

Sabbath School Library Books

AT HALF-PRICE

YOU know books become soiled and marred from handling, and yet are just as good as bright new copies. We have on hand just now quite a variety of this sort, and desire to clear them out at once, to make room for other stock. We do not make a list of this stock; it is too varied, and not enough of any one volume. The assortment is good—

EVERY BOOK APPROVED

We will make you up a selection and send it **ON APPROVAL** if you are in the market for a bargain; books that we sell right along at one-third off, in this lot at

FIFTY OFF

Just send a catalogue of what you have in the library now, say what grade of readers you want books for, and how much you want to spend, and we will send on approval a carefully chosen and well-assorted selection of these books.

Remember the discount is **FIFTY PER CENT.** and that the books are sent **ON APPROVAL.**

As the best books will be picked up first, we advise you to send an early order.

Our stock of Library Books is the largest in Canada, Sabbath School Library Committees are invited to correspond with us before purchasing.

WILLIAM BRIGGS, 29-33 RICHMOND ST. W.
TORONTO

University of Toronto

FACULTY OF MEDICINE

THE regular course of instruction consists of Four Sessions, of eight months each, commencing October 3rd. There is a distinct and separate course for each of the four years.

The degrees conferred by the University of Toronto in Medicine are Bachelor of Medicine (M.B.), and Doctor of Medicine (M.D.). Students may take a combined course in Arts and Medicine if they wish to do so. Arts students who are taking the Honor course in Natural Science are able to fulfil the requirements of the primary work in medicine during their final years in Arts, and thus it is possible to obtain the degrees of B.A. and M.B. upon six years' University training.

Attention is directed to the efficient equipment of the University laboratories for instruction in the practical subjects of the Medical curriculum. The new building of the Medical Faculty has just been completed at a cost of \$175,000.00, in the Queen's Park, and affords extensive laboratory accommodation for Pathology and Physiology which is unsurpassed. The lectures in the final subjects are also delivered in the new lecture theatres. Instruction in the other subjects of the medical course are taught in the various science laboratories and lecture rooms of the University.

To meet the requirements of the Ontario Medical Council, a course of instruction is conducted during a Fifth year. This is entirely optional as far as the University of Toronto is concerned.

Clinical teaching is given in the Toronto General Hospital, Burnside Lying-in Hospital, St. Michael's Hospital, Hospital for Sick Children, and other medical charities of Toronto.

There are special research scholarships offered to graduates in Medicine, and every opportunity is now offered for scientific research work in any of the various laboratories of the University, under the direct supervision of the Professor in charge.

The Faculty provide three medals for the graduating class (one gold and two silver). There are also scholarships available for undergraduates in the First and Second years: these are awarded to the candidates on the results of the annual examinations.

Further information regarding scholarships, medals, etc., may be obtained from the Calendar, or on application to the Secretary.

R. A. REEVE, B.A., M.D.,
DEAN.

A. PRUITT, M.B. C.M.
