Ottawa, 30th January, 1917.

Sir,

With reference to your letter of the 18th instant, I re-
cognize the amount of \$22.00 rendered by Nurse Phillips
for services to the case of Margaret who was ill at Pelly. Kind
advise the amount of the amount at which you consider it should
be paid. If you are of the opinion that the charges made are
not fair, you should return the case before you return it. When
it is returned, the matter of payment will be given prompt con-
sideration.

Very obedient servant,

Act. Supply and Secretary.
