Did he want for any clothes?" asked the crown.

"Yes," replied the uncle. "He wanted a summer coat. I said he would have one, but he could not go and see his father. But he didn't want to go to Victoria.

Then Yuen said he became very explicit. "What would you infer from the boy having hanged himself on this occasion?" he asked. The uncle, however, could not give any motive for the deed on this or any other occasion, except that Jong might have been afraid of being sent back to Victoria.

"But I shouldn't have forced him to go," said the Chinaman.

James Waddington keeps a flour and feed store at 861 Queen. He was awakened by shouts and cries of foreigners shortly after 2 o'clock Saturday morning, and dressed and went out along the lane to Bathurst-street. He saw no sign of anyone, however, and heard no more noises.

Wallace, for the uncle, asked him if he thought the noises would have been caused by a struggle or by surprise.

"They seemed to be cries of horror," said Waddington.

This evidence was corroborated by Rachel Colby, who heard foreigners "hollering, half crying and half shouting," and Josephine Hodgson and May Tryce. These young women lived in the hotel at the corner of Bathurst, next door to the laundry. John Tomenson and Mrs. Jennie Brook, residents over the store, on the other side of the Chinese shop, heard no noises. Tomenson said the boy had come into his store often, spending about 15 cents a day on candy. He always seemed well treated.

The inquest was adjourned till Friday, June 23, when several other witnesses will be called.

Jockey Guilty of Assault.
NORMAN BENNETT, a jockey, charged with assaulting his employer, John Wesley Harton, during the race meet recently held here, was fined \$10 and costs in addition to the fine this morning. Herbert Lockwood, a race-track tout, charged with selling false tips, was ordered out of town.

Laura Secord Monument.
The monument erected to the memory of Laura Secord, thru the generosity of the Dominion Government, will be unveiled by Sir George Ross on Wednesday, July 5.

CLAIMED THE CONVENTION WAS CALLED IRREGULARLY

Rumpus in the Liberal Camp in Stormont—George I. Gogo Candidate for Dominion.

CORNWALL, Ont., June 14.—(Special.)—A convention of the Liberal party of the County of Stormont was held at the Village of Finch this afternoon. Every subdivision in the county was represented. Trouble has been brewing for some time, and it culminated in the selection of George I. Gogo as the candidate for the Dominion house. The old Liberals are indignant over the manner in which things have been run, and it is safe to say the next representative from Stormont County will be a supporter of Mr. Borden.

Three names were submitted to the convention: R. Smith, K.C., M.P., Geo. I. Gogo, barrister of Cornwall, and W. J. McCart, M.L.A., of Avonmore.

Mr. Smith addressed the gathering. He took exception to the manner in which the convention had been called. He said last November a meeting of the association was called and new officers elected. On the 1st of June a meeting of the executive was held at which Mr. Gogo had been appointed director for the Town of Cornwall, and he had selected the conventions for the several divisions. He claimed that the provisional board of management of Queen's theology faculty as it will be after the legislation for separation, was named as follows:
Principal Gordon, Dr. McGilivray.

LAKEFRONT LAND TO EAST BOUGHT BY SYNDICATES

Eleven Hundred Acres Between City and Highland Creek Have Been Acquired.

Practically all the lakefront land east of Toronto as far as Highland Creek has been acquired by real estate men, and small syndicates for the purpose of subdividing into suburban residential lots, and into 5-acre market garden plots.

The latest movement has occurred on the south side of the Kingston-rd., from the Markham-rd. east and West Hill. Within the last few weeks, about 1100 acres have changed hands, in fact one deal is known to be under way, and a 100 acre one was just closed Saturday.

The lakefront from the city limits east to the Halfway House, land is held very closely, and from the Halfway House to the Markham-rd., a distance of a mile and a half, there is nothing available, according to a real estate man, who has endeavored to secure a portion of the city and suburbs. That property in this section should command a higher price, was pointed out in that lake shore property to the west of the city and as far distant as Scarborough Bluffs brought two and three times as much. This is the basis that the buyers have acted upon.

At present, property from the Toronto Hunt Club to the Halfway House is worth \$700 to \$1000 an acre, from the Halfway House to Markham-rd., \$500 upwards, and from there to West Hill, where the big buying has been going on lately, \$300 an acre would purchase the only available properties.

Farms Change Hands.
The farms that are known to have changed hands are the Levi Amis farm of 100 acres, which was bought Saturday by C. White & Co., who intend to sub-divide it at once; the A. Muir property of 94 acres; the Richardson property, farm, 80 acres; and also part of Wm. Humphrey's property. The John Miller farm of 104 acres, John Richardson's property, the Thos. Young estate of 100 acres, Castle farm, 79 acres, owned by Thos. Jacques, and also Robt. Nelson's farm. Then nearly all of the 350 acres owned by the Horsens, has changed hands, or will in a few days. This leaves only about 900 acres still unsold.

Who the purchasers are is not exactly known, but besides C. White, W. N. McEneaney, another real estate man, has acquired a goodly sized piece, the Scarborough Securities hold two; a syndicate represented by A. J. Smith, and another little party headed by Dr. Chambers, have secured several good sections. It is said that this latter syndicate bought one small property for \$3000, and within a couple of weeks had resold for \$25,000. J. H. Richardson and some person connected with the A. E. Rice Company are known to have bought properties in this district.

Some of the purchasers have already made good profits, one party disposing of half the purchase in small parcels before the deal was closed.

A man closely in touch with the York Radial Railway Company, stated yesterday that in all probability the present service to the Halfway House would be continued to West Hill in the near future.

SEAMEN'S STRIKE WAS DECLARED LAST NIGHT

Little Enthusiasm Displayed, and Shipping Federation is Confident of Being Able to Fill Positions of Strikers—British, Belgian and Dutch Ports Affected.

LONDON, June 14.—The seamen's strike was formally declared to-night at London, Glasgow, Liverpool, Cardiff, Bristol, Southampton and other British ports, and also at Belgian and Dutch ports, but the chances of any real international strike being declared seem remote. So far as to-night's indications show, the confidence of the shipping federation is well placed, for at hardly any of these ports was enthusiasm displayed for the strike, and the shipowners maintain an attitude of indifference, seemingly satisfied that they will have no trouble in filling the places of the strikers, who thus far can be counted by hundreds.

Ten men at Liverpool, Ben Tillett at London, and Havelock Wilson at Southampton are doing their utmost to galvanize the movement, but with small success. They demand chiefly a conciliation board and the establishment of a minimum wage, and complain bitterly of the wholesale employment of Asiatics by the shipowners.

There appears very small hope here that Germany, Norway or Denmark will come into the movement.

At a mass meeting in East London to-night attended by 3000 sailors and firemen, the signal for war was given. This consisted in the firing of three rockets and the unfurling of a banner inscribed: "The war is now declared."

C.P.R. Liner Delayed.
LIVERPOOL, June 14.—This was the first of the big British ports to feel the effect of the general strike order issued to the union seamen to enforce the ultimatum served on the shipping federation some time ago. The C.P.R.'s Empress of Ireland, which both run to Quebec, abandoned their vessels to-day and the ship now is now up to date to sail on schedule.

The crews of a number of tramp liners followed the example of the men on the big Atlantic liners. The men are very orderly, having been warned by their officers to keep away from the water front.

"The seamen's union say that as fast as the big liners come in the men will quit work. All, however, will complete the trip for which they were signed, so that none of the steamers whose home port this is will be interfered with elsewhere."

Trouble at Montreal.
MONTREAL, June 14.—While it is not likely that the International Seamen's strike will greatly affect Montreal, it is not at all unlikely that trouble may arise between the local longshoremen's union and the principal shipping companies using this port.

During the past week the permanent board of conciliation appointed to settle all disputes between longshoremen and shipping have been deliberating in an endeavor to arrive at some agreement on the grievance, which if not settled will threaten the ordinary quiet and peaceful conditions of labor along the water front. The main point complained of by the longshoremen is that the captains of the vessels entering the port never ask for sufficient workers, thus leaving in the longshoremen's ranks many more unemployed than are necessary.

The second complaint is that the shipping companies are ignoring the union by employing non-union hands to unload the vessels which visit Montreal.

It was announced to-day by Mr. Franco, president of the board, that no decision would be handed down until the members of the board had themselves investigated the longshoremen's complaints.

The longshoremen are confident that the permanent board will succeed in adjusting their differences and are content to wait a decision for some time yet before taking extreme measures.

The next meeting of the board has been set for Saturday, when some definite announcement is certain to be made.

VEUVIUS HAD NOTHING ON HANK'S UNDERPINNING

Iowa Agriculturalist's Celluloidal Substructure Rent the Peaceful Atmosphere of the Old Homestead Cornfield With the Noise of Horrid War.

BLANCHARD, Ia., June 14.—(Special.)—Men have nursed vipers in their bosom only to be stung by them, but the experience of Hank Nixon, a farmer who grows corn hereabouts, was stranger than that. Nixon has cherished a sleeping volcano in the shape of an artificial leg. For ten long years this leg has served with faithfulness and efficiency, but to-day it went crazy with the heat, which reached 100 degrees, and blew up.

Nixon was plowing his cornfield. Along about 2 o'clock in the afternoon it began to get hotter and blazes and Hank turned the cultivator upon which he was riding, towards home. Just as he reached the edge of the field, Henry's old faithful celluloidal leg blew up. It scared the horses, raised a powerful wind and landed Hank in a furrow, where all he could do was lay on his back and holler till the chore boy came from the barnyard and took the place of the leg till Henry made the old homestead, where he put in an order over the phone for a new non-explosive leg.

The way Henry figures it out is this. Something went wrong with the harness and he was off the seat for some time adjusting the difficulty. Meanwhile the sun was just naturally pouring down on that metal seat until when he again mounted it, it was hot enough to raise blisters. Anyway, Henry wasn't hurt, and says that as the leg served him faithfully and patiently for ten long years, it was entitled to a holiday and a blow out.

Ottawa Fire Does \$100,000 Damage

Started in Premises of Dominion Warehouse Company—Thousand Bunches of Bananas Consumed.

OTTAWA, June 14.—Damage to the extent of about \$100,000 was wrought this morning by a fire which completely gutted the storerooms of the Dominion Warehouse Co., Nicholas-st.

The fire started from some unknown cause and within a short time had swept clean thru the storerooms, which contained thousands of dollars' worth of furniture, which had been stored there in addition to a large quantity of liquor, which had recently been imported under bond. The water pressure was poor, but the fire, on account of the inflammable contents of the storerooms, was very difficult to handle. The brigade confined the flames to the warehouse and the fruit exchange, managing to save the building of the Ottawa Cold Storage Co., which stood adjacent. The loss is partially covered by insurance.

COBALT, R.S. (Special)

At a banquet on the evening at Halleybury of the associated boards of trade, R. W. Gourlay, speaking on behalf of the visitors, declared that the Toronto board was pledged to the development of the north country, that an active publicity campaign was about to be inaugurated and predicted provincial co-operation and harmony from the combined board of the Dominion. There was a cry from northern speakers for increased railway facilities, more colonization roads and a more liberal investment of capital. Funds were found with loan companies sending money out of the province to the starvation of local development.

PANAMAS REDUCED

The Dineen Company has made some very large reductions in the sailing price of the stock of the Panama Panama. For instance the \$75.00 stock is marked at \$50.00; the \$10.00 at \$8.75, and a special high quality block for \$10.00. There is also a wonderful good line at \$5.00. Call at the show rooms, the corner of Yonge and Temperance-streets.
