

SCOUTS EXHIBIT SOME FINE WORK

Hobbies and Handicrafts Show is Opened in the Ritchie Building.

The hobbies and handicrafts display of the Boy Scouts of St. John district, which opened last Saturday in the Ritchie Building, is attracting considerable attention.

CLASS I. MAINTENANCE TRAINING Section 1, Small Woodwork Charles Scribner, Kingston, N. B., waste basket.

CLASS II. NAUTICAL AND AERONAUTICAL MODELS Section 2, Airplanes of Vessels Robert C. Shreve, 111 Union street, airplane.

CLASS III. BIRD HOUSES Norman G. Smith, 71 Dorchester street, birdhouse.

CLASS IV. INDUSTRIAL CRAFTS Norman G. Smith, archery set.

CLASS V. RADIO Section 1, Crystal Sets Fred McIntyre, Havelock street.

CLASS VI. COLLECTIONS Section 1, Military Buttons and Badges Norman G. Smith.

CLASS VII. KNIT CRAFT Section 1, Collection of Knitwear William Hoyt, Fairvale, Gordon Ury.

CLASS VIII. SCOUTERS (Open to scoutmasters, cubmasters, and assistants.)

CLASS IX. NATURAL HISTORY Section 1, Natural History A. Earle Wilson, 44 Celebration street, weed seeds.

CLASS X. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XI. COLLECTIONS Section 1, Collection of Knitwear William Hoyt, Fairvale, Gordon Ury.

CLASS XII. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XIII. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XIV. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XV. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XVI. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XVII. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XVIII. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XIX. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

CLASS XX. ARTICLES IN PROCESS OF MANUFACTURE Austin Nicholas, 30 Queen street, cotton.

Years Happy If Law Is Kept

IS SAD NEWS TO ST. JOHN FRIENDS

Mrs. Simon J. Nevins, of Brookline, Mass., Passes Away.

St. John friends of Simon J. Nevins of the Boston Globe composing room, will be very sorry to learn of the death of his wife, Mrs. Arna Nevins.

She was married to Mr. Nevins in Newton Centre, Oct. 10, 1909. They settled in Brookline soon afterward and both were active in the religious and social life of St. Mary's Church of the Assumption, of which Mr. Rev. Mgr. M. J. McManus is the pastor.

REMAINED ON SHOOTING CHARGE

Charles Simon in Court After Gun Play in Syrian Hall.

As a result of a shooting in the Syrian Hall, St. John, last evening, Louis Corey, a contractor, of 18 Brunswick street, and Thomas Stephen, a contractor, of 288 Prince Edward street, are in the St. John Infirmary each suffering from a bullet wound in the leg.

Simon and two friends started to assault George Corey, when Louis Corey endeavored to separate the fighters. Simon is said to have then gone to the opposite side of the hall and drawn a revolver from his overcoat and fired a shot which passed through Louis Corey's right leg and then lodged in the knee of Mr. Stephen.

The defendant was later arrested and this morning in the police court was charged with wilfully shooting with a revolver and doing previous bodily harm to Louis Corey and Thomas Stephen. He was not asked to plead and was remanded until he has been determined just how serious are the injuries sustained by his victims.

Charles Simon, who discharged the gun, and with one shot wounded two contractors tried to leave the city by the Montreal C. P. R. Express last evening but was captured by John Shalloo, who took him from the first car on the train, escorted him to Prince Edward street where he tried to break away and was then taken in custody by the police.

Dr. McCourt and Dr. Fleming looked after the treatment of the injured men. The ambulance had been summoned to the hall. There was a quick response, but on arrival at the Hall there was no information received that any person was injured, and on information that a man had been shot and had been escorted to Brunswick street, which is only about fifty yards from the house, and the place in question being the home of Louis Corey, it was assumed that Louis Corey was the injured man, and on instruction from Dr. J. A. McCourt, Mr. Corey was removed to the St. John Infirmary. Power Hears of Shooting.

Sergeant Detective Power was notified of the shooting shortly after it happened, and started out on an investigation. He interviewed Thomas Stephen, in the home of his mother, and Stephen stated that he had not been injured and that nothing had happened to him. It was rather a surprise later on in the night for the Sergeant Detective to learn during his investigations that Stephen had been shot in the knee and was being sent to the Infirmary.

Detective Power worked on the case until finally he located the revolver that had been used by Charles Simon. The gun had been thrown from Prince Edward street to the roof of the Assinilian Hall where the Sergeant Detective located it. The revolver is of 08-calibre.

BILLY MISKE DEAD St. Paul, Minn., Jan. 2.—Billy Miske, 261 Paul heavy weight boxer, died in a Minneapolis hospital yesterday after a long illness with Bright's disease.

BIG WINNIPEG FIRE Winnipeg, Jan. 2.—(Canadian Press.)—Fire last night destroyed the factory warehouse of T. & P. Limited, manufacturers of agents, in William avenue. The loss is expected to approximate \$300,000, fairly well protected by insurance.

Rev. and Mrs. W. H. Spencer returned to their residence, 19 Douglas Avenue, on Friday afternoon having spent the Christmas season with their daughter, Mrs. A. C. Sinclair, and their son, W. J. Spencer, in Charlottetown.

Miss Maud Hunter, of St. Stephen's, New Year's visiting Mrs. Thomas, 206 St. James street, West. Harry Leonard, of Windsor, Ont., who has been spending New Year's with his parents, 85 Robesay avenue, will leave this evening on his return home and will be accompanied by his little daughter, who has been visiting her grandparents.

Miss Kathryn Martin, of Halifax, is spending her holidays with her sister Mrs. A. W. Taylor, Glen Falls.

Mrs. Wallace Barnette, of South Hampton, New county, spending the New Year holiday time as guest of Mr. and Mrs. George A. Knorr, 70 Elmwood street.

Miss Helen McDougall of Debec, Carleton County, is visiting at the home of Mr. and Mrs. Robert Nichol, 290 Britannia street.

Mr. and Mrs. John Hill, Campbellton, who were visiting Mr. Hill's parents, Mrs. L. W. McGrath, 87 St. Patrick street, left yesterday for Richibucto and other towns before returning home.

The bite of a peculiar bug that is found on the Philippine Islands produces temporary paralysis.

Screen Star Released By The Police

Curious Cross Currents in Wall Street—Quiet in Montreal.

Miss Purviance arrived at Dines' apartment about three p.m., she and Miss Normand some time afterwards. According to Miss Purviance Dines was sitting behind a table and made no move towards the chauffeur, the latter shooting before Dines could get to his feet.

Before the detectives in charge of the shooting, the two motion picture actresses appeared, lavishly dressed, Miss Normand in black velvet, with diamond bracelets, and wearing a diamond hatpin. Both were greatly excited. Miss Normand sat in a chair in the captain of detectives' office with her head buried in her arms. Miss Purviance paced the floor. "Oh, why, oh, why, did he have to use a gun," she exclaimed again and again.

"Please Don't Die!" At the receiving hospital, Miss Purviance rushed to Dines, threw her arms about his neck, and cried: "Oh, my husband, I love you, please don't die."

Kelly, or Greer, was formerly a chauffeur for who has Ray, motion picture actor, he told the police. He is rather smaller in stature than Dines, and called that fact to the attention of the police, remarking that he "would not have a chance with him (Dines) in a fight."

After all parties to the affair had been questioned, the Misses Normand and Purviance were released. Kelly was charged with assault with a deadly weapon with intent to murder and prepared to be removed to the hospital to a private hospital.

TELLS OF PAVING WORK FOR 1924

Commissioner Frink Outlines Programme—Removal of Plant.

Commissioner Frink has quite an elaborate programme for this year in permanent paving and extending of the new concrete surface in some of the streets where lighter traffic is the rule. Among the streets he proposes to pave this year are St. James and Winter streets and Paradise row, east side; King street, West Side; to the Old and Main street at Indian town. Extensions of the present asphalt surface is planned for Princess street to Centenary Church; Duke street from Sydney to Carmarthen and Charlotte street to Broad.

The commissioner also expects to begin the removal of the public works plant from the centre of the city to the new location in Robesay avenue. The first to be moved will be the stables and garage and these buildings will be erected during the summer.

Eventually the asphalt making plant will be removed to this site. The lot is a little more than two acres and lies on the north side of Robesay avenue, running from the road to the creek. It was purchased by the city last year for the purpose of making it the site of the money in the yearly appropriation was available for general purposes, but the appropriation of \$250,000, \$127,000 was spent for labor alone, \$80,000 for interest and from the balance the salaries had to be paid, must be kept up and material purchased.

INQUEST TONIGHT IN MURDER CASE

Five Witnesses to be Called at East St. John Tragedy Hearing.

Chief interest today in connection with the investigation into the murder of Mrs. Clara Whitehead, who was seen to have been shot in the back of the neck in the inquest which will be held this evening at 7:30 o'clock by Constable Horace A. Porter in the court room, Mason's Hall, is the testimony of the five witnesses called to give evidence. It is expected that the following witnesses will be examined: Frederick and DeWitt Biddecombe, who found the body; Provincial Constable Charles Osman, Dr. Abramson, Provincial Pathologist; and James B. Gorman, a mullatto, who is being detained at police headquarters in connection with the case.

Sergeant Detective Power was asked this morning if there were any new developments in connection with the case said that there were not. He acknowledged that both Detectives Biddecombe and Kirpatrick were out of the city looking into matters in connection with the case, but would not say anything further. It is understood that Detective Kirpatrick went to Swan Creek to verify statements made by Mr. Gorman, but it is said that Detective Biddecombe went in another direction. Just where he went was not disclosed.

Both James B. Gorman, the mullatto, and Stewart Godwin, a sixteen year old boy from Little River, are being detained at police headquarters. So far as could be learned there were no further clues found over the holiday.

ACTORS ORGANIZE New York, Jan. 2.—A hundred prominent members of the theatrical profession recently organized the Episcopal Actors Guild. The guild will co-operate with the Social Service Commission and other organizations of the stage-folk in encouraging high ethical and moral standards in stage productions and will undertake the coaching of amateur theatricals in church societies.

Bishop Manning of New York was elected honorary president and George Arliss, actor, active president.

"Twas Harder Than 'So you got a year off for good behavior'." "Yes, sir. You see I didn't steal a thing while I was in jail."—Judge.

PRICES HIGHER BUT IRREGULAR

Curious Cross Currents in Wall Street—Quiet in Montreal.

New York, Jan. 2.—Irregularly higher stock prices characterized the opening of today's stock market. Buying orders were distributed over a wide list, but more effective in the oils and tobacco. Producers and Refiners and American Tobacco standing out with initial gains of a point each.

New York, Jan. 2.—Curious cross currents of the public utility, copper and steel markets were noted during the morning session. Traders who had built up paper profits in the last two months, but did not want to convert them into cash so as to have to show in the 1923 income tax returns, offered stocks freely, particularly the speculative favorites.

Some selling was reported to have been done in the technical condition warranted at least a temporary reaction. Davison's copper extended its loss to nearly three points. Producers and Refiners sold nearly 200,000 shares. American Tobacco's gains were recovered by a number of other issues. American Electric Power jumped points.

Call money opened at 5 1/2 per cent. Montreal Exchange. Montreal, Jan. 2.—The opening of trading on the Montreal exchange for the year 1924 was a quiet affair, although the price tendency was steady. The market for the year was the only issue to register more than one board lot and the former was 1/2 to 1/4. While the latter registered an advance of 1/2 to 1/4. The balance of the list showed little change.

Exchange Today. New York, Jan. 2.—Sterling exchange, Great Britain, 4.7 1/2; France, 100; Italy, 4.7 1/2; Germany, 100; Canadian dollars 27.16 per cent. discount. New York, Jan. 2.
