XXI. That whereas the published report of the proceedings of the late District Meeting in Wisconsin, indicates that what they are pleased to call the Stationing Committee, was composed of laymen only, we beg to call their attention to the fact that we know of no such custom elsewhere in all our work, and we respectfully request that they will in future conform to our Con-
 nexional regulations in the composition of their Committees and all other Church Courts.

XXII. That in view of what has been done by the Missionary Society in years gone by, for our Missions in the United States, and the present very heavy debt on our Missionary Society in Canada, as contrasted with the comparatively good financial standing of our friends in the States, we respectfully ask our friends in Wisconsin and Ohio, to render us aid from their Missionary Fund, in this our time of need.

XXIII. That the first Sabbath in July be observed, on all our stations, as a day of special prayer in connection with the Centennial of Sunday Schools.

XXIV. That we hereby instruct the Missionary Secretary to write to the Brethren on P. E. Island, shewing the necessity for diminishing the Grants to Missions, and asking their active co-operation in raising additional Missionary money; and we further suggest that an earnest appeal be made to the Brethren on self-sustaining stations to aid, either by vote from Quarterly Meeting, or by means of Children's Cards, the Missionary Society in extending its work.

XXV. That the Special Fund for the Manitoba Mission be continued as last year, and our friends be respectfully urged to make the financial department of such responsibility a great success,
