

DR. FOWLER'S EXTRACT OF WILD STRAWBERRY

Known for nearly forty years as a positive cure for all Bowel Complaints ; always reliable as a cure for Cholera, Cholera Morbus, Colic, Cholera Infantum, Diarrhœa, Dysentery and all Fluxes and Summer Complaints of children or adults.

It is safe, reliable, natural and effective, and is now more popular and better appreciated than ever, giving complete satisfaction wherever fairly tested.

Nothing so Precious.

DEAR SIRs,—I can tell you I would probably have been in my grave to-day if I had not got Dr. Fowler's Extract of Wild Strawberry. Three years ago I became very weak, and everything I ate seemed to pass right through me. The doctor did what he could, but could only stop it for a little while. I tried all the remedies I could think of until I came to Canada and heard about Wild Strawberry. That is about a year ago. I used four bottles altogether and have not had the bowel complaint since. I would not be without the Extract for anything, as I think there is nothing so precious.

MRS. ANSON HANNON,
Mount Albion, Ont.

Suddenly Prostrated.

GENTLEMEN,—I was severely prostrated while at work by a severe attack of cholera morbus. We sent at once for the doctor, but he seemed unable to help. We succeeded in stopping the vomiting, but an evacuation every forty minutes was fast wearing me out, when we sent for a bottle of Wild Strawberry, which saved my life.

MRS. J. N. VAN NATTER,
Mount Brydges, Ont.

It Saved His Life.

GENTLEMEN,—I can recommend Dr. Fowler's Extract of Wild Strawberry, for it saved my life when I was about six months old. We have used it in our family when required ever since, and it never fails to cure all summer complaints. I am now fourteen years of age.

FRANCIS WALSH,
Dalkeith, Ont.
