In the first two games of last Wednesday, Sophomore Engineers downed Intermediate Engineers 49-38, while Junior Engineers trimmed Senior Engineers 52-34.

The Sophs, had little trouble with their fourth-year cousins, as Camp-bell led the winners through the opponents' defence. The scoring on both teams was well spread out, but although the losers never quit driving at any time, they were un-able to cope with the height and speed of the victors.
