The men complained a good deal of the ammunition issued for the Canadian Club match. The packages contained a mixture of English and Canadian ammunition. The men claim that there is a variation of 3 minutes in the elevation required for the different varieties, which make accurate shooting an extremely difficult matter.

CRACK SHOTS AT THE BUTTS

Thirty-Second Annual Matches of the Ontario Rifle Association Opened at Long Branch.

A SLIGHT DECREASE IN ENTRIES

Strong Team-The First Day's Scores.

Yesterday morning the thirty-second annual matches of the Ontario Rifle Associa-tion began at the Long Branch rifle

In the absence of Capt. Cartwright, R.G., Major J. J. Mason of the 18th, Hamilton, acted as chief executive officer. The preparatory gun boomed out at 8.20 and ten minutes later the first shot was

It might have been expected that the new regulation small dimension targets winner would have caused a considerable falling off in the scores as compared with last year's showing. A comparison of the actual scores proves that, if anything, the contrary is the case. For instance, in the Canada Co. team match, the scores were last year 194, 191 and 190, against this year's 198, 196 and 193. The inference is that the competitors are better marksmen at this year's meet.

Revolver Match a Success.

For the first time in the history of the association the revolver match was a distinct success, owing chiefly to the efforts of Capt. Mercer, who has devoted considerable attention to the details this year. Entry money was pouring in all day for this and the special series match, both of which will continue during the whole of the meet.

Negligent Markers. A few of the markers have been making inaccurate signals, and will be changed to-day. On the whole the marking has given general satisfaction.

To-Morrow Ladies' Day.

To-Morrow Ladies' Day.

Thursday will be ladies' day, and at noon, the president, E. B. Osler, M.P., will give a luncheon in the guests' marquee. The usual smoker that comes off on Thursday night, has been cut out this year, on account of its dubious success in the past. Prizes will be paid out this morning on demand at the treasurer's office.

The Canada Company, or "greenforns'" match is restricted to militiamen who have never won a prize at any rifle match in the Dominion. Five rounds are irred prone at 200 and 500 yards respectively. Following are the scores and prizes:

The Canada Company.

and ten minutes later the first shot was fired. The light was at first rather hazy, and a tricky wind from around the left front somewhat annoyed the marksmen. It soon cleared up, however, and remained generally favorable all day.

This year the number of entries is slightly below the average. Just 235 men are enrolled on the entry list, against 250 for last year. The Royal Grenadiers have sent out 34 competitors, the largest entry on the list. The Highlanders follow with 23 men, and the Queen's Own have entered 18.
