disgrace to Britain when Canada took over part of her front line, so it will be no disgrace to Canada if the United States takes over part of Canada's first line.

I am strongly in favour of Sir Wilfrid as the leader of the Party, and with regard to other matters I am in accord with the Party, and will stand or fall in my County on that policy.

I have sent out a number of letters to my constituents to ascertain their opinions. About 50 per cent of the replies are against conscription, and 50 per cent in favour of conscription. About 100 per cent are against the Government. I agree with the views expressed by Mr. Graham and Mr. Pardee. I think Sir Wilfrid should pledge himself to form a national government, I also believe that a national inventory should be taken and I consider that a strong shipbuilding policy is necessary.

The present Government has made a mess of it, and further efforts in that direction cannot be entrusted to them, nor do I believe in their professions about honest enforcement of selective conscription. I am against a coalition and I favour an election. There is only one leader for the Liberal Party, and that is Sir Wilfrid Laurier.

CANDIDATE PETCH (Peel)
