Women's Cold Weather Underwear

Our line of Underwear for winter surpasses unquestionably any of our previous showings. There's not a desirable feature wanting to make the collection perfect in every respect. This certainly is decidedly the better sort of underwear. No maker contributes to this stock whose goods haven't earned a meritorious reputation.

No need for you to think about the price, either. Simply buy here, and you'll get a full return for your money

The new 9,000 ton passenger steamship for service between Montreal and Glasgow in company with the Athenia and Cassandra, has been named the Saturnia. She is due to arrive in Montreal for the first time on June 20. She will sail from Glasgow June 11. The Saturnia will also be the last Donaldson line Glasgow boat to leave Montreal next season, departing for Scotland, November 17.

The Donaldson line, in their new folder dealing with the coming season, announce an increase in rates the mininum second her, so that she would not have to at-

accompanied by his wife and daughter, arrived in the city from St. Stephen yesterday and registered at the Royal. To a reporter he said he did not think the session of parliament would last very long.

Frank Crawford, a Carleton man, had his hand crushed while at work on the S. S. Empress of Britain last night, Dr. F. L. Kenney attended him in the emergency hospital.

Finnish points, \$1.50.

The Saturnia was built by Messrs. Charles Connell & Co., of Glasgow, and is designed to carry 1,000 third class passengers.

Last night a little girl named Mercer, belonging to St. Andrew's street, was thought a little girl named Mercer, the life of Oliver Wendall Holmes and Douglas McArthur, Miss J. Armstrong and Douglas Leavitt recited selections twenty-five cents stolen from her. She was walking along Mecklenburg street on her way to a grocery store.

Briederick Cohen, a former waiter at the Bellevue-Stratford Hotel, who eloped Dec. 29th from Philadelphia, were found and arrested late today.

They were discovered by detectives in a rooming house at 68 West Superior street, on the North Side of the city. When the policemen entered the house, Miss de Janon was playing with a pet dog which she took with her when she disappeared with Cohen, who is 43 years old and married. Cohen was reading in an adjoining room.

old and married. Cohen was reading in an adjoining room.

Cohen revealed to the officers the story of his flight with the girl from Philadelphia, a flight extending for thousands of miles through the United States and Canada and in which a trip to England was interrupted at Halifax because the boat officers would not permit the presence of Miss de Janon's pet dog on the vessel. At least that was Cohen's explanation of the abandonment of the sea voyage which began at St. John, N. B., but the police believe that he planned to leave the boat at Halifax to clude detectives. Cohen and Miss de Janon reached Chicago on Thursday and rented a room in a boarding house owned by Mrs. Frank Perrin. Cohen introduced the girl as his daughter, Alice. He identified himself as Robert King and said he was a barber

a year.

John T. Jennings submitted a report from the transportation committee, which was adopted. The report, among other things, stated that Fredericton had been subjected to unfair discrimination during the Christmas season in the sale of excursion tickets from Boston to the Maritime Provinces. Officers for the ensuing year were elected as follows:

President, G. W. Hodge; vice-president, J. J. Jennings; secretary, J. J. F. Winslow; treasurer, M. Tennant; tourist committee, F. B. Edgecombe, J. W. McCready, T. V. Monahan, A. R. Slipp, A. A. Shute; transportation committee, J. T. Jennings, C. Fred Chestnut, F. B. Edgecombe, G. Y. Dibblee, J. W. McCready; council, C. F. Chestnut, F. B. Edgecombe, J. D. Phinney, W. E. Farrell, W. G.Clark, John Palmer, A. R. Slipp, J. J. Weddall, G. Y. Dibblee, J. S. Neill, J. W. McCready.

Says Talk of Overthrowing Government if Something is Not Done—Interesting Matters At Fredericton Board of Trade Last Evening

Fredericton, N. B., Jan. 10.—The annual meeting of the board of trade was held this evening when many matters of public importance, including the Valley Railway, river steamship service, discrimination in freight rates by railways and an agricultural college, in connection with the university, were discussed and action taken thereon.

Gready.

John Palmer brought up the matter of railway freight rates, and cited instances where Fredericton jobbers were discriminated against in favor of St. John on goods forwarded to North Shore points. He said the freight tariff appeared to favor St. John all the way through.

J. S. Neill and others complained of the excessive winter freight rates charged Fredericton merchants by the C. P. R. on goods brought from St. John to Fredericton ton than it did from Glasgow to St. John. G. Y. Dibblee strongly condemned the train service on the Fredericton branch of the C. P. R.. He said the single express train run out of this city each day was more for the benefit of St. John suburbantee than for Fredericton people, while

A committee was appointed to take the whole matter up with the railway companies and if necessary to carry it to the

panies and if necessary to carry it to the railway commission.

A motion that the local government be requested to increase the subsidy to the steamer Hampstead from \$500 to \$1,000, created some discussion. Several speakers sharply criticized the Hampstead and her officers and an amendment recommending the government to offer a larger subsidy to any company giving an efficient service was adopted.

The president's address was taken up section by section and his recommendations heartily endorsed.

Mr. Phinney wanted to know why the

President George W. Hodge, in his an nal address, referred to the prosperity which the city had enjoyed during the past year and spoke most hopefully of the future.

He dwelt at some length upon the St. John Valley Railway question, and predicted that within a year the road would be under construction.

The need of an agricultural college for New Brunswick was dwelt upon, and he hoped that one would be established in connection with the university.

The urgent need of a new railway station for the Intercolonial was pointed out, and he thought there was considerable room for improvement in the passenger service to this city of both railways.

The resident hough there was considerable room for improvement in the passenger service to this city of both railways.

The resident hought there was considerable room for improvement in the passenger service to this city of both railways.

The resident hought that more might be done to boost Fradiciton as a manufacturing centre and, in this connection, he suggested the appointment of a publicity committee.

The John Valley Railway question, and predicted that within a year the road would be established in college and merchant's week, was also settled in the circuit court this morning and the record withdrawn. The defendant was considerable room for improvement in the passenger service to this city of both railways.

The resident hought that more might be done to boost Fradiciton as a inanufacturing centre and, in this connection, he suggested the appointment of a publicity committee.

The January term of the York county for the stablished in the city of the story of the succession was the council.

The deed of an agricultural college for Mechan vs. Stevenson was settled in the circuit court this morning and the record withdrawn. The defendant was charged in the circuit court this morning and the record withdrawn. The passenger of the work of t
