WOMAN'S PROMPT ACTION SAVED LIFE OF LITTLE GIRL

Gertrude McDougall, a little girl between four and five years old, was saved from death by drowning at Blue Rock beach yesterday afternoon by the bravery and presence of mind of Mrs. Dennis O'Keefe, of 105 St. James street, w. e. According to witnesses, the little girl, who is the daughter of Mrs. Andrew McDougall, of St. James street, was playing on the beach and suddenly fell into the water. The backwash at this point is very strong and she was lifted out beyond her depth.

Mrs. O'Keefe, who is the wife of Dennis O'Keefe, driver at No. 7 fire station, was sitting on the beach. She took in the situation and called to some boys who were near. The boys appeared, alarmed by sight and Mrs. O'Keefe plunged into the water, clothes and all, waded on until the water was beyond her waist, and brought the badly frightened child to the shore.

Witnesses of the accident said last night that but for the prompt action of Mrs. O'Keefe the little girl would certainly have been drowned and that some recognition was due her.

AID WILL NOT MEET BUT WORK GOES ON

Because of the reliance placed in Miss Belle Howe, the social service worker for the general public hospital, the Women's Hospital Aid decided yesterday to discontinue regular meetings until September and to call a special meeting should any special need arise, although carrying on the regular work of visiting, etc.

Miss Howe has notified the de-nominational vice-presidents of any follow-up cases which need care and at the meeting yesterday a high tribute of praise was paid her for the tactful manner in which she has carried out her duties. Mrs. J. Boyle Travers, the vice-president, was in the chair. It was decided that ice cream should be given to the ward patients once a fortnight during the summer months and that a Book Day should be held in September to fill the shelves of the book-cases which the Aid has provided in the hospital.

Mrs. Lester Mowry, the treasurer, reported total receipts of \$2,795.07; expenditures of \$185.45 and a balance of \$2,609.62 in the general fund; \$4.28 in the flower fund and \$996.62 in the emergency fund. Bills amounting to \$11 were ordered paid.

Mrs. Lester Mowry reported, as convenor for the visiting committee, that all denominations had been represented by visitors. On motion, it was agreed that ice-cream should be supplied to the patients once a fortnight.

Reports were given by the denominational vice-presidents, Mrs. H. E. Leonard, Mrs. J. H. Doody, Mrs. T. H. Carter, Mrs. L. Green, and the report of the magazine committee. Miss Howe, social service worker, reported twenty-one visits to homes and sixteen cases turned over to vice-presidents. It was decided to hold a book day in December.

Mrs. T. H. Carter's motion that regular meetings be suspended until September carried and convenors for the visiting committee were appointed as follows: July, Mrs. E. A. Young; August, Mrs. T. H. Carter; September, Mrs. Leonard.

Mrs. Sime reported book sales amounting to \$911.04 and 149 books still out and unpaid for.

General Motors Dividends.
New York, June 16.—(Canadian Press)—Directors of the General Motors Corporation yesterday took no action on resuming dividends on the common stock. Only the regular dividends were declared on the six per cent preferred stock and the two classes of debentures.

METHODISTS MAKE REVISIONS IN STATION SHEET

Sackville, June 15.—Some revisions have been made in the station sheet as drawn up by the Methodist conference in session here. Some of the charges still are vacant, but it is hoped that they may be supplied by students, probationers and supernumeraries, at least temporarily. Changes and additions to the sheets as published yesterday are as follows:

On a question of privilege Rev. W. D. Wilson, secretary of the New Brunswick Temperance Alliance, was introduced to the conference by Rev. R. G. Fulton, chairman of the business committee. Mr. Wilson paid a tribute to the men who represented the conference on the provincial temperance organization. The work of reform in the province, he said, had been conspicuously served by such men as R. T. Hayes, M. P. P. of St. John, and Rev. Thomas Marshall. It was felt by their fellow workers that expression of appreciation by the conference of the character and services of three of its members who are serving their connection with the work occupied the first hour of the conference session this morning.

Rev. Thomas Marshall and Rev. W. R. Pepper are withdrawing from the active work, taking a supernumerary relation. Mr. Wilson paid a tribute to the men who represented the conference on the provincial temperance organization. The work of reform in the province, he said, had been conspicuously served by such men as R. T. Hayes, M. P. P. of St. John, and Rev. Thomas Marshall. It was felt by their fellow workers that expression of appreciation by the conference of the character and services of three of its members who are serving their connection with the work occupied the first hour of the conference session this morning.

A committee was appointed to take adequate note next year of the half-century of ministry which will then be reached by Rev. William Penna, of Moncton, and also Rev. William Lawton; the committee includes the president and secretary of the conference and the officers of the Historical Society.

RECENT WEDDINGS

Kane-McAllister.
A quiet wedding ceremony was solemnized by Rev. William Duke at the Cathedral early on Wednesday morning when Miss Ida McAllister, of Chipman (N. B.), became the bride of Michael Kane, also of Chipman. Miss Mary Kane was bridesmaid and Joseph McAllister was groomsmen. Immediately after the ceremony Mr. and Mrs. Kane left on a honeymoon trip and on their return they will reside at Chipman.

RECENT DEATHS

Percy J. A. Lear.
The death occurred on Wednesday morning at his late residence, Fairmount, Armadale (N. S.), of Percy J. A. Lear. He was the eldest son of the late James and Harriet Lear, and was a native of Birmingham (Eng.). He is survived by his wife, three sisters and a brother. He was a well-known commercial traveler for many years and his death will be heard with regret by many friends in St. John.

OFFICIALS NAMED FOR PLAYGROUNDS

Details in connection with the opening of the supervised playgrounds were arranged yesterday at a special meeting of the executive of the Playgrounds Association held in the Y. M. C. A. with the president, W. K. Haley, in the chair. The grounds are to be open on July 3 and the supervisors, playleaders and male instructors have been appointed as follows:

Aberdeen grounds—Miss O'Neil, Miss M. Walsh and Mr. McMurray.
King George grounds—Miss A. Dever, Miss Stanley and Mr. Rogers.
Carleton grounds—Miss C. Lundy, Miss Hamilton and Mr. Gannell.
Centennial grounds—Miss D. Simonds, Miss E. David and Mr. Williams.
West End grounds—Miss B. Mooney, Miss McDonald and Mr. Wilson.
Allison grounds—Miss A. Hayes, Miss A. Tait and Mr. Coughlan.
Rockwood Park grounds—Supervisor, Walter Evans.

On the motion of A. M. Belding, it was decided that the association would for this year transfer the supervised playground hitherto conducted on the Aberdeen grounds to the East End Improvement League's grounds but would not move any of the fixed equipment from the Aberdeen grounds.

The matter of obtaining the use of a room where the children from the Carleton playground could find shelter during rainy weather was referred to A. M. Belding, Captain A. J. Mulvey and two representatives of the West End Improvement League who are still to be appointed.

James Hamilton reported that the Y. M. C. A. would be willing to give the same privileges in annual membership tickets to the boys of the East End Boys' Club as the Y. M. C. A. had undertaken to do. Arrangements in this

THE VALUE OF DRILL

(Border Cities Star.)
The value of proper fire drill was strikingly emphasized in Park street public school yesterday when 310 pupils marched from their class rooms, cool and unafraid, when a blaze broke out in the roof of the building. The children did not know until they reached the street that a fire was in progress. The alarm, to them, was the ordinary fire drill. The school was emptied in less than two minutes.

Time spent in fire drill is time well spent. The same idea might well be extended to office and factory buildings.
