

FAIRBANKS-MORSE

Improved Skidded and Portable Evaporator Tank

GASOLINE ENGINES

These engines are built along the same lines as our Fairbanks-Morse Standard Horizontal Engines, with the exception that our improved Cast Iron Evaporator Tank is cast on top of cylinder, as shown in illustration.

No cooling tank is required, thus overcoming the difficulty of carrying the usual great volume of water. The lubrication difficulties of Air-cooled Engines are overcome in the above, there is very little water in the tank to take off by drain in the cold weather, thus saving time and trouble, and there is no water pump to freeze up. We provide a shield to prevent water slashing out of the Hopper Jacket.

The skidded engine is a very desirable outfit where it is necessary to move the engine, providing a means whereby the engine can be drawn about on its iron-shod runners, or can be placed on a farm truck or a bob-sled.

The engine itself is Fairbanks-Morse in every respect, and ensures to the customers the best there is in Gasoline Engine construction.

Send for our FREE CATALOGUE GE 102, showing our full line of Fairbanks-Morse Vertical and Horizontal Gasoline Engines and Machinery for farm work. It means money saved for you. Write to-day.

Send No Money Until You've Seen and Become Convinced this **STEEL WATER TROUGH** is Indispensable

Up-to-date farmers are replacing their unsanitary wooden water troughs with our sanitary **STEEL WATER TROUGHS**. You will do the same once you have become convinced of the superiority of our **STEEL TROUGHS**. So we ask you to mail us your name and address. Then we will send you one of our **STEEL TROUGHS** entirely at our expense. You don't pay us a cent until you are sure our **STEEL TROUGH** is simply indispensable to you. That's surely a square deal?

Our **STEEL TROUGHS** are the only absolutely sanitary water troughs. No corners or cracks for dirt to accumulate or germs to breed. Serious diseases, resulting in loss of cattle, are often caused from unsanitary conditions of wooden drinking troughs. Our troughs are made of heavy sheet steel, and extra heavily galvanized. Will not leak. Cannot rust. Nothing breakable. Nothing that will require repairs. Cattle cannot gnaw them. Practically everlasting. Shall we send our booklet giving full description? Better still, tell us to send the trough to you at our expense. Address: Dept. W.

The Steel Trough and Machine Co., Limited, Tweed, Ont.

Look After Your Maple Grove Equipments

It will only be a short time before maple-syrup making. Are you ready? If not, write us for our catalogue. We can interest anyone who wishes to be on top making high-grade syrup that will bring more money. We make the

TRAIN FOR BUSINESS

We give you at your own home a thoroughly practical course in Bookkeeping and Business Practice. This teaches you not only how to keep an ordinary set of books (single and double entry, joint-stock companies, special journal and cash book, etc.), but also instructs you in the proper forms of business papers and in business methods.

In addition to this, our Commercial Course trains you to calculate rapidly and correctly; to write a concise, bright business letter; teaches you a good legible style of penmanship, and gives a full grasp of the principles of commercial law as applied to everyday business. In short, it fits you for a business position.

Complete outfit and supplies free of charge. Write now for full particulars.

CANADIAN CORRESPONDENCE COLLEGE LIMITED

ADDRESS: DEPT. E., TORONTO, CAN.

The "BACON"

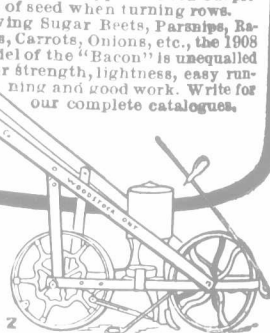

Seed Drills and Cultivators

The only Rear-Wheel Driven Seed Drill on the market. The feed in the "Bacon" handles seed without bruising or breaking, and seeds evenly to the last seed. Machine instantly converted from a regular seed sower into a hill dropper. Feed Cut prevents waste of seed when turning rows.

For sowing Sugar Beets, Parsnips, Radishes, Carrots, Onions, etc., the 1908 model of the "Bacon" is unequalled for strength, lightness, easy running and good work. Write for our complete catalogue.
