CONSTANT PAIN AFTER EATING

The Tortures of Dyspepsia Corrected by "Fruit-a-lives"

St. Martin's, N.B.

"For two years, I suffered tortures from Severe Dyspepsia. I had constant pains after eating; pains down the sides and back; and horrible bitter stuff often came up in my mouth.

I tried doctors, but they did not help me. But as soon as I started taking 'Fruit-a-lives', I began to improve and this medicine, made of fruit juices, relieved me when everything else failed."

MRS. HUDSON MARSHBANK.
50c. a box, 6 for \$2.50, trial size 25c.
At all dealers or sent postpaid by Fruit-a-lives Limited, Ottawa.

FAKE GRAIN VARIETIES

(Experimental Farm Note.)

Each year many farmers are the victims of plausible agents who are selling so-called new varieties. Making extravagant claims they charge a corresponding price and only too often the farmer who naturally desires more productive varieties if obtainable, pays an exorbitant price for a supposedly new and prolific sort, which is either an old variety camouflaged with a new name or else a selection whose qualities are entirely unknown. Being divisible into classes, these agents and their claims can be grouped conveniently as follows:

First, those who take a high yielding, prolific variety such as Banner or O.A.C. No. 72 oats, give it another name and introduce it as a new variety.

Second, those who are selling a variety that has been multiplied from a peculiar plant or from extraordinary heads found in the general crop. The producer thinking it a valuable variety, offers it for sale before its qualities are known.

Third, those who are offering for sale to a few customers only, a wonderful variety that was produced by a secret process of selection or else has been grown from a few seeds found in the toms of the ancient Pharaohs.

A fourth class might be made of those who sell a variety for what it is, but make extravagant claims for its yielding ability. This is well illustrated by the Alaska or seven-headed wheat.

The agent in the first case is a financial shark who is obtaining money by false pretences. He perhaps does the least harm of any beyond the confusion created in the nomenclature of varieties and the money which he takes from the farmer.

In the second case the agent may be acting in the best of faith and with the conviction that his claims will be justified by the resulting crop. Perhaps they will be, but the varieties are legion that have been introduced in this way and have been found worthless in comparative tests with standard varieties.

The third agent, though, is the real out and out grain fakir and should be liable to prosecution. The farmer who is deceived by his pretences almost deserves to pay the price of his credulity.

It is the right of any person who has multiplied out a selection of grain to sell it for what it is and charge any price he sees fit. Against these well-intentioned, legitimate transactions we have nothing to say beyond warning the farmer, that at the best he is likely only buying an old variety and that exceedingly few of these amateur selections are ever of value.

What is advisable is that in every case before buying a variety that he intends to grow as a general crop, the farmer should consult the reports of his nearest Experimental Station. The remedy for the actual frauds that are perpetrated is in his own hands. As long as he will buy the agents will sell, and the efforts put forth by the cereal stations of Canada for the improvement of crops will continue to be partially frustrated.

Victory Bond Interest on May Day

May Day will see \$18,000,000 paid in interest to the holders of Victory Bonds issued in 1918. This will be by far the largest single interest payment ever made in Canada. Incidentally, it is only one of many, for Canadians will draw over \$70,000,000 in war bonds' interest this year. The question arises, how much of this money will be saved? Will the over 1,000,000 holders of Victory Bonds in the Dominion become systematic savers, thus helping themselves and the country, or will they discontinue saving? A large portion of these \$18,000,000 should be invested in War Savings Stamps, which are Government bonds and just as secure as Victory Bonds are. Victory Bonds started hundreds of thousands of people saving, who should continue the practice, which is made easy through War Savings and Thrift Stamps.

£100 per Family for Drink

The poverty of the submerged masses of London is explained, in part at least, by further facts mentioned in Public Opinion. The drink bill of the United Kingdom last year was £250,300,000—approximately \$25 per each man, woman and child. The drink bill during the war equalled one-eighth of the war bill. And while the war bill was for four years the drink bill goes on apparently forever. In fact last year's bill for drink was the largest in the history of Britain.

Cure That Cold Don't Get Grippe

You know how quickly Zintoo tablets cure headache and break up colds—how soon they allay the fever.

Take them at once when you feel the first pain or shiver—the first symptom of a cold.

Taken then, they will prevent the Grippe. Taken after it has developed, there is nothing better for the pain and fever.

Take Zintoo

FORESTRY PRODUCTS

Trade returns indicate that forest products are being sent abroad in steadily increasing quantities and at the same prices, generally speaking, which prevailed before the armistice was signed. In British Columbia an order for 70,000,000 feet of lumber was placed recently, but it was followed immediately by a demand for higher wages by the various classes of workmen through whose hands it would have to pass, and coupled with this the further demand was made that only "white" labour should be employed. These difficulties were accentuated by the scarcity of tonnage, the situation with regard to which, is, however, steadily improving. On the Atlantic Coast orders aggregating 170,000,000 feet have been received since the first of the year. In addition 200,000,000 feet have been sold but are awaiting shipment. To move the lumber already on hand and ordered will keep all available tonnage fully occupied for the balance of the year. The existence of so large a stock of lumber awaiting shipment on the one hand and the placing of further orders on the other, give rise to some uncertainty as to the future of prices. It is, however, generally assumed that prices will remain steady, as lumber is one of the fundamental requirements for the carrying out of reconstruction plans in all countries. In British Columbia a slight reduction in price was required as a condition precedent to the placing of recent orders of considerable size.

Something Wrong

A sale bill bearing the signature of "Will Quit Work" has been going the rounds of the press and purports to be a Missouri auction sale, giving evidence of what queer combinations can be made by a printer who is suffering from the effects of a night out and badly pieced the galley. The bill announcing the sale includes the following list:

Twenty-five good cows, broke to work; 41 head of cultivators, coming in soon; 10 head of shovelling boars, with scoops by side; 8 piano mares; 120 rods canvas belting, better than new; De Laval cow, with ice-cream attachment; McCormick binder, in foal; Poland-China Bobsled, due to farrow in April; 14 head of chickens, with grass-seed attachment, in good working order; 2 J.I.C. riding heifers, good as new; spraying outfit, can be ridden or driven by children; 15 billy goats, 70 bushels capacity, with spraying nozzle and other attachments; many other articles too numerous to mention, which I expect to get at night between now and date of sale.—Country Gentleman.

Woman's Statement Will Help Carleton Place

"I hated cooking because whatever I ate gave me a sour stomach and a bloated feeling. I drank hot water and olive oil by the gallon. Nothing helped until I tried simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it flushes the ENTIRE bowel tract completely Adler-i-ka relieves ANY CASE sour stomach, gas or constipation and prevents appendicitis. The INSTANT action is surprising.

W. J. Hughes, druggist.

Confide your News

We presume there never was a newspaper in any locality that gave all the local happenings. It is often that some one comes or goes that the reporter does not see. It happens that the family is missed several times. They get the impression that the editor does not care to mention them. This is a mistake. In most country towns the local work is the hardest work connected with a newspaper. A man may be a good editorial writer but a flat failure in the local work, and vice versa. Editorial material is obtained by study, by reading newspapers, sometimes by using scissors. Persons and local happenings can't be read and clipped from other papers, not by a jugful. It takes physical as well as mental exertion to get out four or six columns of local news in a town of this size. Most people take a local paper to get the local happenings. Don't be afraid to tell the editor or reporter that you have friends visiting you. There are lots of people who are interested in your friends. You owe it as a duty to them to let your friends know of their doings. Perhaps you think the paper shows partially, but just you see if the paper doesn't treat you right if you give it a chance.

For Rheumatism, Kidney Trouble, Indigestion, Dyspepsia, Biliousness, Sick or Sour Stomach, Bitter taste in the mouth, Loss of Appetite, and Asthma, this medicine has no equal. Two to five doses will cure Sore Back or Sluggish Kidneys.

Corporal W. Lewis No. 305525, 1st D.A.C., at present residing in Eganville, Ont., writes:—"I was 18 months in France and went through the battles of the Somme, Vimy Ridge, Lens, Hill 70 and Passchendaele. On account of Kidney Trouble I was invalided to England. I was treated there for some months in the 5th, and 11th Hospitals, and was finally invalided home to Ottawa, where I received treatment in the Convalescent Home. I was finally discharged as being medically unfit for further active service. Having heard of your Victory Rheumatic and Kidney Cure, I decided to try it, and after using four bottles I feel certain it has made me as well as ever, and I am gaining in weight every week. I can highly recommend it to any sufferer from Kidney Trouble as a sure and quick cure."

Mr. W. J. Payne, Renfrew, Ont., writes:—"I had Rheumatism in my arms, shoulders and legs for over four years. At times I was unable to get on my coat without assistance. My kidneys were also in bad shape. Three bottles of your Victory Rheumatic and Kidney Cure completely cured me."

For sale by W. P. Pattie, Carleton Place, M. R. McFarlane, Almonte; L. A. Wilson, Smiths Falls; J. L. Rochester Ltd., Rideau St., Ottawa; or direct from the manufacturer W. F. Ritchie, box 296, Renfrew, Ont.

WHEN TO PLANT

Some garden plants are quite hardy and others are sensitive to cold but they may all be thrown into four groups so far as planting seeds and setting out plants are concerned, says a bulletin from the National War Garden Commission of Washington.

The gardener must judge from his location and climate when to plant all of group one. This group includes smooth peas, onion sets, spinach, turnip, mustard, radish, kale, potato and cabbage, and collard plants, which were grown in the seed box or hot bed. The ground should be planted as early as the ground can be prepared even though some nights are still frosty.

In group two are included beet, carrot, chard, lettuce, parsnip, salsify, wrinkled peas and onion seed, and cauliflower, celery and lettuce plants from the seed box or hot-bed. This group may be planted 10 or 14 days later than group one.

In from 10 to 15 days after group two is planted, group three may be planted. This embraces sweet corn, snap beans, pole beans, okra and tomato plants from the seed box or hot-bed. These plants need some warm weather to start off right.

Group four is the hot weather bunch. These are best planted a week or two after the apple blossoms have fallen. The weather then should be settled down into a good comfortable warm temperature. In this group are the lima bean, cucumber, muskmelon, watermelon, squash, and pumpkin, and eggplant and pepper plants from the seed box or hot-bed. These plants in group four will not stand any frost.

Will We Never Learn from History?

"War has tortured, starved, mutilated, impoverished, depraved, and maddened a great part of two continents," says the London Nation. "Yet this policy of the armed and the unarmed camp must carry society on to the next war, and the war after the next."

"Well does Europe know these war-statesmen and their works. Mr. Churchill's 'real securities' were the 'securities' of Napoleon after Jena, of Metternich at Vienna, of Bismarck at Versailles. They are only worse, because their trust is still more in chariots and horses and still less in the word of the Lord."

Cause for Thankfulness

Among the many good Irish stories one of the best concerns a certain old Connemara farmer, who, upon waking up in the night, saw a apparition at the foot of the bed.

Reaching for his gun, he promptly perforated the ghost with a bullet. To his surprise the following morning he discovered that it was his own shirt of which he had made a target.

He was relating the experience to a friend, who asked him: "What did you do when you discovered what it was?" "Oh," replied the farmer, "I just knelt down and thanked God that I hadn't been inside it."

What Dicky Said

Five-year-old Dicky had been a regular attendant at Sunday school for several months, when one day his mother took him to see a circus parade. Each passing cage drew a question from the little fellow. As the wagon containing the rhinoceros rumbled up, the beast opened its huge mouth to its full width. "Dicky gave one look at the animal, and jerked at his mother's dress. "Mamma, did God make that?"

"Yes, dear."

A moment's pause; then determinedly "Well—I ain't going to Sunday school any more."

Harold—"I thought you made a resolution not to drink any more."

Percy—"I did."

Harold—"But you are drinking as much as ever."

Percy—"Well, that isn't any more, is it?"—Pearson's Weekly.

Rheumatism, Kidney or Stomach Trouble and Asthma Promptly Cured

For Rheumatism, Kidney Trouble, Indigestion, Dyspepsia, Biliousness, Sick or Sour Stomach, Bitter taste in the mouth, Loss of Appetite, and Asthma, this medicine has no equal. Two to five doses will cure Sore Back or Sluggish Kidneys.
