LAURENCE'S SPECTACLES.
When are Spectacles Required?
When the eyes water or become so fatigued by use as to be obliged to be frequently closed or relieved by viewing different objects. When more light is required than formerly. When the letters of a book appear to blend with one another or to become double. When the lamp has to be placed between the eye and the object. When objects cannot be seen without holding them at an increased distance. When much difficulty is found in threading a needle. When the eyes appear confused as though they had a mist before them. When black specks seem floating in the sight. When any of the above indications arise all affection should be laid aside and a pair of Laurence's Spectacles or eye Glasses should be worn immediately.
