An "Example" Douglastown, 20th, Aug 1878.

To the Editor of the Miramichi Advance. DEAR SIR :- In the Advocate of last week appeared an article under the heading "Look at this Tariff" and credited to the Halifax Reporter, which labors to

prove the necessity for a "revision of the Sole Agents for Martime Provinces,

ANOTHER EXAMPLE. "The need for the revision of the tariff is evident. There is no class more injured by the present tariff than the Farmers. Take an example or two, Potatoes going from Canada to the United States pay 15 cents a bushell duty. Now I was always of the opinion that

the consumer paid the duty on all imports. And it is to be wondered at that the writers of such articles should make so glaring a LYON'S CACHMERE FINISHED mistake when at the same time they claim to be the exponents of a " National Policy" which being adopted would make every man rich at the expense of-whom?
