THE CENTAUR COMPANY, NEW YORK CITY.

NERVOUS DEBILITY

OUR NEW METHOD TREATMENT will cure you and make a man of you. Under its influence the brain becomes active, the blood purified so that all pimples, blotches and ulcers heal up; the nerves become strong as steel, so that nervousness, backaches and dizziness disappear; the eyes become bright, the face full and clear, energy returns to the body, and the moral, physical and mental systems are invigorated; all drains cease—no more vital waste from the system. You feel yourself a man and know marriage cannot be a failure. Don't let quacks and fakirs rob you of your hard earned dollars.

37 NO NAMES USED WITHOUT WRITTEN CONSENT THREATENED WITH PARALYSIS

Peter E. Summers relates his experience: "I was troubled with Nervous Debility many years. I lay it to indigestion and excess in youth. I became very despondent and didn't care whether I worked or not. I imagined everybody who looked at me guessed my secret. Imaginative dreams at night weakened me—my back ached, had pains in the back of my head, hands and feet were cold, tired in the morning, poor appetite, fingers were shaky, eyes blurred, hair loss, memory poor, etc. Numbness in the fingers set in and the doctor told me he feared paralysis. I took all kinds of medicines and tried many first-class physicians, were an electric belt for three months, but received little benefit. I was induced to consult Dr. Kennedy & Kennedy, though I had lost all faith in doctors. Like a drowning man I commenced the New Method Treatment and it saved my life. The improvement was like magic—I could feel the vigor going through the nerves. I was cured mentally and physically. I have sent them many patients and continue to do so."

CURES GUARANTEED OR NO PAY

We treat and cure VARICOSE VEINS, NERVOUS DEBILITY, BLOOD AND URINARY COMPLAINTS, KIDNEY AND BLADDER DISEASES and all Diseases peculiar to Men.

CONSULTATION FREE. BOOKS FREE. If unable to call write for a Question Blank for Home Treatment.

Athens - Ontario

SEED GRAIN AND POTATOES

By instructions of the Hon. Minister of Agriculture a distribution of superior sorts of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples for general distribution will consist of spring wheat (5 lbs), white oats (4 lbs), barley (5 lbs), and field peas (5 lbs). These will be sent out from Ottawa. A distribution of potatoes (in 3 lb samples) will be carried on from several of the experimental farms, the central farm at Ottawa supplying only the provinces of Ontario and Quebec. All samples will be sent free, by mail.

Applicants must give particulars in regard to the soil on their farms, and some account of their experiences with such kinds of grain (or potatoes) as they have grown, so that a promising sort for their conditions may be selected.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. Applications on any kind of printed form cannot be accepted. If two or more samples are asked for in the same letter only one will be sent.

As the supply of seed is limited, farmers are advised to apply early; but the applications will not necessarily be filled in the exact order in which they are received. Preference will always be given to the most thoughtful and explicit requests. Applications received after the end of January will probably be too late.

All applications for grain (and application for potatoes) should be addressed to the Dominion Cerealists, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications for potatoes from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest Branch Experimental Farm in that province. J. H. Grisdale, Director Dominion Experimental Farms.

WHY THE YOUTH'S COMPANION SHOULD BE IN EVERY FAMILY

Because it is unusual, and no other source can supply the same kind of reading. The fact and fiction are novel, and every line is fit to read aloud. A year of The Youth's Companion as it is to-day is of inestimable entertainment and benefit to the family. In quantity, it provides more than any other American monthly periodical—and is the more appreciated because it comes fifty-two times a year instead of twelve.

The Companion as it is to-day, enlarged, and broadened in scope, including the Family Page, the Boys' Page, and the Girls' Page as departments, with eight splendid serials and 250 shorter stories, its accurate and impartial editorials, Science and Current Events, makes a volume of matter that touches every genuine interest of the family.

So carefully it is edited, so varied is its contents, that a family would be well supplied with entertaining fiction, up-to-date information and wholesome fun, if no other periodical entered the house.

If you are not familiar with The Companion as it is to-day, let us send you sample copies containing chapters from Frank Lillie Pollock's great Canadian serial, "The Timber Treasure," and the Announcement for 1914.

New subscribers who send \$2.25 for the fifty-two issues of 1914 will receive free the remaining issues of 1913, and a copy of The Practical Home Calendar in addition.

The Youth's Companion, 144 Berkeley St., Boston, Mass. New subscriptions received at this office.

TROUBLES OF A PREACHER

"The preacher has a hard time. If his hair is grey, he is old. If he is a young man, he hasn't had experience. If he has ten children, he has too many. If he has none, he should have and isn't setting a good example. If his wife sings in the choir, she is presuming. If she doesn't, she isn't interested in her husband's work. If a preacher reads from notes, he is a bore. If he stays at home in his study, he does not mix enough with the people. If he is seen around on the streets, he ought to be at home getting up a good sermon. If he calls on some very poor family, he is playing to the gallery. If he calls at the home of the rich, he is an aristocrat. Whatever he does, someone could have told him how to do better. He has a fine time living off donations which never come in and promises that never mature. Next to being an editor, it is the most awful life."

HOME BUTTER MAKING

Market reports invariably quote creamery butter higher than dairy butter which is the designation given to that which is made on the farm. It is unfortunate that circumstances at times made it impracticable for dairy farmers to patronize a creamery. When this can be done, not only are the profits, as a rule, increased, but much hard work is taken away from the overburdened members of the family.

There is no good reason why butter made in the home dairy should not be just as fine as that made in a creamery where cream produced under all manner of conditions has to be made up. All that is necessary is the carrying out of a well established system in feeding the cows, caring for the milk and cream and the churning and putting up of the butter. In order to teach the proper method of carrying out these various operations, there has been prepared, under the directions of the Dairy and Cold Storage Commissioner at Ottawa, a bulletin entitled "Buttermaking on the farm," written by Dr. Geo. H. Barr, Chief of the Dairy Division.

This work, which may be secured free from the Publications Branch of the Department of Agriculture, explains the common defects of dairy butter as well as the conditions that are necessary to produce fine flavored cream. It then deals with churning, washing, salting, working and packing butter, and considers the modern necessary utensils and their care. These are shown in clear illustrations.

This bulletin, which is No. 17 of the Dairy and Cold Storage series, concludes with the following recommendations: "Keep good cows, feed them liberally, keep them comfortable and clean when in the stable, skim a rich cream and keep it cool, churn at a temperature that will give a flaky granule in the butter; use clean, pure water for washing butter not more than three degrees colder or warmer than the buttermilk. Put the butter up in neat, clean attractive packages, and keep everything in and about the dairy clean and attractive."

THE GOOD ROADS

The report of the Good Roads Commissioners was fully discussed at the meeting of the Counties Council last week. Work done in Rear Yonge and Escott was reported as follows:

"On road No. 11, one mile has been macadamized—from the Athens boundary west, at a cost of \$788.56. This road was not rolled as the rollers were otherwise engaged."

In the village of Kemptonville good roads to the value of \$4093.83 had been constructed.

The expenditure in the town of Gananoque amounted to \$2,790.61.

In the villages of Westport and Athens the expenditure amounted to \$3000.00. And why were the villages neglected? Well, as far as Westport is concerned, Mr. Sanderson said that where work had been apparently overlooked in the villages was due entirely to a shortage of rollers. The commission only had three in use and not one of them was employed conveniently to Westport throughout the season. Otherwise Westport would have due attention.

The report was first objected to by Mr. Britton on the ground of lack of details, but he was later satisfied in a measure and the report was adopted.

A CONSERVATIVE VIEW

Mr. N. W. Rowell has set contrary rumors at rest by unequivocally reiterating his intention, as leader of the Ontario Opposition, to stand by the policy of "Abolish the Bar." What ever may be said of a considerable percentage of his following, we see no reason to question Mr. Rowell's sincerity, or to doubt his steadfastness. Unless the Whitney Government is prepared to announce, in continuation of the excellent measures it has already given the country, a further forward movement in the direction of temperance, the issue will inevitably be raised between the two parties, before the next general election, with, no doubt, a new alignment of electors, according to their views on this question. For our part, we have no doubt temperance Conservatives will find their faith in Sir James Whitney and his colleagues on this all-important issue vindicated and that next session will see legislation not only foreshadowed but introduced which will justify the confidence of temperance Conservatives and the Province at large in the present Government. But action is imperative. —Orillia Packet (Cons.)

WONDERFUL VALUE

The best dollar's worth offered today is a year's subscription to The Family Herald and Weekly Star of Montreal. Any home not now receiving that paper is missing a treat for every member of the family—from grandfather or father down to the youngest tot. Try it for a year and you will be convinced. The Publishers will refund your money if you are not satisfied. It is certainly worth your while to try it for one year.
