Congress Representing 5,000,000 British Workers Opens at Glasgow

PARTY LINES BEING FOLLOWED IN PEACE TREATY DISCUSSION

Judge McKenzie intimates some secret reason for government's action.

Ottawa, Sept. 8.—The debate upon the peace treaty occupied the house of commons today and will probably continue until Thursday night. Supporters of the government supported the treaty, while all the speeches in criticism of it came from the opposition benches. The Liberal first motion that the treaty be accepted by the Dominion parliament was unnecessary, and in this connection Judge D. D. McKenzie read from the speech of David Lloyd George, delivered in the British house of commons on June 3, 1919. He intimated that the government was seeking a ratification from the Dominion parliament, which had been carried out some place they had made to the imperial authorities.

This led Mr. W. F. Maclean (S. York) to ask if any request had been made by Lloyd George for ratification of the treaty by the parliament of Canada.

Is Canada Nation?
Judge McKenzie replied in the negative but all intimated that there was some reason behind the action of the government in bringing the treaty before the house. It was an attempt, he said, to make the people believe that Canada was a nation when, as a matter of fact, she was simply part of a nation.

Hon. Dr. Beland strongly opposed Canada's entering the league of nations by the action of her parliament and thereby becoming subject to article 10 of the covenant. He said it might involve our being drawn into war against England. He gave notice that he would move the adoption of a resolution clause by which the government stipulated that no Canadian soldiers should be sent out of Canada except by the direction of the Canadian parliament.

A. L. Sifton replies.
Hon. A. L. Sifton, minister of public works, opened the debate on behalf of the government. Whether ratification was or was not necessary he said the government was carrying out the pledge of the prime minister in submitting the treaty to parliament. Our failure or refusal to ratify would result in the government's authorities ratifying the treaty for us without our consent or would leave us at war with Germany. In either event we would be bound by the terms of the treaty, and he pleaded with the members on both sides to adopt the resolution before the house without discussion.

Speeches were also contributed by Major H. M. Mowat of Parkdale, F. E. Stacey, Unionist member for Fraser E.C., L. J. Macdonald of the Maritime, and Plus Michaux of Madawaska, N.B. Ernest Lapointe of Kanouraska, moved the adjournment of the debate.

The minister of justice presented a bill to prohibit members of the Dominion police and of the Northwest Mounted Police from belonging to trade unions. The bill continues in force the provisions of an order-in-council to the same effect, passed under the war measures act. The bill was read a first time.

Sinclair Refutes Charges.
Rising to a question of privilege, Mr. Sinclair of Guysboro referred to a statement made in the house by Mr. Edwards on Friday in regard to Mr. Sinclair's alleged connection with the

PRINCE ARRIVES AT PORT ARTHUR
Looks Fit After Fishing Trip—Despite Rain, Big Crowd Grets Him.

Canadian Press Despatch.
Port Arthur, Ont., Sept. 8.—The Prince of Wales was greeted today by a crowd of people, which had braved the inclement weather to extend to him Port Arthur's loyal welcome.

From the C.P.R. station along the route to the collegiate grounds the cheering people crowded about to get a glimpse of their prince, who saluted constantly and looked fit and keen after his rest in the wilds of the Nipigon River.

Following the presentation of an address of welcome by Mayor Edward Blaquiere, to which his royal highness replied, the prince proceeded at once to the Port Arthur shipyard and formally launched the "Canadian merchant," a full canal size freighter, 261 feet long, built to the order of the Dominion government.

CONTINENT WIDE STRIKE TO BE DECIDED THIS WEEK

Shop Laborers and Section Men in Convention at Detroit May Call Out 600,000 Men.

Canadian Press Despatch.
Detroit, Sept. 8.—Definite action by the end of this week on the threatened strike is expected of the convention of the United Brotherhood of Maintenance of Way Employees and Railway Shop Laborers, which opened its sessions here today with more than 2,000 delegates from Canada, the United States and Panama canal zone present.

The membership has already voted power to the executive committee to call a continent-wide strike of the 600,000 men in these crafts unless the demands and working agreements asked of the railway administration of

the United States and the Canadian governments are granted. On Friday the convention, after hearing the reports of the national committee, which presented the demands of the brotherhood to directors-general or railroads, W. D. Hines, will discuss the wage question from every angle, including its relationship to living costs, and likely will take decisive action on the proposed strike. Sentiment of the convention is overwhelmingly in favor of a walkout unless the demands are granted.

Answer from the railroad administration to the demands presented is expected by Friday.

REFERENDUM DATE FIXED BY PREMIER, ELECTION WITHHELD

Cabinet Name October 20th for Ballot on Liquor Issue--No Information Given When Political Decision Will Be Made.

The date for taking the referendum ballot on the prohibition question through the province of Ontario has been fixed for Monday, Oct. 20. This decision was arrived at a meeting of the cabinet held yesterday afternoon, at which all the ministers were present.

The following statement was afterwards issued by the premier, Sir William Hearst, which opens here to go to the rural parts of the province where people have a long distance to travel to the polling stations on separate occasions to record their votes.

Some Women Objectors.
The day selected for the referendum will appeal to practically all the electorates as the most convenient. Some of the women voters have been known to be objecting to Monday for certain domestic reasons, but they will now no doubt readily fall in with the majority.

Brace County Distinction.
"Bruce county," said Allan M. Dymond, chief election clerk to The World yesterday, "has the distinction of being the first constituency to deliver the final voting lists, revised and printed. The lists reached here on Saturday."

Mr. Dymond added that the lists were now coming in well, and he had no doubt that they would all be in order by the end of the month.

SUGAR SITUATION SOMEWHAT ACUTE
Granulated Almost Unobtainable, Brown Scarce—Grocers Blame Hoarders.

In many sections of the city sugar of any kind is difficult to get except at a premium. For the last week or so there has been a steadily growing shortage and yesterday when The World canvassed several grocers the situation was found to be somewhat acute. In some cases the dealer stated he had no stock left out of granulated and was persuading his customers to buy brown sugar and in some cases the brown product was nearly gone.

On the other hand, some grocers stated that they had enough sugar to supply their customers and no more. The wholesalers are responding unanimously according to the grocers, who state that they are being well looked after by their respective jobbers. All dealers with whom The World reporter discussed the situation laid the whole blame on the shoulders of the hoarder, who went from one dealer to another buying small lots of sugar till he had quite a respectable little pile. One grocer thought that if every dealer supplied his own customers only the shortage might be prevented.

The wholesale houses reported no granulated sugar on hand yesterday, but brown sugar was for sale in some quantity. One wholesale man interviewed said there would be "lots of sugar in a few days." It may go up about a cent or so, according to this authority, when it does come back in any quantity. Asked the reason of the present shortage The World's informant stated the strike in the refinery and the shipping of large quantities to the west were the main factors.

ARCHANGEL CLERGY APPEAL TO BRITISH

Declare That Withdrawal of Troops Would Mean Horrors of Bolshevik Rule.

London, Sept. 8.—The Archbishop of Canterbury has received a despatch from Archangel, signed by the bishop and clergy, appealing to British Christians against the withdrawal of British troops, which, they assert, would leave Archangel to the horrors of Bolshevik rule.

THIRTY-HOUR WEEK FOR COAL MINERS TO BE DEMANDED

Big Increase in Wages Also to Be Asked Under Penalty of Continental Strike.

Cleveland, Sept. 8.—A sharp increase in the basic wages of all coal miners in Canada and the United States, the six-hour day and the thirty-hour week are written largely on the program for the international convention of the United Mine Workers of America, which opens here tomorrow. Recommendation that these demands be submitted to the operators at the coming conference at Buffalo, Sept. 25, will go before the delegates upon assembling tomorrow, and the temper of the arriving delegates, nearly all of whom are miners, presages acceptance of the recommendation. Unless granted by Nov. 1, the date contemplated in the recommendation, a continent-wide strike in the collieries is recommended.

Problems of high and higher cost of living will be the first at the convention. The opening report of Acting President John L. Lewis, who presides in the illness of President Hayes, will be largely devoted to the high cost of living and exhaustive statistics to prove the impossibility of continuing the present wage agreement drawn up in Washington in 1917.

One of the big questions to come up before the convention is the nationalization of the coal mines.

The coal miners of America look forward to nationalization as an ultimate solution of the coal problem," according to William Green, secretary-treasurer of the organization.

30,000 COAL MINERS WILL STRIKE TODAY

Scranton, Pa., Sept. 8.—Thirty thousand mine workers in the Lackawanna valley will be out on strike tomorrow morning, Delaware, Lackawanna and Western employees at fourteen collieries. About 5,000 men are employed at these collieries, and as an equal number of Delaware & Hudson mine workers went on strike this morning, the situation in the northern anthracite field is serious. Both strikes are unauthorized by the district union officers.

FOREIGN MARKET OR FACE RUN

Canadian Wheat Board Discuss All Aspects of Fixed Price.

The room wherein the board of control is wont to vociferously confer accommodated a different host yesterday morning and afternoon. This was the Canadian wheat board and it found itself surrounded by a representative assemblage of millers, grain dealers and farmers from all over the province. The farmers were not as numerous as represented as they should have been, they assert, would leave Archangel to the horrors of Bolshevik rule.

JUSTICE MATTERS TO GIVE NEW DECISION ON STRIKERS' BALLOT

Fate of Eight Winnipeg Leaders to Be Made Known Tomorrow.

Winnipeg, Sept. 8.—Wednesday forenoon Chief Justice Matheson gave a new decision as to whether the eight Labor leaders held for seditious conspiracy will be allowed out on bail. A special application was made by J. J. McMurray and T. J. Murray, counsel for the defendants, today. Mr. Justice Matheson and Mr. Justice McDonald sat beside the chief justice in an advisory capacity, but Justice Matheson explained that their presence did not constitute a full court. Decision was served until Wednesday, to be put in writing.

MASS MEETING HEARS GRATUITY ARGUMENTS

Globe Editor Upholds Statement That Canada Cannot Afford to Saddle Herself with \$800,000,000 Grant to Veterans.

The financial resources of the Canadian government are insufficient to pay a gratuity of \$2,000 to the returned men," declared Stewart Lyon, editor of The Globe, in the course of a speech at a mass meeting in Queen's Park last night of returned men, who are pressing for payment of a \$2,000 gratuity. Mr. Lyon showed characteristic courage in facing the heroes, and he was frequently interrupted as he laid out Canada's immense indebtedness with prospects of additional burdens before demobilization is complete.

MAY COMPROMISE ON RESERVATIONS

Canadian Press Despatch.
Washington, Sept. 8.—Marked indications of a compromise in the senate controversy over reservations to the league of nations covenant came today from both Democrats and Republicans, sources after Republican Leader Lodge had announced that the treaty would be reported to the senate Wednesday, and probably taken up for consideration next Monday.

WILL NOT IMPERIL WORKER'S DREAM OF LABOR GOVERNMENT

Glasgow Trades Union Congress Opens Sessions--Indications That Direct Action by Miners Is Unpopular.

Canadian Press Despatch.
Glasgow, Sept. 8.—The trades union congress, with a large number of delegates present, began its session today. Questions dealing with the labor situation in all branches of industry are to be taken up and discussed—ranging from increases in pay and reduction of hours of work to nationalization of coal mines, railway and shipping. The congress, considered the greatest ever held in Great Britain, comprises 850 delegates, representing approximately 5,250,000.
