Clean your Barn in a Jiffy

No More Back-Breaking Work

No more heavy wheeling through muddy yards with wheelbarrow loads of manure. No more heavy lifting. The BT Manure Carrier has abolished all that. It has taken all the drudgery out of stable cleaning. It runs on a level overhead track behind the stalls in the barn, and takes out half-a-ton of manure at a time. All the weight comes on the track so that a boy can push out the biggest load and dump it in the wagon or on the pile in a jiffy.

The BT Manure Carrier

It makes stable cleaning a pleasure. It saves more time and hard work than any other implement on the farm, and pays back its cost long before the first winter is over.

Send the coupon for our Free Illustrated Book, No. 22, which gives complete information about this easy method of stable cleaning.

Learn all the facts now. Now's the time to investigate before winter sets in, when the cows will be in the barn, and stable cleaning will

be a tedious job without the BT Manure Carrier to help you.

Learn how easily the track is erected, how easily it can be bent around curves and by means of patent switches run into any part of the barn.

Read in the free book how the carrier can be run out along a swing pole, and the manure dumped a long distance from the barn.

You owe it to yourself to find out all about this wonderful work-saver. It will not cost anything to get the book.

Get this Free Book Now

Every farmer who keeps cows ought to read this book. Send for it, and also let us tell you the low cost of putting the BT Manure Carrier Outfit in your barn. Simply fill in and mail the coupon.
