## SOUTHWORTH IS NAMED AS PARK COMMISSIONER

### Board of Control Finally Agree Unanimously on Appointment at \$3500 Per Year.

The unanimous decision of the board of control to recommend Thos. Southworth, provincial director of immigration, as parks commissioner at a salary of \$3500, will bring the question of an appointment squarely before the city council at Monday's meeting, when Judge Winchester's report will also be received. A two-thirds vote will be necessary to defeat the recommendation.

While the board finally voted solidly for Mr. Southworth, the choice of a successor to Mr. Chambers trembled in the balance for several minutes. At the outset the mayor nominated George Wilson, his secretary, and Controller Hocken seconded the motion. Controller Spence urged that the claims of all the candidates be considered separately and announced opposition to Mr. Wilson. Controller Harrison named James Wilson, superintendent of Niagara Falls Park, and Controller Ward promptly submitted the name of Mr. Southworth, saying that while not personally acquainted with the latter, he considered him a strong man.

The mayor then moved that Mr. Wilson be recommended, and the vote showed Controllers Spence, Ward and Harrison in opposition.

Only Controller Harrison voted for James Wilson, and on the mayor proposing Mr. Southworth, the vote was unanimous.

The question of salary was then raised and agreement was general that there should be no perquisites other

than a horse or auto, to be used in inspection tours. Controller Spence said that the perquisites enjoyed by Mr. Chambers had been worth at least \$1000.

"I think \$3500 will be satisfactory," said Controller Harrison, and Controller Hocken agreed that the amount would be a "good start, in view of the salaries in other departments."

Controller Spence, however, suggested \$2500, and a motion to this effect by Controller Ward carried unanimously.

Mr. Southworth, who now receives \$2000 a year, will be given a free hand in reorganizing the parks department, which, so Controller Hocken declares, "needs a thorough cleaning out." In politics he is a Liberal.

The question of salary was then raised and agreement was general that there should be no perquisites other

## CAR LEAVES TRACK AND PLOWS THROUGH THE MUD

### Royce-Avenue Church Welcomes Incoming Pastor—Many Items of Interest in County.

WEST TORONTO, April 7.—Had it not been for a stroke of good luck, an accident which occurred tonight might easily have been attended with serious if not fatal results. As the 6.10 Davenport car with about 25 passengers aboard was speeding along eastward at a fair rate, between Salem-avenue and Dufferin-street, it jumped the tracks and heading northward plowed through the mud for a considerable distance before coming to a standstill at the rising ground, bordering the north side of the road. Beyond a severe shaking up of the passengers escaped unhurt, but the motorman had his shoulder bruised by being thrown against the side of the vestibule. As it is a perfectly straight piece of road at this point, no other cause could be attributed for the accident than the improper and insecure condition of the roadbed, it was by the merest chance that the car took the direction it did after leaving the track, and had it plunged down the 20 foot embankment on the south side of the road a catastrophe would have been inevitable.

## Case Further Adjudged.

The burglary against Jack Reilly and Michael Marlin did not come up in police court this morning. Reilly's lawyer had not all the evidence prepared, so Police Magistrate Ellis adjourned the case for next week. Sullivan, the remaining member of the notorious trio, is not yet sufficiently recovered from his encounter with Sergt. Peters, to appear in court.

The congregation of Royce-avenue Baptist Church tendered a hearty reception to-night to the new pastor, Rev. W. J. Wright. Rev. C. C. Weaver of Parkdale, who for the past two months so ably conducted the services while the church was without a pastor, was present. Mr. Weaver was made the recipient of a purse of gold from the congregation. Mr. Wright, superintendent of home missions, gave an address, and Rev. Reid, pastor of Royce-avenue Presbyterian Church, brought greetings and good wishes from his congregation. The choir was occupied by Mayor Baird, and refreshments were served by the ladies.

## GREEN RIVER.

### Immense Throng Attend Funeral of Late Stanley Hoover.

GREEN RIVER, April 7.—(Special.)—One of the largest funerals ever held in the town of Green River was that of the late Stanley E. Hoover, which took place at the residence of his father here this afternoon. The young man, who met his death by being struck by a westbound express on Sunday morning at Locust Hill station, was well known and universally beloved, and the last sad rites, attended by his fellow students of the Markham High School, and an immense throng of friends and relatives, were especially sad. Nearly 100 carriages followed the remains to Locust Hill cemetery, where Rev. Mr. Reynolds performed the funeral service. Deceased was actively identified with the work of the Locust Hill Methodist church and school, and of a bright and cheery disposition. The pall-bearers were fellow students. He was 18 years old, the only son of Alpheus Hoover, and pre-deceased by his mother about three years.

## MARKHAM VILLAGE.

### Inspector Finds Everything in Good Shape Here.

MARKHAM VILLAGE, April 7.—Inspector Forthingham made his half-yearly inspection of the public schools here recently. After commending favorably on the improved conditions of the school buildings, the inspector called attention to some very cogent matters, educationally, which came under his notice.

As intimated in recent utterances of the minister of education, urban schools are likely to have their grants apportioned as rural schools have. Under these conditions urban schools would find it to their advantage to employ a much higher percentage of first and second-class teachers, an additional grant of \$20 being made for each such certificate. Equipment of those supplies, as well as grounds, walks and outbuildings would also be graded so that school boards giving greater attention to such matters would find their grants so increased that the burden of paying for the improvements would be light at the same time school work could be conducted much more advantageously.

He referred to the frequent changing of teachers, made necessary, in part at least, by employment of those who must leave to attend Normal School. This is a serious disadvantage to education, and should receive thoughtful consideration of all who

## MIMICO.

MIMICO, April 7.—The spring is here and so are cattle stragglers. Not many as yet, but any day or night may declare the fact that enough are roaming around to destroy a lawn if they overdo it just now.

As a result of work done last year and some already planned for this year to be begun in the near future, Mimico will show some fine new residences, both summer and permanent, but also will have some new beautiful lawns in connection therewith.

R. H. Skelton, whose new brick residence in Victor-avenue is one of the best in the village, is already considering extensive and systematic preparations for his grounds, and if a lawn can be made suitable for bowling this summer he will have a fine lawn in Mimico and perhaps a club formed, some who love this game are hoping for this.

Another case of scarlet fever has developed recently. Dr. Bull, health officer, has found it necessary to placard the house of Arthur Finch, Church-street, whose oldest daughter, Grace, is the sufferer.

## YORK COUNTY FARMERS.

### Fall Wheat Looks Fine, and Outlook Generally is Hopeful.

Farmers from all parts of York County in the city in the discharge of their business report the outlook generally bright for the spring and summer as respects wheat. The crop is doing as well as its predecessors. With a singular unanimity, all are agreed that fall wheat where sown has so far survived the winter remarkably well. The snow is now practically all cleared from the fields, even in the northerly parts of the county, and the wheat is served from most part green and thrifty. That the most trying time of the year with alternate thaws and freezing, and the cold, dry winds of April at present, this most important crop will survive through all right. A promising feature of the outlook is the presence of little frost, and the fact that much of the moisture has been absorbed by the soil. As showing what can be accomplished by economy in feeding, and an abundance of the farmers will be for their stock, until the coming of winter, when the rolling motion of the ground and dry season, the growth of straw was last year very short, and the complaint is heard and all kinds of stock will come thru all right.

Everywhere a feeling of optimism prevails, and the readiness with which farmers retiring from active life disposes of their York County farms indicates that the same spirit of hope and progressiveness actuates their successors.

## WYCHWOOD.

Local Band, The Youngs, Will Compare Well With City Organizations.

The 17th Saturday evening concert, held under the auspices of the Wych-

wood Brass Band, was like all the others, a great success, and reflects credit on Bandmaster Fred Kunn and Secretary Alf. Pollett. W. Edwards presided, and all the artists acquitted themselves splendidly. The band will play at the public meeting in Hillcrest school on Wednesday evening.

Thru the efforts of W. R. Curry, who recently was appointed choir-master of the Presbyterian Church, the choir is making splendid headway and will give an entertainment in the church on Thursday evening.

The Presbyterian Church was presented with a \$50 magic lantern. It was used for the first time last Sunday evening and everybody was delighted.

The Alexander Choir, led by Dr. Falkenberg, will render a service of songs at Zion Methodist Church next Sunday evening.

## NORTH TORONTO.

### Council Are Following Up Good Work of Citizens re Trees.

NORTH TORONTO, April 7.—At tonight's council meeting the recommendation of the Mayor and Light Committee that the Canada Foundry Co.'s tender for 6-inch water mains at \$35.50 per ton be accepted, was accepted.

The commissioner was instructed to remove the lumber from the pound at the Council property.

A petition from the property owners of block "H" for a 6-inch water main was received.

Sufficient signatures have not been obtained, and the council will take up the improvement on the initiative.

The drain from a pair of new houses on Montgomery emptying on Smith-avenue, was recommended to be closed up by the commissioner. Mr. Nelson the owner, was present and argued that this drain is not a nuisance to anybody. The question was finally referred back to the board of works.

The commissioner was instructed to prepare an estimate of the cost of the street repaving required.

The "House Bros" tender for shade trees at \$50 per 100 was accepted. The trees will be planted 30 feet apart and where practicable on the outside of the boulevards. The council also decided to charge an extra 15 cents per tree for the planting of same by the corporation.

The application for a crossing on Stewart-street was referred to the board of works committee.

The tree planting committee appointed by the ratepayers' association will meet in the council chamber on Saturday evening.

Mrs. Crang, Sr., who has been ill is slowly improving.

D. Schwalm has moved to his new home on St. Clair-avenue and Shaw-street.

Mr. and Mrs. R. Punnett of Christies-avenue recently entertained a number of friends at a dinner given by Mrs. Crang, Sr. During the evening a guessing contest was much enjoyed. The prizes were won by Mrs. Coley Jordan Baggis and Mr. Crang.

## VERDICT OF MURDER IN MONTREAL SHOOTING

### James Smith Left Note Bearing Peculiar Message—Condition of Wounded Men.

MONTREAL, April 7.—(Special.)—A verdict of murder against James Smith was the finding of the coroner's jury to-day in the case of Constable Shea, who was shot down and killed by the accused. This was one of the happenings to-day in the famous case which caused so much excitement in the city.

Chief Siles Carpenter is better and may be removed to his home in ten days' time, while Constable Foucault, who accompanied Shea to the murderer's room, has taken a turn for the worse, and altho the result will not be fatal, his recovery will likely be slow.

The doctors say that Smith will also recover and people are somewhat divided as to the man's responsibility. While some say he is insane, others declare that it was simply a drunken spree, and that he knew what he was doing all right.

Blames the Woman.

Written on an envelope, which is the police found lying on a table in James Smith's room after he had been removed to the hospital, was the following: "Mrs. Frichard brought all the

about by her vile conduct. Withal she was not in danger. The law is polite to a gentleman, and it might as well be polite to a gentleman. (Signed) James Smith.

This message was in Smith's handwriting and was addressed to the Vice-Publishing Company.

The mayor stated to-day that it was his intention to make full enquiries into the circumstances attending the death of Volckman Shea, and if he found them as he had been led to believe they were, in his capacity of mayor, move that some substantial recognition be made by the city of the dead policeman's bravery, in the shape of a monetary grant to the widow.

## GOUIN WILL STICK.

MONTREAL, April 7.—(Special.)—The much debated question as to whether Hon. Lomer Gouin will retire from the local premiership before the coming elections has now been definitely settled by the prime minister, who has authorized the statement that he will remain at the head of the administration until after the elections, and he thinks for a good deal longer.

## MAYOR OFF ON A JAUNT.

The mayor left last night on a tour of inspection of sewage filtration plants in Philadelphia and other United States cities. He will join the city engineer, who has been away on this mission for several days, and will be absent for the remainder of the week.

Game Meeting at Lindsay.

LINDSAY, April 7.—(Special.)—A public meeting under the auspices of the local branch of the Fish and Game Protective Association was held in the council chamber here to-night. The meeting was a success.

G. H. Hopkins, president of the local branch, was in the chair. Mayor J. B. Beeg, president of the Board of Health, W. B. Sparling, Wm. Flavelle, and others showed the possibilities of tourist traffic to the town and district.

At the close of the meeting a resolution was approved unanimously of a petition now being circulated by the branch and the president of the Board of Trade.
