## AN IMPORTANT CONFERENCE HERE

Meeting with Government  
Relative to Water Power  
Development.

A special meeting of the provincial government executive was to be held this afternoon at the Union Club to deal with the matter of water power development at Grand Falls. P. T. Dodge of New York, president of the International Paper Companies, who have the charter right to the use of the falls and water power, arrived in the city yesterday and with other representatives from various lumber and paper interests in the province will meet the government this afternoon.

It is the intention of the government to develop water power in the province and if necessary the government will take over the water power. The object of this meeting, according to a member of the executive, is to discuss this matter with the delegation in order that steps may be taken either by the private corporations or by the government, for an early development of the provincial water power.

Among those present at the meeting representing the government were Premier Foster, Hon. P. J. Veniot, minister of public works, Hon. W. F. Smith, minister of lands and mines, and Hon. J. F. Tweeddale, minister of agriculture.

Mr. Tweeddale today made an inspection of the line kila at Brookville, which is being installed for the use of the department of agriculture. This is declared one of the finest line kilns on the continent.

The machinery has arrived at the site but before operations can be started a bridge is being installed.

## Albanians Slaughter Italian Prisoners

Geneva, June 18.—Three hundred and thirty Italian prisoners have been killed by infuriated Albanians at Tirana, according to a telegram from Belgrade, quoting reports reaching that city.

It is said the Albanians were maddened by news of the assassination of Eсад Pasha, former provisional president of Albania, in Paris early this week (and attributed his death to Italian intrigue).

More than a score of Italian prisoners en route to Tirana were taken from a train and killed at Krashar, it is asserted, and anxiety is expressed concerning the fate of more than 2,000 Italian officers and men captured by Albanians in the fighting before Avlona, where the struggle is still going on.

## ARGUMENT ON TELEPHONE RATE INCREASE HEARD

Arguments against the inauguration of a measured service for the business telephone stations in St. John were delivered this morning by M. G. Teed, K. C., representing the Retail Merchants' Association, and E. C. Wayman, representing the Wholesale Grocers' Guild.

At a special meeting of the New Brunswick Public Utilities Commission, which met in the government rooms, Prince William street, to resume a discussion of the application of the N. B. Telephone Company to increase their earnings by \$300,000.

A. B. Connell, K. C., chairman of the commission, presided and there were also present J. D. Pollock, J. B. M. Baxter, K. C., and P. J. Hughes, representing the company.

When the increase was proposed and played by the commission; H. P. Robinson, Richard O'Leary and O. J. Fraser, representing the business interests.

Mr. Robinson, representing the business interests, was the first to speak, and he pointed out that the proposed increase would be a flat rate and that the business subscribers should not be discriminated against and a flat rate should be applied for all subscribers, or a measured service inaugurated for all subscribers, rather than the proposed measured service which is intended for the business stations alone.

Answering Counsel Teed, Mr. Milford, the expert, said that instead of the increase to \$48.94 per station asked for by the company, he recommended a rate of \$42.80 for the business stations, making a total of 8,048 stations in the city and the increase of service charges will be about forty per cent a year on all 'phones. He did not favor a flat rate, even at \$96 a year per master station, which the smaller subscriber would be discriminated against.

The increase in the various services was as follows:

P. C. Resident subscribers	88.9
Private branch exchanges	101
All other services	117

Outside St. John, the increase is about 36.4 per cent for business 'phones. Under the old rate St. John is producing 4.1 per cent of the company's revenue, and under the new schedule the same source will produce 42 per cent of the revenue. This, the expert said, is as close and equitable an arrangement as can be made.

There are 1,463 business subscribers in St. John, Mr. Milford said. When the maximum increase goes into effect, it is expected that 23 per cent will not pay the 36 per cent advance, and only about 40 per cent will pay the full rate.

Mr. Robinson said the telephone company was not in favor of a measured service, particularly on a distance line such as St. John to Fredericton, or St. John to Moncton, but as far as a particular locality was concerned, was in favor of only one method of having a proper charge made for the amount of service received.

The first rate was spent to the detriment of the business subscribers, and the fact that the company's accounts of the calls could not be easily checked; it happens the use of the telephone "wrong number" connection would have to be paid for, and a call to a firm for a particular man would be a waste when that man could not be found.

He thought the measured service an unjust discrimination against the business phone user and said there should be a greater charge made against the business subscribers.

The session adjourned at 1:10 to meet this afternoon, when the arguments will probably be concluded.

SUCCEEDS SACKVILLE  
PRINCIPAL AT STANSTAD

Montreal, June 18.—Rev. John G. Griffith, B. A., has been appointed principal of the Stanstead Wesleyan College in the place of Dr. G. J. Trueman. Dr. and Mrs. Trueman expect to leave the college at that time to spend a few weeks at their home in Sackville, N. B., before taking up their new work in Toronto.

Lloyd George said today that punishment of war criminals had not been abandoned. Such a course, he added, would be a grave dereliction of duty by the government.

## MEN'S SUIT SALE AT OAK HALL PROVING POPULAR

So many men have already taken full advantage of the special offerings of men's suits at Oak Hall that there is no doubt about the great popularity of the unusually strong selling event.

This sale represents a quantity of men's suits that Oak Hall was able to procure from a manufacturer at very special price concessions, they having been left on the maker's hands because of large cancellations from various merchants. Although many of these suits would sell in the regular way for \$28, \$30 and \$35 Oak Hall are in a position to offer them at \$24.65 and many others which would demand \$40 and \$45 are being offered for \$34.85. Two lots that represent the finest suit values possible at such low prices.

There is positively no doubt that next fall men's clothing will not be as low in price as it has been this season, regardless of the tremendous sacrifices that have been going on in various parts of the country. Woolen mills have orders booked for more than twelve months in advance, the demand from Continental Europe alone far exceeds the possible supply, and other reasons are plentiful to show why it is not an economic probability that clothing prices decline.

When one understands these facts they begin to realize the extent of the opportunity that now awaits them at Oak Hall and more especially so because they know that when Oak Hall puts on a special sale that it is genuine every way and that the well known Oak Hall guarantee stands behind every suit that is sold.

Oak Hall will be open this evening until ten o'clock, closing Saturday at one o'clock. This sale will continue over the week-end until closing time Monday.

## GOOD THINGS COMING TO THEATRES OF ST. JOHN SHOULD MAKE A POPULAR HIT

New Programme at Opera House Tonight Has a Wealth of Comedy, a Dancing Revue, Variety Offerings, etc.

The new programme in the Opera House tonight has some good features which are sure to make a popular hit. It is diversified and well balanced and has a wealth of comedy, variety offerings, dancing, etc., as follows—Howard Nichols, a sensational hoop roller; Lillian Calvert, a dainty singing comedienne; Dick and Alice McAvoy, in a comedy singing and dancing offering; Bob Carlin, a live wire comedian with songs and stunts; The Douglas Family, in a great Scotch singing and dancing revue; and in addition there will be another episode of "Lightning Bryce," a popular motion picture serial.

When one understands these facts they begin to realize the extent of the opportunity that now awaits them at Oak Hall and more especially so because they know that when Oak Hall puts on a special sale that it is genuine every way and that the well known Oak Hall guarantee stands behind every suit that is sold.
