HARVESTER SHOT ON OUT-GOING TRAIN

Put His Feet Out of a Car Window and Man in Rear Car Potted Him With a Revolver.

The result of a chance shot considerably surprised a couple of men on one of the harvester's trains which left St. John last evening. It was a painful surprise for the man who got the bullet, and a rather shocking one for the man who wielded the revolver.

As the train was nearing McAdam Junction, one of the men apparently feeling the need of more ventilation struck his feet out of an open car window. Another man in a rear car looked out and saw the projecting feet.

Thinking they were making a good target he pulled his gun and "just for fun" and without any intention of hitting them took a shot at the cow-boys. It is just according to one's point of view whether fortune favored him or played him false. At any rate the shot was successful and the bullet lodged safely not in the bull's-eye, but in the middle of the calf.

With a howl of pain the injured man jerked his leg into the car and with cries that he had been assassinated howled for a doctor.

The train was stopped and word was wired to McAdam to have a doctor ready. When the train reached the junction the doctor was waiting, and started to probe for the bullet.

It took half an hour's work to locate the piece of lead and extract it. The wound was dressed and the leg bound up and the train proceeded with the victim on board.

MAY SEND TEAM TO CHATHAM SPORTS

Every Day Club Arranging for Some Good Events—Local Sports Postponed.

The sports to have been held at Seaside Park on Saturday afternoon have been postponed, and an effort will be made to get together a four cord crew to compete with the Neptune four.

The M. P. A. A. has suspended and immediately reinstated the athletic club sports, on July 29th.

Mr. Gearson, who only played one game of ball in the Maritime team, to help them out when they were a mid short, will also be reinstated as soon as the necessary formal statement and application are sent forward.

The Every Day Club will hold an important meeting this evening in the pavilion on the grounds, and among other things will consider the question of having a team to represent it at the Chatham sports.

SCOTTISH FARMERS TO INSPECT THE PROVINCE

Party Under Direction of Immigration Department: Examining Agricultural Conditions.

The party of Scottish agriculturalists who are making a tour of Eastern Canada are expected to reach New Brunswick next week to look over the province.

The party, consisting of about twenty Scottish farmers, are being given a tour of Eastern Canada at the expense of the Department of Immigration, in order to give them an opportunity to learn the resources of this part of the country.

It is the department's idea that with a little better acquaintance with the conditions a portion of the emigration may be directed to the provinces with advantage to both the country and the settlers.

The party has been touring Quebec and Eastern Ontario during the past few weeks.

ANOTHER JOB FOR THE STRIKE BREAKERS

The Atlantic Express from Montreal was an hour and five minutes late today owing to an accident to the locomotive. The breakdown occurred near Vancorboro and another engine was sent out from Vancorboro to bring the train to St. John. This will give the C. P. R. another engine to repair without the aid of their striking mechanical staff.

"WE ARE SEVEN" SAY BURGH OF DRUNKS

That Number in the Police Court This Morning—Need of Patrol Wagon.

"We are seven," was the remark of a police court spectator this morning, when that number of prisoners were seen on the court penton bench. They all pleaded guilty to having been drunk and were sorry for it. Six of the lot were fined four dollars each, while Thomas Nickerson, an old offender, with a wooden leg, was sent to jail for two months in default of paying an eight dollar fine. The wearer of the leg had to be hauled to the station on a sledge and 25 cents is charged against the city for the patrol wagon service.
