Jack Daniel Distillery Named a National Historic Place by the United States Government

AT THE JACK DANIEL DISTILLERY, you can taste for yourself why our whiskey is so uncommonly smooth.

Iron-free, from an underground spring

As soon as you sip the water we use, you can tell it's something special. That's because it flows, pure and iron-free, from a limestone spring located deep under the ground.

At Jack Daniel Distillery, we've used this iron-free water since our founder settled here in 1866. Once you try our whiskey, we believe, you'll know why we always will.
