CORONATION CONTINGENT.

All the Men Are Now in Camp at Levis.

(From our own Correspondent.)
LEVIS, June 1st.—The last of the crowd to arrive reached Levis at noon on Friday and the whole lot of us are now encamped about two miles from the station at Levis. The St. John artillery boys occupy one tent, with two others from Nova Scotia, and arrangements are being made to keep the men from each place together in so far as is possible. The treatment we have received up to the present has been beyond our expectations, the food is good and the accommodations could not be better. During the past couple of night the weather has been quite cool, but all the tents are provided with wooden floors, and as we have two blankets each, besides rubber sheets and great coats, we find no difficulty in keeping warm. Revell's sounds at 5.30 a. m., and during the day we have five hours of hard drill. With the exception of the few men required for guard duty, leave is granted to all every afternoon after four o'clock, and we are permitted to go to Quebec. From present indications the trip promises to be most enjoyable, and the men are all anxiously awaiting the day of sailing.

THE CORONATION.

Rehearsing the Procession to Westminster Abbey Today.

LONDON, June 3.—Following the rehearsal of the coronation procession to Westminster Abbey, which was followed by the taking up of passengers at Buckingham Palace and putting them down at Westminster Abbey, the second day's pageant was rehearsed today.

The procession today covered the long route, but all the prescribed stops were made and at each point reception and formalities of the actual parade were fully rehearsed, the whole occupying about four hours.

FOUR MURDERERS

Put to Death at Ponce, Porto Rico, Today.

PONCE, Porto Rico, June 3.—Bernabe Acevedo, Jose Torres, Ramon Troche Cadeno, and Juan Torres, found guilty of murder, robbery and outrage, in 1898, at Adjuntas, were executed by the garrote here today, all within 50 minutes. All confessed their crimes while walking to the scaffold and two aided the executioner to adjust the garrote and forgave him for executing them. One wanted no cloth over his face, but wished to die with his face uncovered. Finally after 15 minutes' struggle, he was subdued. The scaffold was arranged so that the condemned men did not see the bodies of their companions.

THE WEATHER.

TORONTO, June 3.—Moderate variable winds, unsettled and occasional showers. Wednesday night, easterly and northerly winds, cloudy and cooler. There are indications of an area of high barometer moving southward across the maritime provinces from Labrador. Winds are fresh southwest near the American coast, but are likely to become variable.

WASHINGTON, June 2. Cooler to night and Wednesday, with occasional showers; fresh south to west winds, becoming variable.

AFRAID OF THE TRUTH.

CHICAGO, Ill., June 3.—A special to the Record-Herald from New Orleans says: Four of the representatives of the big packing houses against which the government has instituted criminal proceedings have disappeared, taking with them all their books and records. Officers are on the track of one, but the other three are en route to Mexico.

PARIS, June 3.—At a cabinet council at the Elysee Palace, today, the premier, M. Waldeck-Rousseau, formally presented the resignation of the cabinet and expressed the sentiments of gratitude which he said his colleagues felt for the kindness of President Loubet. SOUTH AFRICA.

The Formal Signing of the Peace Agreement on Saturday.

Governor of Cape Colony Warmly Defends the Action of the Government.

PRETORIA, Transvaal, June 2.—The signing of the peace agreement last Saturday night was marked by little ceremony. Lord Kitchener and Lord Milner and General De Wet and others representing the Orange Free State, and General Schalk Burger and others of the Transvaal government, quietly met in the dining room of the residence occupied by the Burgher delegates, adjoining Lord Milner's house. The document lay on the table, ready. Amid profound silence the Boer leaders took a pen in order of precedence and affixed their signatures, thus surrendering their independence. The document was entrusted to Colonel Hamilton, Lord Kitchener's military secretary, and an aide, who left Pretoria tonight to deliver it to King Edward.

CAPE TOWN, June 3.—Sir Gordon Sprigg, the premier of Cape Colony, spoke for two hours at a meeting here yesterday. The governor vehemently defended the action of the government in opposing the suspension of the colonial constitution. He declared it was the intention of the government never to falter, and that it would meet its enemies in the forum as it had met them in the field.

AT PRETORIA.

PRETORIA, Transvaal, Monday, June 3.—There was great rejoicing in all concentration camps on receipt of the news that peace has been concluded. Their occupants assembled in the open spaces and chanted psalms, the women weeping with joy. Arrangements are being made to send representatives of each unit of the British army in South Africa to participate in the coronation festivities in London.

IN BRITISH COMMONS.

LONDON, June 3.—Answering a question in the house of commons today, the war secretary, Mr. Brodrick, said the total number of Boer prisoners in South Africa and elsewhere was 25,865, of which 783 were under 16 and 1,065 over 40 years of age.

AT CAPE TOWN.
CAPE TOWN, June 3.—Sir John Gordon Sprigg, premier of Cape Colony, during a meeting here yesterday, announced that the colonial secretary, Joseph Chamberlain, had informed him that the imperial government did not contemplate the suspension of the constitution of Cape Colony. The premier further declared that the "Disfranchisement of the rebels of Cape Colony will defeat our enemies in the house as effectually as they have been beaten in the field."

The premier said that at the colonial conference to be held at London at the coronation, he intended to uphold the constitution within the empire. Considerable opposition to the premier's views developed among the audience, while the crowd outside the hall was so hostile that some of the windows were broken with stones.

ANOTHER VOLCANO.

That of Redoubt in Alaska Belching Smoke and Flame.

SEATTLE, Wash., June 3.—Passengers from Cook Inlet, who have arrived by the steamer Chico, confirm previous rumors of another eruption of the Redoubt volcano, which is situated on the west side, about forty-eight miles northwest of Iliamna. Among them was A. C. Losey, of Tacoma, an employee of the trans-Alaska Co., who saw the present eruption. He sailed from Iliamna on the morning of May 8. From Iliamna only heavy black smoke was to be seen in the direction of Redoubt, but the spectators knew the volcano was in eruption again. Precipitous mountains shut off the view until the Chico had sailed twenty miles or so up the inlet, when the show became thrilling. Dense black clouds covered the entire region, spreading entirely over Cook Inlet. At times the smoke directly over the volcano region was lighted to a dark gray but no flames were seen during the day and no ashes reached the ship, but when evening fell bright flames flashed up and lighted the whole sky in that direction. The ship's course out of the inlet left the volcano directly to the westward, at which point there seemed a continuous sheet of fire rising probably miles high.

THE YAQUI OUTBREAK.

Mexicans and Indians Have a Little War—Soldiers in Pursuit.

PHOENIX, Ariz., June 3.—In brief, the story of the latest Yaqui disturbance as furnished from Nogales by a man who talked with Gen. Torres at Storres station, is as follows: Juan Gomez, Mayor Dos and Juan Martinez, timekeepers at El Carmen ranch, had trouble on Wednesday with Yaqui employees and were killed. A small number of Yaquis took up arms to prevent the arrest of the murderers. Governor Isobel and a hundred soldiers went to El Carmen ranch and found that the Yaquis had retreated up the river, where friends were joining them with arms from various ranches. Thursday afternoon Isobel's command found 100 fighting men and three hundred women and children and engaged them at Los Quesnos on the Sona River. Eight Yaquis and two Mexicans were killed. The Yaquis retreated towards Mazatlan and General Torres is in pursuit, hoping to cut off their retreat to Sierra Madre Mountains. Other military officers are working with him and have the situation well in hand.

THE COAL STRIKE.

Aspect of Affairs Daily Grows More Serious.

WILKESBARRE, Pa., June 3.—The situation in the Wyoming region today, as far as it relates to the engineers, firemen and pump runners and the mine workers generally shows no change from that of yesterday. All the collieries which had not voluntarily closed down their pumps during the last ten days continue to keep their miners free of water. Several collieries are said to be working short handed. If many more men strike the operators will have to shut down and the mines will become flooded. Reports are constantly coming in from the surrounding region of petty violence, principally by boys, but no one has as yet been seriously hurt.

EDMUNDSTON.

Sensational Arrest and Escape of Four Men.

(Special to the Star.)
FREDERICTON, June 3.—There is a sensation at Edmundston over the arrest there on Saturday last of four Madawaska men, charged with illegally killing moose in the province of Quebec. Taking the advice of LaForet, their counsel, the prisoners violently resisted being put on the cars at Edmundston. Saturday morning the officers attempted to take them to River du Loup, the prisoners escaped and the officers returned to Quebec.

LaForet is here on his way to St. John to interview the attorney general, he claiming the Quebec officers exceeded their jurisdiction in coming into Madawaska and making arrests.

SUEZ CANAL TRADE.

PARIS, June 3.—The report of the directors of the Suez Canal Co. for 1901 shows that the receipts from transit dues have for the first time exceeded 100,000,000 francs. A dividend of 133 francs (28.80) was declared. Shipping aggregating 10,823,860 tons traversed the canal in 1901. The cargoes shipped beyond Suez consisted largely of petroleum and railroad material.

SHOT HIS WIFE.

DECATUR, Ill., June 3.—J. K. Boggs last night blew out his wife's brains, mistaking her for a burglar. He had been awakened by his wife and told by her that a burglar was in the kitchen. Boggs got up and in the dim light saw what he thought was the figure of a man. After asking three times who it was, he fired at the supposed burglar killing his wife instead.
