Rachel Pratt.  
 Small-town girl  
 out to conquer the big city.  
 Pick the winner.

**The city**

Large cities may not be for everyone. But to Rachel there's no place more exciting or richer with opportunities.

Maybe she is a little starry-eyed, but Rachel has a far more worrisome problem. She's on a social merry-go-round.

Her day isn't complete unless she joins her friends for some pub-crawling after work. Much too often, pubs lead to parties. She's getting too little sleep, eating poorly, and her boss now regrets hiring her.

Rachel thinks it's all a great adventure. She forgets why she first came to the city. Truth is, unless she wises up and backs away soon, small-town girl may very well wind up big-city loser.

**Rachel**

Large cities may not be for everyone. But to Rachel there's no place more exciting or richer with opportunities.

Maybe she is a little starry-eyed, but fortunately for Rachel, she's a realist as well.

She's made some wise choices, including her decision on drinking. Not too often, not too much, is Rachel's motto. That goes for beer, wine or spirits, no matter where she is or with whom.

The interesting thing is, her moderate lifestyle hasn't made Rachel less popular. Nor has it made the city a less exciting place. It's just making her stronger. Strong enough to win.
