

no evidence has been produced to show that the necks were actually 7 quote "Edn mit necks"

No qualified evidence has been produced to show that the death of Gen & D. Karpuk was as a result of the accident, nor that he was actually pronounced dead by any qualified Doctor which is necessary to prove death, nor that he was identified until some considerable time after the accident when the continuity had been broken.

The prosecution has brought your attention to the fact that the witness Gene & D. Karpuk wears glasses, may I remind the court that the purpose of glasses is to correct vision not to hamper it.

I quote negligence as defined in A.D. Sec 40 on page 457 as amended. quote — unquote. In view of this and the evidence the court has no alternative but to bring in a finding of not guilty on the first and only charge.

R. S. Stewart Capt.
