ROOSEVELT SHOWS HIS SPIRIT

Orders the Suspension of a Mississippi Captain

OUTCOME OF A RACE

Captain of Mississippi Steamer Tried to Show President Speed Qualities of His Craft, and Loses His Certificate

EVANSVILLE, Ind., Oct. 5.—Inspector Williams issued telegraphic orders last night, ordering the suspension of the license of the captain of the steamer Fred Hartweg, for 90 days, in accordance with a request of President Roosevelt.

The offense charged against the captain of the Fred Hartweg was racing with the steamer Alton, thereby endangering the Mississippi, on which President Roosevelt was traveling.

EVANSVILLE, Ind., Oct. 4.—U. S. Inspector of Hulls Williams, this afternoon received a telegram signed by President Roosevelt, directing that the license for the steamer Fred Hartweg, which carried the Pittsburg delegation to Memphis, be immediately suspended.

“MEMPHIS, Tenn., Oct. 4.—On board U. S. S. Mississippi—“Superior inspector of vessels, Evansville, Ind. “I direct that the license of the master, or whoever is responsible for the vessel, be suspended at once for ninety days. I wish this done by telegraphic order. The boat may be returned to service when the details of the suspension, which has been of serious nature, and might have any time caused an accident to this boat, as well as to other boats.”

According to a despatch from Cairo, Ill., the incident which resulted in President Roosevelt requesting the suspension of the license of the steamer Fred Hartweg occurred a short distance below that city Thursday.

After our pulp wood TORONTO, Ont., Oct. 4.—Representatives of pulp and paper mills in Wisconsin, Michigan and Pennsylvania are in active competition for pulpwood on both the Quebec and Ontario sides of the border. They are buying steamers to get for delivery this season and in some cases making contracts for supplies for several seasons ahead.

BASEBALL PLAYER DEAD

NATICK, Mass., Oct. 5.—Marcus T. Leary, a baseball pitcher connected with the Cincinnati National League Club, died suddenly here last night following an operation for appendicitis.

MORE LIGHT WANTED

A number of Fairville residents have called attention to the need of light on the Suspension Bridge at night.

HISTORIC COPE STOLEN

PARIS, Oct. 5.—An antique, historic cope has been stolen from the church at Blanzac, Haute Vienne. It is valued at nearly \$2,000. It is believed that the thief has taken it to London.

ELVEN DEATHS

Eleven deaths were reported at the office of the board of health for the week ending Thursday as follows: Pneumonia and cholera infantum, two each; marasmus, consumption, convulsions, heart disease, gastritis, carcinoma, scirrhus of breast and obstruction of intestines, one each.

BRITISH SHIPS WILL RACE 6,000 MILES

Lawrence and the Norwood Both Carrying Lumber for Buenos Ayres.

(Boston Globe, Oct. 4.)

“I would be willing to wager any sum that follow on the run out to the river,” said Captain Haaverson of the bark Alexander Lawrence today when asked what he thought his chances were in a race to South America with the British ship Norwood.

The Lawrence has a reputation for fast sailings. Last year she beat out a fleet of square rigged on the passage to the river Plate, and it is reported that her captain and officers won a neat sum from the officers of the other vessels.

The Norwood line at anchor here are both destined for Buenos Ayres, the former with 1,213,673 feet of lumber and the latter with 1,011,287 feet of pine.

When the youthful prisoner was remanded to jail, both he and his mother groined at each other bitterly.

His honor informed De Vienne that even though he did not actually steal the hides, he was liable to a penalty for assisting the boy who did.

PRISON GATE WORK

Salvation Army in Canada Last Year Were Interested in Nineteen Thousand Prisoners.

Lieut. Col. Pagniere, secretary to Commissioner Combs for the Men's Section Department (including prison work) throughout the Canadian field, has returned from Chicago, where he attended the National Prison Congress.

Interviews with prisoners... 18,871 Discharged prisoners given employment... 2,068 Meals given prisoners... 1,011 Clothing given prisoners... 886 No. of faros or part fares paid for prisoners... 378 No. meetings held in prisons... 1,405 Prisons expressed desire to lead a new life, asking for help... 1,372 No. of men found employment (temporary or permanent) in Toronto alone... 2,000 No. of letters found... 122

The aim of the Army's efforts," says the Colonel, "is the thorough reformation of the criminal. There are two distinct lines in our work which are most beneficial to the class among whom we labor: Individual visits to the men in the cells is one; the other is the maintenance of personal contact with the men in the cells for good.

“It is four years since the minister of Justice gave the Army access to all the penitentiaries. Regular visits are made, and convicts interviewed. Monthly discharge sheets are furnished by the minister's instructions, and this enables us to make proper provision for those whose early discharge is anticipated.

“Genuine repentance on the part of the prisoner is not to be despised, and to the measure of its reality we are able to assist him, communicating with his friends, interceding with former employers, saying for his wife and children during his incarceration, and paving the way for him on his release to enter society with every home and prospect of a future career as a law-abiding citizen.

“It is a little more than seven years ago Dr. Gilmour opened the doors of the Central Prison to the Army, with permission to do personal work with the prisoners as they would and later to be responsible for many of the religious services held in the prison. Since then upwards of three thousand discharged prisoners from that institution have passed through our hands, all of whom have been found employed or in contact with their friends.

THE COPS WERE MUCH TOO HEAVY

Physical Drill Makes New York Police Fall Down

PAGE WAS TOO HOT Commissioner Bingham's New Drill Makes Policemen Trot at Double Quick for 42 Minutes—Too Much Waist Line

NEW YORK, Oct. 5.—The Tribune says, three policemen dropped from exhaustion at the police school for instruction in the old 69th Regiment Armory yesterday while undergoing Commissioner Bingham's new corrective drill for those guilty of violating the code.

They were attended by a police surgeon and then sent to their homes. Two or three have to go through more drills before their sentences are completed.

Fifty patrolmen were at the session, nearly all of whom were serving sentences for infractions of the rules.

Last night calls at the homes of Divens and Mills were turned away. The doctor, who attended the men, says their exhaustion must have been patent to any observer.

“They were too fat and heavy,” he said, “and I am surprised that they were able to stand it as long as they did. Their lack of condition was so evident that it was only extraordinary games that kept them going.”

“Sleazebag in the ranks,” shouted Lieut. Brown, and the steady jog kept up.

The company had been on the floor a little over two hours when Palmer Holinger dropped and a second later Divens and Mills went down. Ranks were broken and the three exhausted cops were carried to the street.

NEWS FROM FREDERICTON

Bank of Nova Scotia May Not Get Bonds at 85 After All—A Bigamy Case.

FREDERICTON, N. B., Oct. 5.—(Special)—The body of the late Captain Wood died in Boston a few days ago arrived here by the noon train today and was interred in Forest Hill cemetery.

It is understood that the city bond sale recently negotiated by L. W. Johnston with the Bank of Nova Scotia at 85 will not be consummated at the present time.

It is likely that several wealthy citizens will supply the city with sufficient funds to carry on the ordinary business until such time as the bonds can be sold at a more satisfactory figure.

The heads of two moose shot on Campbell River by Dairy Superintendent and Mrs. Dagle of Moncton have been received at Enniskillen establishment.

Before Justice Ryles at Georgetown yesterday Cecilia J. Eaton, colored, was committed for trial on a charge of bigamy.

The evidence of four witnesses was taken and went to show that she has two husbands living, viz. James Eaton of Woodstock whom she married in 1900 and James W. Little, of Georgetown, to whom she was joined in August last.

Little is a white man and is in jail charged with bigamy. Both cases will likely come up for trial at the Queens County circuit court which opens on Tuesday.

Mrs. Little No. 2 claims that her first husband is living with another woman named Helen and Emma. True that she is a sister of Morton L. P. Harrison which has only to be seen to be desired.

Mrs. Irving, Mrs. Moleworth, Frances Compton and others have been in never-to-be-forgotten stories given to childhood, a juvenile literature greatly enjoyed by the young people of the town.

“Parents, kindergarten and baby books are scarce in our daily home atmosphere and children that very young children themselves love differ from the former in character somewhat and are not very frequently to be discovered. Miss Harrison with some sweet little poems and songs of her own composition and using simple and happy words and phrases that are cunning and attractive in every detail, has also made her text unusual by reason of her familiarity with every phase of baby and child life.

BOARDING MISTRESSES WILL FORM A UNION

Increased Cost of Living Drives Massachusetts Boarding House Keepers to Take Protective Measure.

WEST SPRINGFIELD, Mass., Oct. 5.—The boarding mistresses of this town have decided to call a meeting for Monday night to form a boarding mistresses' union.

The occasion being the greater cost of living and the higher rents demanded. Some have already raised the price of board and rooms and in order that the price may be made general the union will be formed.

Although this is a small town, the boarding house business is thriving, for the many men who work in the Boston & Albany shops here also make their place of residence, and as most of them are single they have to resort to boarding.

FROM SOLDERING IRON TO ARTIST'S PALETTE

This Story of an Italian Youth Reads Almost Like a Fairy Tale

NEW YORK, Oct. 5.—Antonio Barone, an Italian youth of 19 years, is now a student at the Art Students' League, and is turning out work in portraiture which is gaining for him the commendation of such masters as Kenyon Cox and William M. Chase.

Yet about a year ago Barone was soldering tin cans in a factory at Leroy, N. Y., and his chance of being a painter were remote.

Miss Ida C. Leroy, who had studied art in this city, heard from some friends that an Italian had in the factory, who could hardly speak English, was making such good portraits of his fellow workmen that they were the talk of the place.

She sent for him, looked at his sketches and made arrangements with his employers by which he could have more time for drawing.

Last autumn he entered the Art Students' League and by the end of the year he had won a scholarship.
