Commerce Board IS PROBING CHILDS

Restaurants in Montreal Are Under Probe by Federal Commissioners.

Montreal, Oct. 21.—Childs' Restaurant Company, Limited, is the first object of the attention of the Canadian board of commerce in Montreal. Following a number of complaints by citizens with regard to the prices charged in the Montreal establishments of this company, officials of the company and its legal representative were summoned today before Lieut.-Col. L. R. Laficche, D.S.O., who was recently appointed examiner for the board.
 The company officials produced bills of fare, showing the prices charged for various articles, but it was thought that the nature of the enquiry would be too complicated for a verbal investigation, so it was decided that answers to certain questions asked by the examiner would be better answered in writing. There were no objections on the part of the company, Mr. Meredith stating that the company was quite willing to produce any evidence or documents which might be found necessary.

ASSESSMENT APPEALS

Merchants Bank Object to Paying Taxes on Building About to Be Demolished.

The Merchants Bank yesterday asked the court of revision for the cancellation of the business assessment on the building at 12-14 King street west which is to be demolished to make way for an eight-story office building. The bank's argument was that it should not pay a business tax on vacant premises soon to vanish, and more especially as it would be two years before the new building would be ready for occupation. Decision was reserved.

PROBE COST HIGH

Board of Education Building Investigation Meant Bill of Over Twelve Thousand for Toronto.

That probes cost money and that a successful counsel gets a far larger fee for his services than the judge before whom he appears was clearly shown by a bill presented to the board of control yesterday in connection with the late probe of the building department of the board of education conducted by Mr. Justice Lennox. The total amount of the bill was \$12,007.07. The account includes items, amongst others, \$2,500 for the judge, \$4,026 for reporting and the fee due to Mr. Shirley Denison who acted as investigating counsel was at the rate of \$100 per day.

RESULTS OF ELECTIONS

Clerk of Crown in Chancery Expects Complete Returns of Contest Early Next Week.

A. H. Sydere, clerk of the crown in chancery, stated yesterday that one week was allowed by law to elapse between the date of the provincial elections and the full returns being made by the various returning officers. He expects to have all the information, giving the exact votes polled for each candidate during the early part of next week.

"I Hope Every City and District Will Win My Flag"

When Edward, Prince of Wales—eager, bright eyed, smiling and sincere—arrived in Canada in August, and when he voiced his great admiration of the wonderful achievements of Canadians, on the fields of battle and at home, once again we were thrilled with joyous pride.

He asked concerning Canada's reconstruction programme, and when he was told of the Victory Loan 1919, he graciously consented to the use of his Coat of Arms on a flag, which is to be the prize of honour for districts achieving their quota in the loan.

In dedicating "The Prince's Flag" at Ottawa on Labor Day, His Royal Highness said in part:—"It is a great joy to me to be associated with the loan, which is the bridge between war and peace, and which is finishing off the job."

"I hope every city and district will win my flag."
 Striking, and beautiful in design, this flag will form not only an unique memento of Victory Year, but a lasting and outstanding souvenir of the visit of His Royal Highness—a visit which will remain as one of the most memorable events in Canada's history.

The reproduction above shows the design of the flag. The body is white, the edge red; in the upper left hand corner is the Union Jack, and in the lower right hand corner the Prince of Wales' Coat of Arms.

The flag is made in two sizes, 4 feet 6 inches by 9 feet for small cities, towns and villages, and 7 feet by 13 feet 6 inches for cities of over 10,000 population.

Canada has been divided into canvassing districts by the Victory Loan Organization. Each city forms one district. Other districts have been determined according to population.

Each of these canvassing districts has been allotted a certain amount in Victory Bonds to sell. To win the Prince's Flag, therefore, a district has to sell its allotment. That is the one and simple condition.

Anticipating that many districts will buy far beyond their allotment, the organization decided that for each

twenty-five per cent. excess of the quota one Prince of Wales' Crest be awarded. Thus the workers in a district doubling its quota will be the proud winners of four small crests for their Honour Flag. These crests will be sewn to the flag. The Prince's Crest—the three ostrich plumes—is shown at the top of the coat of arms.

To every organization with fifty or more employees, where seventy-five per cent. of the enrollment invests a total of ten per cent. of the annual payroll in Victory Bonds, a supplementary Prince of Wales Flag in smaller form—48 inches by 34 inches—will be awarded.

The allotment for each district has been carefully considered, and is based on a conservative estimate of the purchasing power of the district.

Your district can sell its allotment and thus win the Prince's Flag, provided each person does his or her share. You will gladly do your part and encourage your neighbour to do his.

Remember YOUR purchase may be the one that decides whether or not your district is to be the proud possessor of the Prince's Flag.

The Prince's Motto is "I Serve" Will You also Serve? Victory Loan 1919

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.
